**Notice of Completion of Groundwater Appropriation
 Without Well**

Developed After January 1, 1962

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater 4/1/69

Owner Fay Cruach Address Bainville, Mont.

Contractor (if any) None

Address of Contractor

Date Started Summer, 1968 Date Completed Spring, 1969

SE 1/4 Sec 14 T. 30. R. 58.
 NE 1/4 Sec 13
 Indicate point of appropriation
 and place of use, if possible.

1) Describe means of obtaining groundwater, (as by sub-irrigation, developed spring, drains, etc.) Run off water is let into a waterspreading system by a Diversion Ditch, through a gated corrugated metal pipe capable of flowing 30 cubic feet of water per second. This gated pipe goes through the Co. road 910 feet West of the North East corner of Sec. 23, Twp. 20 N. Rge. 58 E. The entrance to the Diversion Ditch is located 155 ft west and 520 ft south of the NE corner of Sec. 23, Twp. 30 N. Rge. 58 E.

2) Means of withdrawing water (gravity, pump, canal, etc.)

3) Depth of water table

4) Use of the water Irrigation

5) Amount of groundwater claimed (in miner's inches, or gallons per minute) Non-Applicable

6) If used for irrigation, give number of acres and description of land All water from spring thaw run-off allowed to flood hay lands and return to original channel of natural flow.

7) Estimate amount of water used each year 205 acre feet

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Walter G. Jones of Froid, Montana
(Name of Appropriator) (Address) (Town)
County of Roosevelt State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

5-14 Sec. 19 T. 30 R. 58
Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 2. The beneficial use on which the claim is based.....
livestock watering
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been..... May 14, 1969 periodically
- 4. The amount of groundwater claimed (in miner's inches or gallons per minute)..... 5 GPM
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.....
not applicable
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.....
pump

- 7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater..... May 10, 1969 May 14, 1969
- 8. The depth of water table..... 50 feet
- 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater..... 1/3 H.P., 1 phase, 230 volt
submersible pump, pumping from 180 feet, with 5 GPM choke
- 10. The estimated amount of groundwater withdrawn each year..... 54,000 Gal.
- 11. The log of formations encountered in the drilling of each well if available.....
filed separately
- 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record..... not applicable

Signature of Owner Walter G. Jones
Date June 9, 1969

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner Walt Jones Address Froid, Mont.

Driller Albert Anderson Address Medicine Lake

Date of Notice of Appropriation of Groundwater May 14, 1969

Date well started May 10, 1969 Date Completed May 14, 1969

Type of well drilled Equipment Used rotary
(dug, driven, bored or drilled) (Churn, drill, rotary or other)

Water Use: Domestic Municipal Other Irrigation
Industrial Drainage Stock

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Size of Drilled Hole	Size and Weight of Casing	From (Feet)	To (Feet)	PERFORATIONS		
				Kind Size	From (Feet)	To (Feet)
6 1/2 to 179	4 in. I.D.	0 plus 1	192	3/16 slots	50 to 188	53 to 191
4 3/4 to 200	9 1/2 in.					

SE 1/4 Sec 19 T. 30 R. 58
Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

Static Water Level for non-flowing Well 50 feet.

Shut-in Pressure for Flowing Well 0

Pumping Water Level 180 feet at 5 gal. per minute.

Discharge in gal. per min. of flowing well 0

How Tested pump Length of Test 2 hr.

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

About 2 GPM flow coal at about 50 ft.

About 3GPM from coal at 193-196

(Under Chapter 237, Montana Session Laws, 1961)

I, Ellen Picard, of R.R. Bainville
(Name of Appropriator) (Address) (Town)
County of Roosevelt State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 Sec. 24 T. 30 R. 59 E.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based: Stockwater and Domestic

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1947 - continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gallons per minute each well

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pumps (both)
Sec. 24 - 30 - 59 (both)

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Both wells commenced and completed 1947

8. The depth of water table: Domestic well - 24ft. Stockwater well - 9ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Stockwater well, dug - 3ft diameter, 18ft deep
Domestic well, bored - 18 inch diameter, 28ft deep

10. The estimated amount of groundwater withdrawn each year: Stockwater, 2,000,000 per year.
Domestic 200,000 gals per yr.

11. The log of formations encountered in the drilling of each well if available: Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Not available

Signature of Owner: Ellen Picard

Date: Dec 20, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

STATE ENGINEER

1. Gay Cruick, of Basinilla,
(Name of Appropriator) (Address) (Town)
County of Roosevelt State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NE 1/4 Sec. 26 T. 30 N. R. 5 E
Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 2. The beneficial use on which the claim is based Stockwater
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been July 20, 1941
down to 2 1/2 months of each year since above date.
- 4. The amount of groundwater claimed (in miner's inches or gallons per minute) 5 gallons per minute
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Electric pump
- 7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater July 15 to July 20, 1941
- 8. The depth of water table 3.5 feet
- 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Round wells - 18 inch - 55 feet in depth
- 10. The estimated amount of groundwater withdrawn each year 300,000 gallons
- 11. The log of formations encountered in the drilling of each well if available
- 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner Gay Cruick

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Marvin & Monroe Bartel, of Wolf Point
(Name of Appropriator) (Address) (Town)

County of Beaverhead State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows.

2. The beneficial use on which the claim is based
domestic and livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
1928 and used continuous since then

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
30 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
submersible type of electric pump

EE 1/4 Sec. 2 T. 29 R. 46

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
1928

8. The depth of water table
37 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
Total depth of well is 300 feet with 5 1/2 inch casing
104

10. The estimated amount of groundwater withdrawn each year
200,000 gallons

11. The log of formations encountered in the drilling of each well if available
not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner Marvin Bartel
Monroe Bartel
Date Dec 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 Sec. 31, T29, R46.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based.....
Water for stock during winter.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.....
1927 to date.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).....
45,000 gallons per year.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.....
For stock water on SW 1/4 Sec. 31, T. 29, R. 46, S. M. Shumway
Frank E. Shumway

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.....
Pump jack, with electric motor.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.....1927.

8. The depth of water table.....5 1/2 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.....
3' metal culvert lined well, to a depth of 6 feet.

10. The estimated amount of groundwater withdrawn each year.....45,000 gallons.

11. The log of formations encountered in the drilling of each well if available.....Sandy topsoil, 12" thick, clay, approximately 4 1/2 feet thick, then a gravel vein of approximately 2 1/2 feet, which is the water table. Clay below this gravel bed.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.....None
