STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Eric Schilling
(Place of Appropriation) of Fallon
(Address) (Town)

County of Beaver State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Horse Ranch

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1936 - Continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 12 gph

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric submersible pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: August 1936

8. The depth of water table: 187 ft

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Multiflo monitors - 2 inch capacity

10. The estimated amount of groundwater withdrawn each year: 36,920 gals

11. The log of formations encountered in the drilling of each well if available: unavailable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Eric Schilling
Date: Dec 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 23, Montana Session Laws, 1961)

I, [Name of Appropriator], of Box 560, Miles City, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator ____________________________
   (Address) ________________________________________
   (Town) __________________________________________
   County __________________________ State of Montana

2. The beneficial use on which the claim is based ________________
   Livestock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been ________________
   1946 - continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute) ________________
   3 gal./min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof ________________

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal ________________
   Windmill - Plotted on Secs. 1

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater ________________
   1946

8. The depth of water table ________________
   Unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater ________________
   Standard 40 casing - windmill

10. The estimated amount of groundwater withdrawn each year ________________
    1,500,000

11. The log of formations encountered in the drilling of each well if available ________________
    Not Available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record ________________

Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner: Henry Gebb

Date well started: 5/31/68

Date completed: 6/20/68

Driller: Joe Johnson Drilling

Address: Terry, Mont.

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well

Shut-in Pressure for Flowing Well

Pumping Water Level

Discharge in gal. per min. of flowing well

How Tested

Length of Test

Remarks: (Gravel packing, cementing, packers, type of shutoff). Cemented at 300' with 17 wraps of cement.

USE—If used for irrigation, industrial, drainage or other. Explains state number of acres and location or other data (i.e.: Lot, Block and Addition).

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Driller's Signature: Joe Johnson

Driller's License Number: 1190

Date: 6/20/68

County: Prairie

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. **Date or approximate date of earliest beneficial use; and how continuous the use has been.**
   - April 1939

2. **The beneficial use on which the claim is based.**
   - Stock watering

3. **The amount of groundwater claimed (in miner's inches or gallons per minute).**
   - 110 gallons

4. **If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof.**
   - [Diagram]

5. **The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.**
   - Flooding

6. **The date of commencement and completion of the contract for the withdrawal of groundwater.**
   - April 15, 1939 - April 1939 completed

7. **The depth of water table.**
   - 320 ft.

8. **So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.**
   - Drilled, 200 ft.

9. **The estimated amount of groundwater withdrawn each year.**
   - 52.5,600 gallons

10. **The log of formations encountered in the drilling of each well if available.**
    - Not available

11. **Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.**

**Signature of Owner**

*Date: Feb. 15, 1963*

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Approp. 6739

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. David Zipper
   (Name of Appropriator)
of Fallow
   (Address)
   (Town)
   County Prairie
   State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: House or livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   April 1947 to April 1947

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   50 gal.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 50

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Electric, at home

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   March 1947 to April 1947

8. The depth of water table: 150

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   1 1/4 pipe, 64 ft. depth, 6 ft. drilled

10. The estimated amount of groundwater withdrawn each year:
    10,800 gal.

11. The log of formations encountered in the drilling of each well if available:
    Depth of well 118 ft. The water is 57 ft. down from the top of casing

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of owner: David Zipper
Date: Dec 20, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines; quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. **David Stahl**, (Address) **Jelly**, (Town)
   County of **Prairie**, State of **Montana**
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:

3. Date or approximate date of earliest beneficial use and how continuous the use has been: 1943

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 4 gpm

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1943

8. The depth of water table: 1200 - 1275

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   Drilled - Depth - 21 ft - 1875 ft

10. The estimated amount of groundwater withdrawn each year: 4,730,400 gallons

11. The logs or formations encountered in the drilling of each well, if available:
   **Gmerce Spotted Formations**

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   **Signatures of Owner:**
   **David Stahl**

   **Date:** Dec 23, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropiiator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Alvin Stickel, of Fallon
County: State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stick

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Dec. 3, 1953

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Artisan

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Artisan, artesian

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1953

8. The depth of water table: 100 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Well, artesian, 100 ft.

10. The estimated amount of groundwater withdrawn each year: 15,000 gal.

11. The log of formations encountered in the drilling of each well, if available: 470 to 500 ft, clay

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Written off from the drafter.

Signature of Owner: Alvin Stickel

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been...

4. The amount of groundwater claimed (in millions of inches or gallons per minute) 10 gallon minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table...

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year...

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

Stock Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

7-2-50

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

20 Gallons per minute

5. If used for irrigation, give the screen and description of the lands to which water has been applied and name of the owner thereof

None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

Flowing well

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

July 1st to July 30th, 1950

8. The depth of water table

200 Feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

6 inch hole, 2 inch casing

10. The estimated amount of groundwater withdrawn each year

Unknown

11. The log of formations encountered in the drilling of each well if available

Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

County: PRAIRIE  Twp.: 12N  Rge.: 56E
Notice of Completion of Groundwater Appropriation by Means of Well

DEVELOPED AFTER JANUARY 1, 1968
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Bureau of Land Management
Address: Miles City, Montana

File No: RECEIVED T_JO R_._*J JL

Date of Notice of appropriation of groundwater: N/A

Date well started: 7/22/67

Date completed: 7/22/67

Type of well: Drilled

Equipment used: Cable tool

(Dug, driven, bored or drilled) (Churn drill, rotary or other)

Water use: Domestic □ Municipal □ Stock □ Irrigation □

Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well

Shut-in Pressure for Flowing Well: N/A

Pumping Water Level: 107 feet

Discharge in gal. per min. of flowing well: N/A

How Tested: Bailing

Length of Test: 1 hr.

Remarks: (Gravel packing, cementing, packers, type of cutoff): N/A

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

Show exact depth of bottom.

Lund Well (M3-E-2288)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tins copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
