STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

RECEIVED
DEC 30 1963

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961) STATE ENGINEER

1. W. Glenn Kirscher, of Rt. 2 Stevensville
(Name of Appropriator) (Address) (Town)
County of Paraville State of Mont.
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

N.W. 1/4 NE Sec. 27 T. 8 R. 20 W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based Essential to domestic

3. Date or approximate date of earliest beneficial use; and how continuous the use has been Prior to 1890
Continuous use

4. The amount of groundwater claimed (in miner's inches or gallons per minute) No. 2 pump - 720 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Means of withdrawal - No. 2 aug. well - 24 ft deep - set type pump, adjacent to farm building

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater exact date not available

8. The depth of water table 15 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater No. 2 Aug. well - 24 ft deep

10. The estimated amount of groundwater withdrawn each year 700,000 gals

11. The log of formations encountered in the drilling of each well if available not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record not known

Signature of Owner W. Glenn Kirscher

Date Dec. 26, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater 1940

Weigand

Owner Samuel & Millie / Address Stevensville, Mont.

Contractor (if any) None

Address of Contractor

Date Started Date Completed

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. springs - natural process.

Springs arise along a stretch of about 500 feet, and come together in a ditch, about 1 foot deep and about 1 1/2 feet wide.

E 1/4 SW 1/4 Sec. 28 T. 8 N. R. 20 W

Indicate point of appropriation and place of use, if possible.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent

estimate approximate lengths of periods of use. Used year

around for stock water - and natural irrigation of lands between springs and Bitter Root River.

About 40 miners inches of water running during summer and about 20 miners inches in the winter.

Signature of Owner

STATE ENGINEER

1. Halbert L. and Elsie Varner, of Victor, (Name of Appropriator) (Address) (Town)

County of Ravalli State of Montana have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NE 1/4 NW 1/4 Sec 30 T. 8N. R. 20W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based Domestic, irrigation and stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been about 1939

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 6 gallons

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof 1 acre in SE corner of N 1/2 NW 1/4 of Section 30, T. 8 N., R. 20 W., Halbert L. Varner and Elsie L. Varner.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal driven well with electric pump 40 feet deep 1 3/4 inch diameter

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater about 1939

8. The depth of water table 4 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater 40 foot well 1 3/4 inch in diameter

10. The estimated amount of groundwater withdrawn each year 1,500,000 gallons per year

11. The log of formations encountered in the drilling of each well if available not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record none

Signature of Owner Halbert L. Varner Elsie Varner

Date 12-30-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

STATE ENGINEER

1. Francis W. and Greeta D. Miller of Box 174 Victor
(Name of Appropriator) (Address) (Town)

County of Ravalli State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NE 1/4 SE Sec. 30. T. 8 N. R. 20 W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 2. The beneficial use on which the claim is based domestic and stock water and irrigation water
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been since prior to 1913
- 4. The amount of groundwater claimed (in miner's inches or gallons per minute) 20 gallons per minute
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal driven casing well and 3/4 horsepower electric pump presently, other methods used in the past
- 7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater since prior to 1913; latest well constructed and completed about 1960
- 8. The depth of water table approximately 20 feet
- 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater the present well is a driven casing well, 3 inch size and about 30 feet in depth
- 10. The estimated amount of groundwater withdrawn each year 4 Million gallons
- 11. The log of formations encountered in the drilling of each well if available not known; this is a driven well
- 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record This well has been used since about 1913, but has been replaced or improved from time to time with the last replacement being in 1960.

Developed After January 1, 1962

(Under Chapter 237, Montana Session Laws, 1961, as amended)

This form to be prepared by contractor (if any), otherwise by the owner.
Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.
Please answer all questions. If not applicable, so state, otherwise the form may be returned.

For Administrator's Use

File 6026
6-29-73

GW 1 2-12 p.m.

Owner Harold D. & Marilee M. Marshall
Address Box 269 Hamilton, MT 59840

Contractor (if any) _____
Address of Contractor _____

Date Started 6-5-73 Date Completed 6-8-73

1. Describe means of obtaining groundwater (as by sub-irrigation, developed spring, drains, etc.) An unusual flowing creek, partially spring fed - partially a leak from lower Sweethouse Creek

Lots 4 & 5 Wildwood Park Acres
S.E. 1/4 NE 1/4 Sec. 30
T. 8 N. R. 20 W.

2. Means of withdrawing water (gravity, pump, canal, etc.) By pump for the higher parts, by gravity for the lower portion. Gravity take-out is about 300 feet down stream from pump

3. Depth of water table 12 feet

4. Use of the water Irrigation

5. Amount of groundwater claimed (in miner's inches or gallons per minute) 100 gal/min

6. If used for irrigation, give number of acres and description of land 5.85. About 1 acre yard and garden; remainder grass and alfalfa.

7. Estimate amount of water used each year 20-30 acre feet

8. Months of year spring flows 9

INDICATE POINT OF APPROPRIATION AND PLACE OF USE, IF POSSIBLE.
Elevation of spring, if known or estimated _____

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. B.F. Lancaster (Name of Appropriator) of PLEAS (Address) Victor MONT. (Town)

County of Ravalli, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 Sec. 30, T. 8, R. 20.
Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 2. The beneficial use on which the claim is based House use stock water irrigation lawn & g.
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1910 continuous
- 4. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gals per minute
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof 1/2 acre part of land owned by Lancaster
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Shallow well pump 1/2 to 1'

- 7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Never 1910 commenced. Permitted in 50' drilled well 30" 4" casing
- 8. The depth of water table 30" to 29'
- 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Drilled 4" casing 30 feet deep pump 1/2" intake filter shallow well pump
- 10. The estimated amount of groundwater withdrawn each year 10000 gals
- 11. The log of formations encountered in the drilling of each well if available Gravel clay sand. No log of formations
- 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner B.F. Lancaster
Date Dec 22-62

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.
