STATE OF MONTANA ADMINISTRATOR OF GROUNDWATER CODE OFFICE OF STATE ENGINEER RECEIVED

DEC 26 1963

Notice of Completion of Groundwater Appropriation by Means of Well ENGINEER

(Under Chapter 237, Montana Session Laws, 1961)

Owner Judith Baruth Address Victor Mont Driller Bill Anderson Address R#1 Box 512 Hamlet

Date of Notice of Appropriation of Groundwater

Date well started Oct 8-63 Date Completed Oct 10-63

Type of well drilled Equipment Used churn drill (dug, driven, bored or drilled) (Churn, drill, rotary or other)

Water Use: Domestic (X) Municipal () Stock () Irrigation () Industrial () Drainage () Other ()

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

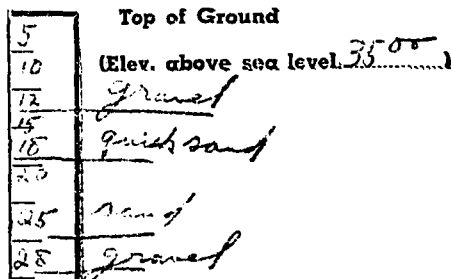

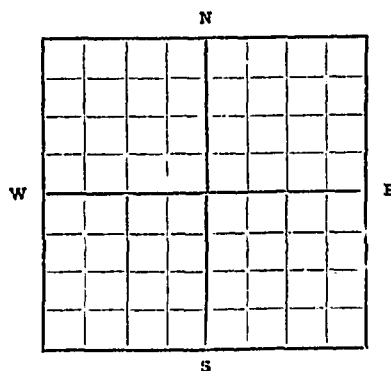

Table with columns: Size of Drilled Hole (4 in), Size and Weight of Casing (9 1/2 pound 4 in), From (Feet) (0), To (Feet) (28), PERFORATIONS (Kind Size, From (Feet), To (Feet)).

1/4 Sec 30 T R Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom Lots 25 & 26, Blk. 8, Victor

Static Water Level for non-flowing Well 8 feet.

Shut-in Pressure for Flowing Well

Pumping Water Level 1.0 feet at 1.0 gal. per minute.

Discharge in gal., per min. of flowing well 15 gal per min

How Tested loader Length of Test 1 hr

Remarks: (Gravel) packing, cementing, packers, type of shutoff, Location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

33 Driller's License Number Bill Anderson Driller's Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

RECEIVED
JAN 17 1964

1. W. E. Brown, of P.O. box 33 Victor
(Name of Appropriator) (Address) (Town)
County of Ravalli State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

This property consists of 20 city lots in blocks 22 and 24 in Victor, Ravalli

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 2. The beneficial use on which the claim is based # one well household and irrigation use, # 2, # 3, irrigation
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been # 2 well dug in 1889 # 1 well drilled in 1948 # 3 well dug in 1944 # 4 well dug 1959 - all in use thru growing season
- 4. The amount of groundwater claimed, (in miner's inches or gallons per minute) with combined use of centrifugal and jet pumps 200 gallons per minute
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof about 7 acres, garden, berries, lawn and shrubs, Mrs. and Mrs. W. E. Brown
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal by use of both gas and electric pumps
- 7. The date of commencement and completion of the construction of the well, wells, or other drawal of groundwater # 2 well in use since 1889, # 1 well in use since 1948, # 3 well in use since 1944, # 4 well in use since 1959
- 8. The depth of water table varies from 2 ft to 12 ft. over 12 mo. period
- 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater # 2 well was dug by hand 18 ft. and cased with 8" tile # 1 well drilled 27 ft. and cased with 4 1/2" casing # 3 well dug by hand 12 ft. with 36" concrete casing # 4 well dug by hand about 12 ft. with 36" concrete casing
- 10. The estimated amount of groundwater withdrawn each year 2,800,000 gallons
- 11. The log of formations encountered in the drilling of each well if available. Can't locate log on # 1 well, however formation varies, sand, silt and some blue clay at 12 ft. then 2 ft of sand, then blue clay at 19 ft. followed by sand & gravel with coarse gravel at 26 ft.
- 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. I know of no other record

W. E. Brown
Signature of Owner W. E. Brown

Date 12/30/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

1. O.ville T. and, or Jean T. Buker, of Victor
(Name of Appropriator) (Address) (Town)
County of Paralli State of MONT.
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

Lot 14 and Block 10
Victor Town Site
1/4 Sec. T. R.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based. Home held lawn and garden

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Started 1954 as lawn & garden before I purchased place in 1958

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 1000 per hour

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Law on ground size about 75 x 130' or about 9430 sq ft. O.ville T. Buker & Jean

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. By means of pump only about 100 ft. but next to house, on lot 14

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Well was drilled in 1953 or 1954

8. The depth of water table. In March about 95' In May/June 3'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Drilled well - 4" casing about 31 or 32' deep

10. The estimated amount of groundwater withdrawn each year. 1,460,000 gallons

11. The log of formations encountered in the drilling of each well if available. no available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None

Signature of Owner O.ville T. Buker
Date 12/30, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Carl G. and Amy G. Larson, of Victor
(Name of Appropriator) (Address) (Town)

County of Ravalli State of Mont.
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1/4 Sec. T. R.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based. House water, garden + lawn.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Not available, but no later than 1915. Continuous use since when property was occupied.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 1.5 gal. per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Lts 5, 6, 7, 8, in Block 22 Victor Township.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. electric shallow well pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. not known.

8. The depth of water table. 12 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Dug well 2.5 ft deep, rock lined, shallow well pump.

10. The estimated amount of groundwater withdrawn each year. 100,000 gallons.

11. The log of formations encountered in the drilling of each well if available. Not available.

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

RECEIVED
DEC 31 1963

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Victor Sonnenberg, of Victor
(Name of Appropriator) (Address) (Town)
County of Ravalli State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1/4 Sec. T. R.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

Victor Townsite Block 14

2. The beneficial use on which the claim is based... Home consumption & Irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been... 1910

4. The amount of groundwater claimed (in miner's inches or gallons per minute)... Three million
100 gal per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof... All of Block 18 according to the official townsite of Victor, Montana, now of file at the office of the county clerk and recorder at Hamilton, Mont

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal... 3/4 HP pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater... 1910

8. The depth of water table... 35 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater...

brick tile 35 feet deep

10. The estimated amount of groundwater withdrawn each year... three million

11. The log of formations encountered in the drilling of each well if available... none

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record... none

Signature of Owner Victor Sonnenberg

Date December 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
