1. School District # 17 of... (Name of Appropriator) (Address) (Town)
   County of... State of... have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based... Water is used to... Irrigate our football field during the summer months.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been... July 3, 1961. Used only during the months of June, July and August.

4. The amount of groundwater claimed (in miner's inches or gallons per minute)... 50 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof... School Dist. # 17, Football Field. Area about 80 yards by 110 yards is being irrigated.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal... The well is located in the extreme north-west corner of the school block of land. This land comprises about 10 acres of land.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater... About the middle of July, 1961.

8. The depth of water table... eighty feet... (80).

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater... quicksand found at about twenty feet.

10. The estimated amount of groundwater withdrawn each year... 180,000 gallons... our pump pumps about eight gallons of water a minute under pressure.

11. The log of formations encountered in the drilling of each well if available...

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record...

Signature of Owner... Superintendent of Schools
Date... March 25, 1962.
