Notice of Completion of Groundwater Appropriation by Means of Well

Under Chapter 237, Montana Session Laws, 1961

Owner: John Stenland Address: Wolf Point, Montana
Driller: Boone, Whitmer & Son Address: Wolf Point, Montana

Date of Notice of Appropriation of Groundwater: May 9, 1962
Date well started: May 5, 1962 Date Completed: May 8, 1962

Type of well: Drilled Equipment Used: Cable Tool
(dug, driven, bored or drilled)

Water Use: Domestic [] Municipal [] Stock [] Irrigation []
Industrial [] Drainage [] Other []

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock, sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

STATE OF MONTANA  
ADMINISTRATOR OF GROUNDWATER CODES  
OFFICE OF STATE ENGINEER  

Declaration of Vested Groundwater Rights  
(Under Chapter 237, Montana Session Laws, 1961)

1. Ivan Passch  
of 124 Garfield St., Wolf Point  
(Name of Appropriator)  
(Address)  
(Town)  

County of Roosevelt  
State of Montana  
County have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stock water and small garden irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: April 15, 1951; year around.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 15 gal. per minute.

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof:
   - One acre (garden): Ivan Passch

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - Pump-Jack

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: April 1, 1951; April 15, 1951.

8. The depth of water table: 32 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled Well; 14 inches; 32 feet.

10. The estimated amount of groundwater withdrawn each year: 150,000 gallons.

11. The log of formations encountered in the drilling of each well if available:
   - 10 Ft. Gravel; The rest sand rock;

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: Ivan Passch  
   Date: December 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Wolf Point, Montana
DECLARATION OF VERTED GROUND WATER RIGHTS

BE IT KNOWN THAT the undersigned DOES HERETBY PUBLISH AND DECLARE, in accordance with the provisions of Chapter 237, Laws of 1961 of the Legislative Assembly of the State of Montana, that the undersigned, by reason of beneficial use, claim and has acquired certain vested ground water rights and DOES HEREBY MAKE DECLARATION of vested ground water rights as follows:

1. Name and address of claimant: John B. Stanaland and Dolores M. Stanaland

2. Beneficial use on which claim is based: Livestock watering

3. Date (or approximate date) of earliest beneficial use, and how continuous the use has been: Approximately 1950, continuous

4. Amount of ground water claimed: 8,000 gallons per day

5. Where beneficial use has been for irrigation, sewage, description of lands to which ground water has been applied, and name of watercourse: Not for irrigation

6. Description of name of withdrawing ground water from the ground and location of each well or other means of withdrawal: Drilled well. Location: SW 1/4 Sec. 21, T. 30, R. 49, E.M., Roosevelt County, Montana

7. Date of commencement and completion of construction of well, wells, or other works for withdrawal of ground water: Approximately 1950

8. Depth of water table: Unknown

9. To the extent available, the type, size, and depth of each well, or the general specifications of any other works for the withdrawal of ground water: Drilled well

10. Estimated amount of ground water withdrawn each year: 2,920,000 gallons

11. The lay of formations encountered in drilling of each well: Unknown

12. Other information:

WE HEREBY, our hands, at Wolf Point, Montana, this 20th day of December, 1961.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Laurence Price

County of __________ State of Montana

2. The beneficial use on which the claim is based,

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

4. The amount of groundwater claimed (in cubic feet or gallons per minute).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater, including drillers.

10. The estimated amount of groundwater withdrawn each year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this Act, including reference to book and page of any county record.

Signature of Owner: __________________________

Date: ____________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

2. The beneficial use on which the claim is based, **continued watering of cattle for over ten years.**

3. Date or approximate date of earliest beneficial use, and how continuous the use has been, **well "a" since 1917 and well "b" since 1945, both used continuously for twelve months per year.**

4. The amount of groundwater claimed (in miner's inches or gallons per minute), **each well produces about 15 - 20 gallons of water per minute.**

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal, **both wells have windmills and "b" has electric pump jack.**

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater, **well "a" was dug by hand in 1917 and well "b" was drilled in March of 1945.**

8. The depth of water table, **well "a" is 20 feet and well "b" is 80 feet.**

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater, **well "a" was dug to 20 feet and well "b" was drilled to 80 feet with 6" cast wall casing. Water rises about half way to surface in each well. See also sections 4 & 6 above.**

10. The estimated amount of groundwater withdrawn each year, **500 to 700 gallons per day.**

11. The log of formations encountered in the drilling of each well if available, **no log on "a".**

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 287 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: All 1940

Owner: E.E. Schwarzwolk  Address: Brockton, Montana

Contractor (if any): None

Address of Contractor:

Date Started: Date Completed:

Describe means of obtaining groundwater without a well: as by sub-irrigation and other natural processes. Include depth to water when applicable. By sub-irrigation and natural flow by percolation. Has been cleaned out from time to time by hand tools and slip scraper.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. Water for about seventy-five head of cattle approximately seven months per year.

