MONTANA WATER RESOURCES BOARD

NOTICE OF COMPLETION OF GROUNDWATER
APPROPRIATION BY MEANS OF WELL

Developed after January 1, 1962

(Under Chapter 237 Montana Session Laws, 1961, as amended)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, last copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

Owner: Oskar A. Lorys

Address: 524 3rd St. S.E.

Signer: Montana

Date well started: 7-7-71

Date well completed: 7-8-71

Type of well: Driven

Equipment used: (Drill, drive, bored or drilled)

Water Use: Domestic ☐ Municipal ☐ Stock ☐ Irrigation ☐ Industrial ☐ Drainage ☐ Other ☐ Garden/Lawn ☐

*Describe:

USE: If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e. Lot, Block and Addition).

ESTIMATED ANNUAL WITHDRAWAL: 100,000 Gal.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

State Of Montana
Agricultural Experiment Station
Eastern Montana Branch Station

County of Richland
State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic water supply for main residence building at station.

3. Date or approximate date of earliest beneficial use: and how continuous the use has been: March, 1958. Use has been continuous since that time.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Up to 8 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not used for irrigation excepting for livestock and garden plantings.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Water is withdrawn by means of an automatic low pressure system and pump. Pump is attached to a sandpoint at a 22 foot depth from the surface of the ground.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Driving of well commenced and completed in one day during March, 1958.

8. The depth of water table: About 22 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Well consists of a driven sandpoint which is connected to the pump by a 12 inch pipe. Well is 22 feet deep from the surface of the ground.

10. The estimated amount of groundwater withdrawn each year: 300,000 gallons.

11. The log of formations encountered in the drilling of each well if available: Clay to a depth of 12 feet where a minor gravel formation with some water is encountered. Below this is clay to a depth of 21 feet where a gravel formation with water is encountered.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

MONTANA AGRICULTURAL EXPERIMENT STATION

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based Domestic water supply

3. Date or approximate date of earliest beneficial use; and how continuous the use has been Usage of well began in Dec. 1919 and was continuous until March, 1950. Use of well was temporarily discontinued at that time.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) Up to 8 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Not used for irrigation excepting for lawn and garden plantings.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. None. Water system may be installed at later date.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Well drilling commenced and completed in August, 1949.

8. The depth of water table About 10 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Well is of 4 inch diameter and is cased to its full depth. Well is suitable for use with a home water system. Well is about 10 feet deep.

10. The estimated amount of groundwater withdrawn each year. None at present.

11. The log of formations encountered in the drilling of each well if available. This information not available since whereabouts of driller unknown at present time.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1950

Owner: Donald Prepp
Address: Star Pk. Cartwright

Contractor (if any): None
Address of Contractor:

Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Water is running out of hill for a distance of 3 thousand feet or more.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. Water is used 9 months of a year, or more, for livestock drinking. It runs approx. 5 gallons per minute.

Signature of Owner: Donald Prepp
Date: Dec 31, 1969

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Notice of Completion of Groundwater Appropriation by Means of Well

Owner: Sidney Golf & Country Club
Address: Sidney, Montana

Date of Notice of appropriation of ground water: Sept 9, 1969
Date Completed: Jan 14, 1970

Type of well: Drilled
Equipment used: Churn drill

Water use: Domestic

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well: 25 feet
Shut-in Pressure for Flowing Well
Pumping Water Level: 75 feet
Discharge in gal. per min. of flowing well
How Tested: Test Pumped
Length of Test: 10 hours
Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Driller's License Number
Driller's Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Sidney Golf & Country Club, of Sidney, Montana (Name of Appropriate)
   (Address) of Sidney, Montana State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1960, as follows:

   NE 1/4 Sec. 31 T. 23 R. 59
   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based.
   Irrigation

3. Date or approximate date of earliest beneficial use and how continuous the use has been.
   About 1950 and continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute).
   260 gallons per minute

5. If used for irrigation, give the area and description of the lands to which water has been applied and name of the owner thereof.
   40 acres
   NE Sec. 31, Twp. 23 N., Rge 59 E.
   Sidney Golf & Country Club

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   2 wells
   NENE Sec. 31, Twp. 23 N., Rge 59 E.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   1950 6 inch well
   1961 8 inch well

8. The depth of water table.
   20 to 60 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   4 inch well 55 feet deep, turbine pump
   8 inch well 94 feet deep, centrifugal pump

10. The estimated amount of groundwater withdrawn each year.
    7,000,000 gallons

11. The log of formations encountered in the drilling of each well if available.
    Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of the act, including reference to book and page of any county record.
    Not available

Sidney Golf & Country Club
Signature of Owner: R. E. SUCHSTORFF
President
Date: December 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Carl L. Alexander, of 626 9th Ave. S.W. Sidney
   (Name of Appropriator) (Address) (Town)
   County of Richland State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   For domestic use

3. Date or approximate date of earliest beneficial use, and how continuous the use has been
   June 15, 1957 and continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   Lots 9 & 10, Hansen div. City of Sidney
   Carl L. & Stella Alexander

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   Automatic electric jet pump water system

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   April 15th, 1957

8. The depth of water table... 20 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   3 in. O.D. boiler tube casing down to gravel bed, then a 1 1/4 in. sand point driven into gravel bed.

10. The estimated amount of groundwater withdrawn each year. Do not know. Just the amount needed.

11. The log of formations encountered in the drilling of each well if available. Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None to my knowledge.

   Signature of Owner: Carl L. Alexander
   Date Nov 20, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.
1. United States of America of Box 2558 Billings
(Name of Appropriator) (Address)
County of Yellowstone State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based... *domestic*

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1910 and continuous

4. The amount of groundwater claimed (in miner’s inches or gallons per minute) 20 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof... not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal... electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater... approximately 1910

8. The depth of water table... 6 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater... depth of well is 22 feet, 4 inch casing

10. The estimated amount of groundwater withdrawn each year... 32 acre-feet

11. The log of formations encountered in the drilling of each well if available... not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record... This water is used for domestic, household, stock watering, and similar uses by employees of the United States, or its agents in connection with operation of the Yellowtail Dam Reclamation Project.
