of
Hot Springs

County of Sanders
State of Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. Stock, Household, and Livestock Irrigation water.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Earliest beneficial use 1935. Use has been continuous since 1935.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). Twenty gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. The land is all that is irrigated from this well.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Water is withdrawn by a pressure pump. See Sec. 12, T 22N., R 18E.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1945.

8. The depth of water table. 15 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Drilled well, 1 inch casing, 305 feet deep.

10. The estimated amount of groundwater withdrawn each year. Two million gallons per year.

11. The log of formations encountered in the drilling of each well if available. Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. No other information known.

Signature of Owner: Percy L. Gott
Date: Dec 4, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