Signature of Owner: E.E. Schwarzwolk

Date: 12-27-63

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Koaed Koppersman
   (Name of Appropriator) of Brookton
   (Address) (Town)

   County of Roosevelt State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   domestic use — water some stock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   June 1931 — to date

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 6 gals per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   irrigates small private garden

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Windmill or electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   Started and completed in June, 1931

8. The depth of water table
   Water at 110 down to 150

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   4-inch casing to 150 feet

10. The estimated amount of groundwater withdrawn each year
    45-50,000 gals.

11. The log of formations encountered in the drilling of each well if available
    Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    None

Signature of Owner

Date 25 January 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

1. GRACE E. SHEER
   (Name of Appropriate)
   of Poplar
   County of Roosevelt
   State of Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. (Name of Appropriate)

2. The beneficial use on which the claim is based: Household and livestock use (1) and (2)

3. Date or approximate date of earliest beneficial use and how continuous the use has been: (1) 1951; (2) prior to 1955
   (1) & (2) — both used continuously

4. The amount of groundwater claimed (in miner's inches or gallons per minute): (1) 15 gal. per minute; (2) 15 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   Not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: (1) & (2) Electric pump
   (1) & (2) – Both drilled; approximately 150 ft. deep; No log available

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: (1) 1951 – approximately; (2) prior to 1955.

8. The depth of water table: (1) & (2) – 40 ft.

9. So far as it may be available, type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: (1) & (2) – Both drilled; approximately 150 ft. deep

10. The estimated amount of groundwater withdrawn each year: (1) 120,000 gal. per year;  
    (2) 150,000 gal. per year

11. The log of formations encountered in the drilling of each well if available: No log available

Notice of Completion of Groundwater Appropriate
Without Well

(Under Chapter 237 Montana Session Laws, 1981)

Date of Appropriation of Groundwater... May 22, 1988.
Brookton, Montana
Owner: Clifford L. Bangle, Brookton, Montana
Contractor (if any)... Soil Conservation District
Address of Contractor... Colburnson, Montana
Date Started... May 22, 1988
Date Completed... June 2, 1988

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable. Dug-out below water's level
resulting in pools fed by underground sources.

Depth to water is 16 feet.

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent,
estimate approximate lengths of periods of use. Two, gallons
per minute estimated by observation of cattle watering and maintenance of water level.
Dug-out #1: All year round.
Dug-out #2: April through October.

Signature of Owner...

Date... December 30, 1988

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana
Bureau of Mines and Geology and quadruplicate for the Appropriator.

   CONTINUES USE

4. The amount of groundwater claimed (in miner's inches or gallons per minute)...
   10 GPM

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof...
   NOT SO USED

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal...
   CYLINDER PUMP--ELECTRIC MOTOR, SEE PLAT.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater...
   NO OTHER INFORMATION AVAILABLE

8. The depth of water table...
   8 FEET

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater...
   HAND AUG., 10 FEET DEEP, FOUR FOOT SQUARE, WOOD CASING

10. The estimated amount of groundwater withdrawn each year...
   200,000 GALLONS

11. The log of formations encountered in the drilling of each well if available...
    NOT AVAILABLE

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record...
    NOT AVAILABLE

Signature of Owner...
Date November 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropiato.

1. Darrel J. Juelley
   (Name of Appropriator)
   Address
   Roosevelt County, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: household use and for jelling stock.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1944, every day.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 400 gallons per minute.

5. If used for irrigation, the acres and description of the lands to which water has been applied, and the name of the owner thereof: 50 acres. The water is located north of the school in a 40-acre plot.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Withdrawal with a pump.

7. The date of commencement and completion of the construction of this well, wells, or other works for withdrawal of groundwater: Completed on the 11th day of June, 1944.

8. The depth of water table: 125 ft.

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   trench dug, depth 125 feet.

10. The estimated amount of groundwater withdrawn each year: 100,000 gal.

11. The log of formations encountered in the drilling of each well if available: not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Ozie Vran of Brooklyn, Montana, of Roosevelt County, Montana,
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use in which the claim is based: Domestic use, watering cattle at times.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1920, continual.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 3 gal. per min.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Garden near house, 60 x 110 feet.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric cylinder pump.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Started and completed in 1920.

   8. The depth of water table: From 70 all the way to 240'.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 4" cast iron casing to 240'.

   10. The estimated amount of groundwater withdrawn each year: 12,000 gallons.

   11. The log of formations encountered in the drilling of each well if available: Not available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

(Name of Appropriate) (Address) (Town)

County of Roosevelt State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   Domestic

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   July 1948-1960
   Since 1940 it has been used only once in a while for farm purposes

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   No

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Hand Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   Dug in 1928

8. The depth of water table
   60 foot, has about 4 ft. of water

9. So far as may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Hand dug; 60 ft. 1 x 1 x 4 cribbing on all sides

10. The estimated amount of groundwater withdrawn each year
    3-5,000 gallons

11. The log of formations encountered in the drilling of each well if available
    Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    None

Signature of Owner: Konrad Koppermann
Date: 25 January 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
