I received and filed this instrument for record on the 2nd day of May 1963. J.E. Smith County Recorder
Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Date of Notice of Appropriation of Groundwater

Date well started: May 17, 1963. Date Completed: May 18, 1963.

Owner: St. James Parish Address: Plains, Montana
Driller: Liberty Drilling Co. Address: Missoula, Mont.

Type of well: Drilled. Equipment Used: Cable Tools (dug, driven, bored or drilled)

Water Use: Domestic [ ] Municipal [ ] Stock [ ] Irrigation [ ]
Industrial [ ] Drainage [ ] Other [ ]

"Note": Indicate on the diagram the character and thickness of the different strata met with in drilling such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Remarks: (Gravel packing, cementing, packers, type of shut-off, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Driller's License Number: 52
Driller's Signature: William F. Osborne

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.
**Notice of Completion of Groundwater Appropriation by Means of Well**

**DEVELOPED AFTER JANUARY 1, 1962**

(Under Chapter 237, Montana Session Laws, 1961)

**Owner:** Jack R. Johnson

**Address:** Plains

**Driller:** Wesner Well Drilling

**Address:** Bozeman

**Date of Notice of Appropriation of Groundwater:** 5/18

**Date Well Started:** 5/18

**Date Completed:** 6/28

**Type of Well:** Dug

**Equipment Used:** Churn (Churn drill, rotary or other)

**Water use:** Domestic

**Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.**

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. [Name of Approp.ator]
   [Address]
   [Town]
   [County of Sanders] [State of Montana]
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   [Diagram of appropriation]

   2. The beneficial use on which the claim is based: [For domestic, irrigation of land for crops, and livestock water.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: [Continuous use since date land was allotted to us, May 25, 1962.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): [Probably 10 inches]

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   For irrigation of 4 acres in the NE 1/4, Sec. 7, T. 10 R. 24.
   SE 1/4, Sec. 8, T. 10 R. 24.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Water is taken from wells as shown by drilling, testing, and sub-sampling as shown in "Notice of Completion of Groundwater Appropriation Without Well" in the three small squares.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: [Not applicable. Use of springs.

   8. The depth of water table: [Unknown]

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: [Not applicable.

   10. The estimated amount of groundwater withdrawn each year: [probably 10 inches]

   11. The kind of formations encountered in the drilling of each well if available: [Unknown]

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: [Not applicable.

   Signature of Owner: [Signature]
   Date: [Dec 30, 1962]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate to the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: May 25, 1922
Owner: Birth, Josephine Burgacki
Address: Helena, Montana
Contractor (if any): None
Address of Contractor: Not applicable
Date Started: May 25, 1922
Date Completed: May 25, 1922

Describe means of obtaining groundwater without a well, such as by sub-irrigation and other natural processes. Include depth to water when applicable.

Water obtained by pipeline to my house and one spot of the spring is used for watering livestock, waterwheel for drinking, and use.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

Groundwater for domestic use and watering livestock during entire year. Waterwheel to be established for drinking use.

Signature of Contractor: Birth, Josephine Burgacki
Date: Dec. 30, 1983

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Jessie M. Allen Lee of Dixon, Montana
   (Name of Appropriate) (Address) (Town)
   County of Sanders State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: IRRIGATION both
   SURFACE and SUB-IRRIGATION FOR THE HACRES
   and fraction thereof which makes up my homestead

3. Date or approximate date of earliest beneficial use: 1893
   THE ENTRANCE THAT IS KNOWN AS "HARLEY'S"
   "SANDERS" WAGNER 1925 ELMERKIAN and
   "SANDERS" SEE ATTACHED SHEET

4. The amount of groundwater claimed (in miner's inches or gallons per minute) I have no idea as much as the ground water comes through gravity flow
   from the hills immediately behind your homestead and

5. If used for irrigation, give the average and description of the lands
   to which water has been applied and name of the owner thereof
   ABOUT 40 ACRES. IN THAT LAND GENTLY
   SLOPING TOWARD THE PLATHEAD RIVER WHICH LIES
   JUST BEYOND THE HIGHWAY "SANDERS" WAGNER
   GENTLE BLOPE TOWARD THE NORTH WEST

6. The means of withdrawing such water from the ground and the
   location of each well or other means of withdrawal:
   DURING SPRING RUNS AND RAINFALL WATER RISES TO SURFACE.
   WELL FOR HOUSE USE WITH ELECTRIC SHALLOW-WELL
   "PUMP" SMALL ½ HP ENGINE TO PUMP WATER FROM CULVERT AS NEEDED

7. The date of commencement and completion or the construction of the well or other works for withdrawal of groundwater:
   NO IDEA, PROBABLE 1863

8. The depth of water table: SHALLOW-WELL

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other
   works for the withdrawal of groundwater:
   18 FEET IN DEPTH I BELIEVE

