Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

T. W. Weigand and Millie Weigand, of Stevensville

County of Ravalli State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: 

3. Date or approximate date of earliest beneficial use: 

   about 1915 or before

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 

   50 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   pipe and electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 

   Unknown

8. The depth of water table: 

   7 to 10 feet, approximately

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 

   standard water pipe and pump with foot valve.

   Well cased with rock

10. The estimated amount of groundwater withdrawn each year: 

    180,000 gallons

11. The log of formations encountered in drilling of each well if available: 

    Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: T. W. Weigand

Date: December 15, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropiatar.
I certify that I received and filed the instrument on this 15th day of Dec., 1965, at 2:20 P.M.

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater... 1940

Weigand

Owner. Samuel & Millie Address Stevensville, Mont.

Contractor (if any) None

Address of Contractor

Date Started Date Completed

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Springs - natural process.

Springs arise along a stretch of about 500 feet, and come together in a ditch, about 1 foot deep and about 1½ feet wide.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. Used year

around for stock water - and natural irrigation of lands between springs and Bitter Root River.

About 40 miners inches of water running during summer and about 20 miners inches in the winter.

Signature of Owner

Date December 15, 1965

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
I certify that I received and filed this instrument on this 15th day of Dec., 19, at 2:12 P.M.

Drilled Well

Equipment used: Churn Drill

Type of well: Drilled Well (Dug, driven, bored or drilled)

Water use: Domestic □ Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well

Shut-in Pressure for Flowing Well

Pumping Water Level: 15.5 feet at gal. per minute.

Discharge in gal. per min. of flowing well

How Tested: Superman

Length of Test: 14 hours.

Remarks: (Gravel packing, cementing, packers, type of shutoff)

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

   (Name of Appropriator) (Address) (Town)

   County of Ravalli State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Domestic, irrigation and stock water.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: about 1939.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 6 gallons.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 1 acre in SW corner of NW1/4NW1/4 of Section 30, T 8 N, R 20 W. Halbert L. Warner and Elsie L. Warner.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: driven well with electric pump-40-foot deep-1 3/4-inch diameter.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: about 1939.

   8. The depth of water table: 4 feet.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 40-foot well-1 3/4-inch-in-diameter.

   10. The estimated amount of groundwater withdrawn each year: 1,500,000 gallons per year.

   11. The log of formations encountered in the drilling of each well if available: not available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none.

   Signature of Owner: Elsie Warner
   Date: 12-30-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

## Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Francis W. and Greta D. Miller, of Box 174, Victor, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

<table>
<thead>
<tr>
<th>NE</th>
<th>Sec. 3A</th>
<th>T. 8 N. R. 20 W.</th>
</tr>
</thead>
</table>

2. The beneficial use on which the claim is based: domestic and livestock water and irrigation water.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since prior to 1913.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 20 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: driven well and 3/4 horsepower electric pump.

7. The date of commencement and completion of the construction of the well, or other works for withdrawal of groundwater: since prior to 1913; latest well constructed and completed about 1960.

8. The depth of water table: approximately 20 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: the present well is a driven casing well, 3-inch size and about 30 feet in depth.

10. The estimated amount of groundwater withdrawn each year: 4 Million gallons.

11. The log of formations encountered in the drilling of each well if available: not known; this is a driven well.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: This well has been used since about 1913, but has been replaced or improved from time to time with the last replacement being in 1960.

Signature of Owner: Francis W. Miller

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Francis W. and Greta D. Miller, of Box 174, Victor, Montana
   (Name of Appropriator) (Address) (Town)

   County of Ravalli, State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   - The beneficial use on which the claim is based: stock and irrigation water
   - The date or approximate date of earliest beneficial use: approximately 1952
   - The amount of groundwater claimed (in miner's inches or gallons per minute): 40 miner's inches
   - If used for irrigation, give this acreage and description of the lands to which water has been applied and name of the owner thereof: shallow well and pond dredged out with dragline
   - The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: construction completed in the spring of 1952
   - The depth of water table: approximately 10 feet
   - So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: small pond dug out with dragline, size about 40 feet in diameter and depth about 15 feet from which 2 inch pipe is pumped with 5 horsepower motor
   - The estimated amount of groundwater withdrawn each year: approximately 20 million gallons
   - The log of formations encountered in the drilling of each well if available: sand and gravel
   - Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: this is a low place dug down about 15 feet lower to make a pond for pumping of irrigation water

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. B.F. Lancaster (Name of Appropriator) of #411 Victor (Address) in town of Victor, Ravalli County, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: House use, Stock water, Irrigation, Lawning

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1910 - Continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute):

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: B.F. Lancaster
Date: Dec. 22, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.
