have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based is continuous use of groundwater since 1926.

2. Date or approximate date of earliest beneficial use, and how continuous use has been continuous since 1926 for domestic or irrigation purposes.

3. The amount of groundwater claimed (in miner's inches or gallons per minute), 12 gals. per minute.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied, name of the owner thereof.

5. Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

6. The mode of withdrawing water, source from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater, 1926.

8. The depth of water table is now approximately 31 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year, 190,000 gals.

11. The log of formations encountered in the drilling of each well if available, none.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner

Date 12/26/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
