Administrator of Groundwater Code
Office of State Engineer

David A. Hall
(Name of Appropriator)

County of ...
(State of)

1. The beneficial use on which the claim is based: Farming

2. Date or approximate date of earliest beneficial use: 1917

3. The amount of groundwater claimed (in miner's inches or gallons per minute): As much as needed

4. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof:

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

6. The date of commencement and completion of the construction of the well or other works for withdrawal of groundwater:

7. The depth of water table:

8. The estimated amount of groundwater withdrawn each year:

9. The log of formations encountered in the drilling of each well if available:

10. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

<thead>
<tr>
<th>N</th>
<th>E</th>
</tr>
</thead>
<tbody>
<tr>
<td>W</td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

2. The beneficial use on which the claim is based: **Stock-water and irrigation purposes**

   **Well No. 1**

   3. Date or approximate date of earliest beneficial use; and how continuously the use has been employed:

   Continuous since 1948

   **Well No. 1**

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

   **Well No. 1**

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

   **Well No. 1**

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   **Pump well No. 1, well No. 2, set pump**

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

   **Well No. 1**

8. The depth of water table.

   **35 ft**

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   **6 inch galvanized casing 120 ft**

   **Well No. 1**

   **5 inch steel casing 90 ft**

10. The estimated amount of groundwater withdrawn each year.

    **450,000 gallons per year**

11. The log of formations encountered in the drilling of each well if available:

    **Sand and gravel**

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater RIGHT
(Under Chapter 237, Montana Session Laws, 1961)

I, Irwin Hall, of Wolf Point, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic use and garden irrigation

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1951. Use has been continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 12 gallons per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Only garden and lawn

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 1/2 H.P. jet pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Oct. - Nov. 1951

8. The depth of water table: 30 feet and 75 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 3-foot diameter to a depth of 30 feet, then 6-inch diameter to a depth of 60 feet.

10. The estimated amount of groundwater withdrawn each year: 150,000 to 200,000 gallons.

11. The log of formations encountered in the drilling of each well if available: Sand and silt to 25 feet, gravel to 30 feet, blue clay to 50 feet, coal to 55

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: Irwin Hall
Date: DEC 30 1968

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
