Declaration of Vested Groundwater Rights

Under Chapter 237, Montana Session Laws, 1961

1. Raymond H. & Dorris Dell of Stevensville, Mont.

County of Ravalli State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Irrigating

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Not Known (over 40 yrs.)

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Unknown

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 1 Acre surrounding house about 1 Acre

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Not Known

8. The depth of water table: Six ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Thirty seven Ft.

10. The estimated amount of groundwater withdrawn each year: Unknown

11. The log of formations encountered in the drilling of each well if available: Not Available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Unknown

Signature of Owner: Raymond H. Dell
Date: 12/31-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
I certify that I received and filed here 31st day of Dec., 1953, at 1:14 P.M.

**WATER WELL LOG**

**Owner:** Stephen J. Anderson  
**Address:** Stevensville

**Driller:** not known  
**Address:**

**Date Started:** over 30 years ago  
**Date Completed:** 1932 or before

**Location:** Sec. 12, T. 9 N., R. 20 W., 4/4 sec. SE1/4 of SW1/4

**Type of well:** drilled  
**Equipment used:** probably churn drill

**Water use:**  
- Domestic [ ]  
- Municipal [ ]  
- Stock [ ]  
- Irrigation [ ]  
- Industrial [ ]  
- Drainage [ ]  
- Other [ ]

**Casing:**  
- 100 ft. to 70 ft.  
- Type: steel  
- Size: 6 inch

**Perforated or Screened:**  
- 70 ft. to 10 ft.

**Type of screen or perforations:** none known

**Static Water Level:** for non-flowing well:  

**Shut-in pressure, for flowing well:** none  

**Pumping water level:**  
- 50 feet at 100 gal. per min.

**How tested:** with pump

**Length of test:** 4 days

**Remarks:** (Gravel packing, cementing, packers, type of shut-off, depth of shut-off)

Gravel packing. This well was on farm at time of purchase in March, 1961, is very good water and supplies the water for all the livestock, two houses, the lawn and Grade A dairy barn.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   domestic, stock and irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: about 1937; continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 1 second foot or 40 miner's inches

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   approximately 5 acres, NW SW, less County gravel pit; owner: Stephen J. Anderson

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   pump, NW SW in southwest corner

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1937

8. The depth of water table: 40 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: hand-dug, 4 ft. round, rock packed; 20 ft. deep

10. The estimated amount of groundwater withdrawn each year: 200 second feet per year

11. The log of formations encountered in the drilling of each well if available: not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Stephen J. Anderson
Date: December 3, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

DEPUTY
County of Ravalli, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

- The beneficial use on which the claim is based: Domestic, Stock, Water for Sprinkler Irrigation

- Date or approximate date of earliest beneficial use: Jan 1, 1940

- The amount of groundwater claimed (in cubic feet per day): 150,000 cubic feet

- The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: By Electric Submersible Pump

- The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Jan 1940

- The depth of water table: 25 feet

- The estimated amount of groundwater withdrawn each year: 4 ACRES

- The log of formations encountered in the drilling of each well if available: Not Available

Please answer all questions. If not applicable, so state. Otherwise, the form will be returned.
I certify that I received and filed this instrument on this day of Dec. 19, 1937, at 9:16 o'clock A.M.

Henry P. Kanes, of Route 2, Stevensville, Montana

County of Ravalli, State of Montana have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based.
   Irrigation pasture

2. Date or approximate date of earliest beneficial use; and how continuous the use has been.
   March 15, 1935

3. The amount of groundwater claimed (in miner's inches or gallons per minute).

4. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   May 15, 1935

7. The depth of water table.
   25 ft.

8. The depth of each well or other means of withdrawal.

9. The log of formations encountered in the drilling of each well if available.

10. The estimated amount of groundwater withdrawn each year.

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Henry P. Kanes
Date: March 15, 1935

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Static Water Level for non-flowing well: 5 feet
Shut-in Pressure for flowing well: 15 gal. per minute
Pumping Water Level: 25 feet
Discharge in gal. per min. of flowing well: 2 hours
How Tested: Bailed
Length of Test: 2 hours
Remarks: (Gravel packing, cementing, packers, type of shutoff)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

**Notice of Completion of Groundwater Appropriation by Means of Well**

(Under Chapter 237, Montana Session Laws, 1961)

Owner: Clarence R. Sites  
Address: Et 2 Stevensville

Driller: John Jarrell  
Address: Arlee, Montana

Date of Notice of Appropriation of Groundwater:___

Date well started: Aug. 1, 1966  
Date completed: Aug. 1, 1966

Type of well: Drilled  
Equipment Used: Churn Drill

Water Use: Domestic ☐  
Municipal ☐  
Irrigation ☐  
Industrial ☐  
Drainage ☐  
Stock ☐

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well: 17 feet.

Shut-in Pressure for Flowing Well: 39 feet at 15 gal. per minute.

Discharge in gal. per min. of flowing well:

How Tested: Pump  
Length of Test: 1 hour

Remarks: (Gravel packing, cementing, packers, type of shutoff; location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation).

Show exact depth of bottom.

Driller: John Jarrell  
Driller’s License Number: 14  
Driller’s Signature: John Jarrell

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater
Owner
Address
Contractor (if any)
Address of Contractor
Date Started
Date Completed

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Indicate point of appropriation and place of use, if possible.

Signature of Owner
Date

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Approprietor.
