DECLARATION OF VESTED GROUNDWATER RIGHTS

(Name of Appropriator) Archie E. Long

(Address)

County of Gallatin

State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based is for house, school, and farm.

2. The approximate date of earliest beneficial use and how continuous the use has been is 4/15/52.

3. The amount of groundwater claimed (in miner's inches or gallons per minute) is 5.0 gallons per minute.

4. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal is a 100 ft. east of the line.

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal is a pump located 50 ft. west of house.

6. The date of commencement and completion of the construction of the well is 4/10/52.

7. The log of formations encountered in the drilling of each well if available is:

   1. 40 ft. silt
   2. 100 ft. east of house

8. The estimated amount of groundwater withdrawn each year is 200,000 gal.

9. The estimated amount of groundwater withdrawn each year is 200,000 gal.

10. The estimated amount of groundwater withdrawn each year is 200,000 gal.

11. The log of formations encountered in the drilling of each well if available is:

   1. 40 ft. silt
   2. 100 ft. east of house

12. The log of formations encountered in the drilling of each well if available is:

   1. 40 ft. silt
   2. 100 ft. east of house

Signature of Owner: Archie E. Long

Date: 11/30/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Sept. 15, 1969
Owner: Maple R. Krueger
Address: Forsyth

Contractor (if any)
Address of Contractor

Date Started: 8-27-69
Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable...Pump from existing Yellowstone River slough.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use...50,000 gallons per day, intermittent, for a 6 month irrigation season...Gallonsage to be in conformity with the performance curve of the pump used.

Signature of Owner: Maple R. Krueger
Date: Sept 15, 1969

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Tripplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. WALTER KNUSSON and EDNA KNUSSON, of Roberts, Carbon County, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: domestic and stock water.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1923, continuous.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 75 gallons per day.

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof: Not applicable.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pump and pressure system.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: May 4, 1923, commenced; May 15, 1923, completed.

8. The depth of water table: 10 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 50 feet; electric pump and pressure system.

10. The estimated amount of groundwater withdrawn each year: 27,375 gallons per year.

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

3. Date or approximate date of earliest beneficial use; and, how continuous the use has been: steady use since 1920.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: submersible pump for household and also pumps for stockwater.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1920.

8. The depth of water table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. This is an artesian well which flows about 3 gallons per minute. A water system for household use is down in well. This system also pumps for livestock during periods of heavy use, which supplements the artesian flow.

10. The estimated amount of groundwater withdrawn each year: 50,000 gallons.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: A. G. Lee, Jr.
Date: Dec. 19, 1963

Three copies to be filled by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

   (Name of Appropriator)
   of          Forsyth
   (Address)   (Town)
   County of   Rosebud
   State of    Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based __________________________ stock water __________________________

3. Date or approximate date of earliest beneficial use; and how continuous the use has been, March 1, 1960-continuous since that time on a seasonal basis-approximately 7 months out of the year 

4. The amount of groundwater claimed (in miner's inches or gallons per minute) _______________ 10 gallons per minute __________________________

5. If used for irrigation, give the acre-age and description of the lands to which water has been applied and name of the owner thereof not used for irrigation __________________________

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal __________________________ pump jack with pump cylinder __________________________

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater __________________________ commenced February 1, 1960 and completed __________________________

8. The depth of water table _______________ 8 feet __________________________

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater __________________________ 18 inches galvanized casing-12 feet deep __________________________

10. The estimated amount of groundwater withdrawn each year _______________ 360,000 per year __________________________

11. The log of formations encountered in the drilling of each well if available _______________ 8 feet sand __________________________

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record __________________________

Signature of Owner __________________________

Date __________________________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
