STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Robert A. Atkinson, of 425 2nd St. SE, Sidney
   (Name of Appropriator) (Address) (Town)
   County of Richland State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1950, continued

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 6 GPM

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1950

   8. The depth of water table:

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   10. The estimated amount of groundwater withdrawn each year:

   11. The log of formations encountered in the drilling of each well if available:

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner:

   Date: 30 Dec 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Walter W. McConney, Jr.
   (Name of Appropirate)
   of R.R. 1, Box 272, Sidney
   (Address) (Town)
   County of Richland
   State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.
   ________________
   Stock Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.
   ________________
   About 1907

4. The amount of groundwater claimed (in miner's inches or gallons per minute).
   ________________
   2 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   ________________
   

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   ________________
   Wind mill and electric motor

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   ________________
   About 1907

8. The depth of water table.
   ________________
   140 feet deep

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   ________________
   6" wheel packing

10. The estimated amount of groundwater withdrawn each year.
    ________________
    Unknown

11. The log of formations encountered in the drilling of each well if available.
    ________________
    Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Notice of Completion of Groundwater Appropriation by Means of Well
DEVELOPED AFTER JANUARY 1, 1962
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Henry Dethman  Address: Sidney, Mont

Driller: E.C. Gendron  Address: Sidney, Mont

Date of Notice of appropriation of ground water: March 11, 1970
Date completed: March 21, 1970

Type of well: Drilled  Equipment used: Open Well
(Dig, driven, bored or drilled)

Water use: Domestic □ Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well
Shut-in Pressure for Flowing Well
Pumping Water Level
Discharge in gal. per min. of flowing well

Remarks: (Gravel packing, cementing, packers, type of shutoff)

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, these copies to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Robert A. Atchison, of Sidney, Montana

   (Name of Appropriator) (Address) (Town)

   County of Richland State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based

   Irrigation — Imbued

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

   May 1964 on Imbued

   Has been in same since 1961

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 400 GPM for Irrigation

   Imbued 18 GPM

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

   40 acres in Section 11 located in Ttl 36 N. 36 E.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

   Pump set on 8" casing, irrigation, and pressure system pour for Imbued

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

   November 1962, 36" drilled into clay

   The bucket well was drilled in Aug., 1961

8. The depth of water table 12 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

   36" drilled to 106 ft. irrigation well

10. The estimated amount of groundwater withdrawn each year

    40 acres full for irrigation

11. The log of formations encountered in the drilling of each well if available

    30' gravel, 36' blue clay, below this were later seen to be with cemented the gravel 30' deep, then 25'

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: L A Atchison

Date: 30 Dec 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: about 1900
Owner: Robert E. Schilling
Address: Sidney, Mont.
Contractor (if any): Kallerg Brothers
Address of Contractor: Sidney, Mont.
Date Started: Fall 1961, Date Completed: Fall 1961

Describe means of obtaining groundwater without a well, "as by sub-irrigation and other natural processes." Include depth to water when applicable. Natural Flow Spring
Drain tile to a catch basin
Piped to a tank

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of use
Cattles
100 head of cattle @ 30 gallons
per head per day = 3000 g.p.d.

Signature of Owner: Robert E. Schilling
Date: Dec. 31, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Drilling Permit No. 11-115-1-03

Filed April 30, 1953

[Diagram showing well drilling details]
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation: 1960
Owner: John O'Brien
Address: Sidney, Montana
Contractor (if any): None
Address of Contractor: None
Date Started: None
Date Completed: JAN 10 1964

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes, to include depth to water when applicable."

Natural flow of makes stream

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

Over 4,000 gallons per day. They say a cow will drink 40 gallons per day during hot weather. 40 gallons per cow times 100 cows equals 4,000 gal.

and there is water that is not used in the driest summer since our time. 12 mo. use.

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater...1936
Fred O'Brien and
Owner...John O'Brien Address...Sidney, Montana
Contractor (if any)...None
Address of Contractor...None
Date Started...None Completed...

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Natural flow of spring makes small stream about 300 feet long.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use...Over 1,000 gal. per day. Will water over 25 cattle per day. We used 40 gal. per cow per day to estimate. Use it 9 or 10 mo. per year.

Signature of Owner...John O'Brien
Date...Dec. 26, 1963.

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Walter E. McChesney, Jr., of P.O. Box 251, Sidney
   (Name of Appropriator) (Address) (Town)
   County of Richland State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based
      Stock Water, Lawn, Garden & Household use

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been
      Prior to 1930 and has been used ever since

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gallons per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
      Need for irrigating laws and cross-dam location

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
      Electrical Water

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
      Prior to 1930—exact date unknown

   8. The depth of water table
      160 feet deep

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
      6" steel casing

   10. The estimated amount of groundwater withdrawn each year
       Unknown

   11. The log of formations encountered in the drilling of each well if available
       Not available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

   Signature of Owner
   Date: 12-31-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
