STATE OF MONTANA

ADMINISTRATOR OF GROUNDWATER CODE

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

File No. T 27 R 23

1. John & Daphne Kay
   (Name of Appropriator)
   of: Norman
   (Address)
   (Town)

   County of: Sanders
   State of: Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Household, Tractor Court, & Irrigation

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 

   4. The amount of groundwater appropriated (in miner's jars, barrels, or gallons per minute): 1,000 (Miner's Jar)

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: App. 5 years

   8. The depth of water table: App. 3 feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   10. The estimated amount of groundwater withdrawn each year: 60,000.00

   11. The log of formations encountered in the drilling of each well if available:

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Signature of Owner: ________________________
   Date: Dec. 26, 1964

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable: so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriate.

STATE OF MONTANA
ADMIRISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Laws, 1961)

1. MELVIN WINCHESTER of BOX 138 HERON

(Name of Appropriator) (Address) (Town)

County of SANDERS State of MONTANA

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: None.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1951 to date for 3 years.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gpm per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1931 completed in 1931.

8. The depth of water table: 3 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: 1,025 ft.

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: MELVIN WINCHESTER
Date: 12-30-49

Three copies to be filled by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate to the Appropriator.

Fay C. Rasmussen and Kathleen Rasmussen, of Helena,
(Name of Appropriator) (Address) (Town)
County of Sanders State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is domestic, stock water, and irrigation.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been September 10, 1955, and continuous since that time.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 150 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater...September 1, 1955, completed September 10, 1955.

8. The depth of water table 12 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year 100,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Orticated to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
As the Administrator of the Groundwater Code for the State of Montana, please take note of the following special instructions, in order to properly protect your groundwater right.

Special Instructions:

Please provide, as indicated in the Code, information regarding the date the application was completed, the method or means used to develop the groundwater, amount of groundwater claimed (in miner's inches or gallons per minute), and estimated water usage each year.

Thank you,

Note: The spring should be developed if not it may be considered surface water.

1. Describe means of obtaining groundwater (as by subirrigation, developed spring, drain, etc.) undeveloped natural spring.

2. Means of withdrawing water (gravity, pump, canal, etc.) gravity

3. Depth of water table

4. Use of the water stock water, irrigation, and other useful purposes

5. Amount of groundwater claimed (in miner's inches or gallons per minute)

6. If used for Irrigation, give number of acres and description of land part of SW¼, Section 16, Township 26 North, Range thirty-four (34) West

7. Estimate amount of water used each year all

8. Months of year spring flows 12 months

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

T. E. Lilly, South Route, Nixon
(Name of Appropriator) (Address)
County of Sanders State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based...drinking household use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been...Sept. 1962...

4. The amount of groundwater claimed (in miner's inches or gallons per minute)...well 40 ft.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof...

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal...pump....

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater...was here when place was

8. The depth of water table...

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater...

10. The estimated amount of groundwater withdrawn each year...

11. The log of formations encountered in the drilling of each well if available...

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record...

Signature of...Date...

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the Form will be returned.

Date of Appropriation of Groundwater: November 1, 1964
Owner: Louis N. Schuler, Address: Nokomis, Montana
Contractor (if any) None
Address of Contractor
Date Started: November 1, 1964
Date Completed: November 1, 1965

Describe means of obtaining groundwater without a well “as by sub-irrigation and other natural processes”. Include depth to water when applicable. Several springs located in the Southeast quarter of the Northeast quarter of Section 5, Township 26 North, Range 33 West, which run approximately 1000 gallons an hour; these springs have been improved by digging to a depth of approximately 15 feet and the water is collected and siphoned into a large storage tank for domestic and irrigation use.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Indicate point of appropriation and place of use, if possible.

Approximately 1000 gallons an hour, measured by full use of irrigation system. Flow is more or less constant.

Signature of Owner: Louis N. Schuler
Date: October 29, 1968

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

File No. 740
County: Sanders
Notice of Completion of Groundwater Appropriation

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: June 6, 1967
Owner: Louis H. Schuler
Address: Noxon, Montana
Contractor (if any): None
Address of Contractor:

Date Started: June 1, 1966. Date Completed: June 6, 1967

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable. Sub-irrigation resulting in
underground springs rising upon highway right-of-way on the northeast
erly highway right-of-way of U.S. Highway 10A at approximately Station
326+75 in Section 5, Township 26 North, Range 33
West, M.P.M. Said springs are gathered by
perforated drains placed along said highway
and are collected and channeled through a culvert running into a reservoir located on the SW1/4 side of highway R/W thence piped to SE Sec. 5 for domestic uses only.

Estimate approximate lengths of periods of use.

The system flows at the approximate rate of 100 gallons per hour, measured at the system outlet.

Encroachment Application and Permit for tapping and maintaining said springs, dated June 6, 1968, and has been obtained from State Highway
Commission of Montana.

Signature of Owner: Louis H. Schuler
Date: October 24, 1968

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana
Bureau of Mines and Geology and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Calvin Green  Address: Nesson
Driller: Kane Waters Well Drilling  Address: St. Regis

Date of Notice of Appropriation of Groundwater: 8/5/61
Date well started: 8/5/61  Date Completed: 8/5/61

Type of well: drilled  Equipment Used: churn drill
(dug, driven, bored or churn drill or other)

Water Use: Domestic  Municipal  Stock  Irrigation  Industrial  Drainage  Other

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Ruth E. Griffin, of PO Box 554, Miles City, Montana

County of Custer, State of Montana

have appropriated groundwater according to the Montana laws in effect on January 1, 1962, as follows:

2. The beneficial use on which the claim is based... domestic and garden at residence, and domestic use at cafe...

3. Date or approximate date of earliest beneficial use; and have continuous the use has been... June 1, 1973, continuous since said date...

4. The amount of groundwater claimed (in miner’s inches or gallons per minute) 16 gallons a minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof...

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal... dug well, 100 feet

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater... well commenced Sept 1971, completed June 1, 1973...

8. The depth of water table... 24 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater... dug well, depth 30 feet

10. The estimated amount of groundwater withdrawn each year... 60,000 gallons

11. The log of form... countered in the drilling of each well if available... not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record... None

Signature of Owner... Ruth E. Griffin
Date... June 1, 1973

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Mrs. Evelyn Boyd, of Helena, Montana,

County of Sanders State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. Domestic use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. 1956 Used six years.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 550 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Three acres. Mrs. Evelyn Boyd.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. A half horse pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1955.

8. The depth of water table. 14 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 14 ft. Deep and it is a open well.

10. The estimated amount of groundwater withdrawn each year. 250,000,000.

11. The log of formations encountered in the drilling of each well if available. Sandy soil.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Never been recorded.