10. The estimated amount of groundwater withdrawn each year:
   NO IDEA

11. The log of formations encountered in the drilling of each well if available:
   NO IDEA

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including
   reference to book and page of any county records or other records:

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Lillian J. Rogers of Dixon, Montana (Name of Appropnator) (Address) (Town)
   County of Sanders State of Montana have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Household use, lawn, flowers, shrubs, garden

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Spring of 1940 or 1941—about 4 hrs per wk. during growing season—Household use all the time, also have a water right under irrigation system

4. The amount of groundwater claimed (in miner's inches or gallons per minute)—about 10 gal.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: About an acre belonging to

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:1 well—near the house, drilled, 6" bore, 3/4" flow—electric pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Spring of 1940 or 1941—drilled by Ulrich & Son of Missoula, Montana

8. The depth of water table: As near as I know about 50'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled well, 6" bore, went down 50' but reached water at 50' or 52', use a deep well electric pump with 3/4" flow. It is used for household use, watering such spots as the irrigation doesn't reach, and for supplementary watering when the irrigation water is short, as it was this summer.

10. The estimated amount of groundwater withdrawn each year: About 34850 gal.

11. The log of formations encountered in the drilling of each well if available: Unavailable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: I do not know of any

Notice of Completion of Groundwater Appropriation by Means of Well

Developed after January 1, 1962

(Under Chapter 237 Montana Session Law, 1961, as amended)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, last copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

Owner: John Boyd
Address: Dixon, Montana
File No.: 821 - 125026

Date well started: Nov. 17, 1972
Completed: Nov. 18, 1972

Type of well: Drilled
Equipment used: Chuck Drill
Water Use: Domestic ☐ Municipal ☐ Stock ☐ Irrigation ☒

*Describe *

USE: If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e. Lot, Block and Addition).

Estimated Annual Withdrawal: 200,000 gal.

ADMINISTRATOR OF GROUNDWATER CODE  
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights  
(Under Chapter 25, Montana Session Laws, 1961)

1. R. C. Burliche, of Lewis, Sanders Co., Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Household.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: About April 1st, 1942.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 g.p.m.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: About an acre.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Shallow well, pressure pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: About April 1st, 1942.

8. The depth of water table: 8 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 1 flowing spring.

10. The estimated amount of groundwater withdrawn each year: About 1 acre.

11. The log of formations encountered in the drilling of each well if available: No logging.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record where water right recorded: If May 7th, 1945, this was nothing to do with the well.  

Signature of Owner: R.C. Burliche  
Date: Dec. 30th, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

1. With G. Daniels, of Dixon, Montana,
   (Name of Appropriator) (Address) (Town)

   County of Sanderson State of Montana
   (County) (State)

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Household use, landscaping of 150 sq.ft., minus buildings.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: I do not know, I have had it since March 1962.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gal.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: I believe about 100 sq. ft. of grass, shrubs, & flowers for about 6 months, I am the owner.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Drilled well, 5" bore, 3/4" flow, shallow wall electric pump.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: About 1912 or 1913, it was drilled by Dave Melton.

   8. The depth of water table: As far as I know it should be 23'-26'.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled well, 5" bore, 3/4" flow, shallow well electric pump, about 26' deep. It is used for household use, & sprinkling of yards.

   10. The estimated amount of groundwater withdrawn each year: About 3250 gal.

   11. The log of formations encountered in the drilling of each well if available: None available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Deed recorded, Sanders County Vol. 74, Page 326.

State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: 
   Household and garden irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 
   Oct 9 1938 - Continuous
   From Oct 1938 until present date

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 
   80 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 
   One acre - Garden use
   Owner: R.E. Lantz

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 
   Electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 
   Construction started: Jul 1938 - Completed: Jul 30th 1938

8. The depth of water table: 
   Thirty seven feet from surface of ground

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 
   Pump size: 8 feet in diameter
   Thirty seven deep

10. The estimated amount of groundwater withdrawn each year: 
    5,000 gallons

11. The log of formations encountered in the drilling of each well if available: 
   Clay and sand

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

   Reference: Box 21

   Signature of Owner: 
   R.E. Lantz

   Date: Jan 6 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

(Name of Appropriator)
County of: Sanders
(Address) (Town)

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Home Use

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: Prior to 1950

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5,000 gal

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 40 acres, SW 1/4 SE 28, Sec. 18, T. 18 N., R. 21 W.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 100' deep, 6-in. pump, well B.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Prior to 1950

8. The depth of water table: Unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 6-in. pipe, over 50'

10. The estimated amount of groundwater withdrawn each year: 50,000 gal

11. The log of formations encountered in the drilling of each well if available: Unknown

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Bought patents 1834 and 1835, find no records of wells.

Signature of Owner: W. B. MacDonald
Date: Jan. 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
