DECLARATION OF VESTED GROUNDWATER RIGHTS

(Up and Chapter 237, Montana Session Laws, 1961)

County: Standard State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. [Name of Appropriator] (Name of Appropriator) of [Address] (Address)

2. The beneficial use on which the claim is based is household use, garden, lawn, vegetable

3. Date of earliest beneficial use; and how continuous the use has been since 1937

4. The amount of groundwater claimed (in minor's inches or gallons per minute)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Date 12-31-63

* Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   - Domestic purposes

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   - March 3, 1956

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   - 20 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   - 50 acres

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   - Jet pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   - Started Nov. 1, 1955
   - Completed March 3, 1956

8. The depth of water table
   - 12 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   - 8 inch drilled well, 250 foot deep

10. The estimated amount of groundwater withdrawn each year
    - 100,000 gallons

11. The log of formations encountered in the drilling of each well if available
    - See attached log 73

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    - See attached log 73

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise, the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 217, Montana Session Laws, 1961)

1. Eugene L. Peters of Cascade, Mont.
   (Name of Approporator) (Address) (Town)
   County of Sanders State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based:
      Home use and adjacent personal property
      and land and grade irrigation
   3. Date or approximate date of earliest beneficial use and how continuous the use has been: 1912 and continuous
      since and
   4. The amount of groundwater claimed (in miner's inches or gallons per minute): Enough to take care of these needs.
   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
      17.9.10.14.4, 4, and 8.3.11.14.6.4, Eugene Peters
   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
      deep well with electric pump
   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1912.
   8. The depth of water table
   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   10. The estimated amount of groundwater withdrawn each year:
   11. The log of formations encountered in the drilling of each well if available:
   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including
      reference to book and page of any county record:

   Signature of Owner: Eugene L. Peters
   Date: 1-3-1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Approporator.

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: HENRY J. REHDER  DIXON, MONT.
Driller: PHILIP R. LEWIS  Address: BOX 95, MT.

Date of Notice of Appropriation of Groundwater
Date well started: APRIL 4, 1966  Date Completed: APRIL 16, 1966

Type of well: DRILLED  Equipment Used: CHURN
(Bore, driven, bored or other)

Water Use: Domestic  Municipal  Other  Irrigation
(Drill, rotary or drilled)

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

State Water Level for non-flowing Well: 84 ½ ft. from to top of well.

Shut-in Pressure for Flowing Well: None Flowing

Pumping Water Level: 11 feet 90 gal. per minute.

Discharge in gal. per min. of flowing well: None Flowing

Jet Pump: 16 HRS

How Tested: Length of Test:

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

3 ACRES.

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

Notice of Completion of Groundwater Appropriation Without Well
Developed After January 1, 1962
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: June 1964
Owner: Ralph Morin  Address: Arlee, Montana
Contractor (If any):  
Address of Contractor:  
Date Started:  Date Completed:  

1) Describe means of obtaining groundwater (as by sub-irrigation, developed spring, drains, etc.):  

   Springs

2) Means of withdrawing water (gravity, pump, canal, etc.):  

3) Depth of water table:  

4) Use of the water:  

   Stock water

5) Amount of groundwater claimed (in miner's inches, or gallons per minute): 12 miners inches  

6) If used for irrigation, give number of acres and description of land:  

7) Estimate amount of water used each year:  

Signature of Owner: Ralph Morin  Date: 1-19-68

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Static Water Level for non-flowing well 178' feet.
Shut-in Pressure for flowing well
Pumping Water Level: 177' feet
at 15 gal. per minute.
Discharge in gal. per min. of flowing well
How Tested: Pumped
Length of Test: 2 hours
Remarks: (Gravel packing, cementing, packers, type of shut-off)

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).
