Count of Sanders State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Garden Irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: App. 1946

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 25 gallons per min. App.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Unknown

8. The depth of water table: App. 30 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: App. 114,000

11. The log of formations encountered in the drilling of each well if available: Unknown

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Unknown

Signature of Owner: John Lockett
Date: January 3, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state otherwise the form will be returned.

Original to the County Clerk and Recorder, Duplicate to the State Engineer, Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Ed & Erma Hagena

of

Hot Springs

County of Sanders

State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based: Household and irrigation

2. Date or approximate date of earliest beneficial use; and how continuous the use has been: About 12 years, both

3. The amount of groundwater claimed: 1. 100 gal per hour

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pump on both

6. The estimated amount of groundwater withdrawn each year: 1. 5,000 gal 2. 5,000 gal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 12 years ago on both wells

8. The depth of water table: 1. 10 feet 2. 50 feet

9. So far as it may be available: the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 1. 6" pipe, 10 feet 2. 6" pipe, 50 feet

10. The log of formations encountered in the drilling of each well if available: Clay and gravel

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

Signature of Owner: Erma Hagena

Date: December 30, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

2. The beneficial use on which the claim is based:  
   Domestic, Stock and Irrigation  

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:  
   Well No. 1, Sweet Water, 1955  
   Used for Irrigation and Domestic and Stock Water.  
   Well No. 2, 1958, Used for Stock water and Irrigation.  

4. The amount of groundwater claimed (in miner's inches or gallons per minute):  
   Well No. 1, 300 gal. Per Minute, approx 1000 Miners inches per Year; Well No. 2, 200 gal. Per Day.  

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:  
   H. O. Bushy, Or Grace Bushy, Lot No. 2, Sec. 3,  

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:  
   Natural Flow, Arrangements has been made to use pumps.  

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:  
   Well No. 1, was drilled 1955, it is 115 feet deep and has a 6 inch steel casing.  
   Well No. 2 was drilled in 1958 and has a 6 inch steel casing.  

8. The depth of water table:  
   Both wells has strong natural flow.  

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:  
   Well No. 1, drilled in 1955, it is 115 feet deep and has a 6 inch steel casing.  
   Well No. 2, drilled in 1958 it is 22 feet deep and has a 3 inch casing.  
   Well No. 1 can be pumped by Tractor Power if necessary, Well No. 2 can be pumped by Electrical Pump.  

10. The estimated amount of groundwater withdrawn each year:  
    Well No. 1, we use an average,  
    Well No. 2 the same. and more.  

11. The log of formations encountered in the drilling of each well if available:  
    Not Available.  

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:  
    Well No. 1 was drilled for the purpose of Irrigation of the 40 acres, and to supply Domestic and Stock water.  
    The present owner has not found any useful information for the records. Well No. 2 is a mineral well and is used for stock water, and garden irrigation as of now.  

Signature of Owner:

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

I. Marland Crona
   (Name of Appropriator)
   (Address)
   (Town)

County of Sanders
   (Name of County)
   (State of Montana)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. Domestic

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. July 1935 Continuous use

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 8 gallons per minute

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof. None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Electric - Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. June 16, 1935 - July 1, 1935

8. The depth of water table. Depth of well 297 ft. - 35 ft. to water from ground level

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 3" casing = 297 ft. deep

10. The estimated amount of groundwater withdrawn each year. 190,000 gallons

11. The log of formations encountered in the drilling of each well if available. Clay and sand and gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Perry L. Costet, State of Montana

County

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator
2. The beneficial use on which the claim is based—Stock, Household, and Lawn irrigation water.
3. Date or approximate date of earliest beneficial use; and how continuous the use has been—Earliest beneficial use 1940—Use has been continuous since 1940.
4. The amount of groundwater claimed (in miner's inches or gallons per minute). Twenty gallons per minute.
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
6. The means of withdrawing such water from the ground and the location of each well or other works for withdrawal of groundwater—Withdrawn by a pressure pump.
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater—1940.
8. The depth of water table. 15 feet.
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater—Drilled well, 1 inch casing, 30 feet deep.
10. The estimated amount of groundwater withdrawn each year—Five million gallons per year.
11. The log of formations encountered in the drilling of each well if available—Not available.
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner

Date Dec 4, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Lawrence Baytek, of Hot Springs
   (Name of Appropriator) (Address) (Town)
   County of             State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based
      Stock Water + Irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been
      1916
      Continuous Use

   4. The amount of groundwater claimed (in miner's inches or gallons per minute)
      50 gal

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
      18 acres

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
      Franklin Drilled Well

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

   8. The depth of water table

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

   10. The depth of water table

   11. The log of formations encountered in the drilling of each well if available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: Lawrence Baytek
Date: Oct 13 - 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

1. Paul Hoover
   (Name of Appropriator)
   of Hot Springs
   (Address)
   (Town)

   County of Sanders
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Domestic Use. Livestock Water. Farm Irrigation.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Beneficial use since 1963.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 15 gallons per minute.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Used to irrigate about 1 acre of land. Refer to Sec. 19 T. 222 N. 33 W.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Deep well, one horse pump.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1963.

   8. The depth of water table: 50 feet.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 1 inch casing, 200 feet deep.

   10. The estimated amount of groundwater withdrawn each year: 500,000 gallons per year.

   11. The log of formations encountered in the drilling of each well if available: Log not available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: No other information available.

(Under Chapter 237, Montana Session Laws, 1961)

1. Name of Appropriator: John A. May
   Address: 301 Main St., Helena, MT
   Town: Helena
   County of Appropriation: Lewis
   State of Appropriation: Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: farming

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1947, about three months per year

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 100 gpm

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 1 acre, irrigated

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

   Not known since May 1947

8. The depth of water table: 300 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   Not available

10. The estimated amount of groundwater withdrawn each year: 3,000 gal

11. The log of formations encountered in the drilling of each well if available:

   Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

through cracks and seams in the rock. Wells in this area can be depended upon to produce clear sand free water year after year as long as they are not overpumped, i.e., they should be pumped at rates not in excess of 50 to 60 percent of the tested capacity of the aquifer.
NOTICE OF APPROPRIATION OF GROUNDWATER
(Under Chapter 237, Montana Session Laws, 1961, as amended)

After filing a notice of appropriation, in order to acquire a right based thereon, the person must, within ninety (90) days, commence actual excavation and diligently prosecute construction of a well and, upon its completion, file a notice of completion with the County Clerk of the county in which the appropriation is located.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

1. _______________________________  of _______________________________
   (Name of Appropriator)          (Address)  (Town)

   County of ________________________, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is _______________________________

3. The rate of use in gallons per minute or miner’s inches of groundwater claimed _______________________________
   per minute

   The estimated amount of groundwater to be used annually _______________________________

4. The annual period (inclusive dates) of intended use _______________________________

5. The probable or intended date of first beneficial use _______________________________

6. The probable or intended date of commencement and completion of the well or wells *

   Commenced July 7, 1964 completed July 15, 1964

7. The location, type, size and depth of well or wells contemplated: ______________________________
   Drilled: 6”; 130 feet

8. The probable or estimated depth of the water-table or artesian aquifer ______________________________

9. The name, address, and license number of the driller engaged: Liberty Drilling Company
   2500 Reserve St., Missoula, Mt. License No. 52
