STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER USE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 22665 1960
Owner: James R. Flesher
Address: Trout Creek

Contractor (if any) __________________________________________

Address of Contractor ________________________________________

Date Started __________________________ Date Completed __________

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes." Include depth to
water when applicable.

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use.

Signature of Owner
Date

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, leave blank, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriate.
I received and filed the instrument for record on the 30th day of Dec. 1968 at 2:52 o'clock P.M.

Static Water Level for non-flowing Well: 17 feet.

Shut-in Pressure for Flowing Well: does not apply

Pumping Water Level: 17 feet at 20 gal. per minute.

Discharge in gal. per min. of flowing well: does not apply

How Tested: drilled

Length of Test: soil to clear

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other pertinent information, including number of acres irrigated, if used for irrigation)

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc.

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Charles R. Robbins, of Tenakhtopine (Name of Appropriator)
   (Address) (Town)

   County of Sanders State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Household & Stock Water & Irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Unknown

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): App. 500 per day

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   Charles R. Robbins
   Just lawn & garden in SW 1/4 SE 35, T 28, R 31

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric Pump

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Unknown

   8. The depth of water table: 34 feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: App. 7 foot diameter, Depth unknown

   10. The estimated amount of groundwater withdrawn each year: 200,000,000 App. per year

   11. The log of formations encountered in the drilling of each well if available: Unknown

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Unknown

   Signature of Owner: [Signature]
   Date: Dec. 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater:

Owner:

Contractor (if any):

Address of Contractor:

Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable:

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use:

Indicate point of appropriation and place of use, if possible.

Signature of Owner:

Date:

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
I received and filed this instrument for record on the 30th day of Dec. 19__

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name/Address of Appropnator: Carl E. Jakube, Missoula
2. The beneficial use on which the claim is based: Farm and ranch water for livestock
3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1914, continues
4. The amount of groundwater claimed (in miner's inches or gallons per minute): one gallon per minute
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Sand Creek
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pressure pump
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1914
8. The depth of water table: 16 feet
9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 40 ft. or 14 ft.
10. The estimated amount of groundwater withdrawn each year: 58,770
11. The log of formations encountered in the drilling of each well if available: this well was hand dug in 1914
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Sanders County

Signature of Owner: Carl E. Jakube
Date: 12/1/1965

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropnator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

I, Archie T. McDonald, of Nisula, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based:
   Stock Water

2. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1910

3. The amount of groundwater claimed (in miner's inches or gallons per minute): A foot per inch

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pump

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1910

7. The depth of water table: 150 feet

8. The estimated amount of groundwater withdrawn each year: 100,000 gallons a year

9. The log of formations encountered in the drilling of each well if available: Clay and gravel

10. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Unknown
