have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based... Livestock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been... 1956, 9 mo., each year every year

4. The amount of groundwater claimed (in miner's buckets or gallons per minute)... 15 gal per min

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal...
   Br electric Plunger pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater... 1956

8. The depth of water table... 80 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater... 110 ft, 9 in steel casing

10. The estimated amount of groundwater withdrawn each year... App. 300,000

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner
Date: 20, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Human and Stock.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1921.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Has never been pumped dry.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: It's a Bore well.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1921.

8. The depth of water table: 72 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled 150 ft. hard sanding.

10. The estimated amount of groundwater withdrawn each year: 160,000.

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1968

Owner: WOODROW W. BERNAU  Address: ANTELOPE, MONTANA
Contractor (if any): None
Address of Contractor: None
Date Started: Date Completed:

Describe means of obtaining groundwater without a well *as by sub-irrigation and other natural processes*. Include depth to water when applicable. **THESE TWO CREEKS ARE SPRING FED FROM THE SURROUNDING HILLS AND ALSO FROM SPRING RUN-OFF AND SUMMER RAINS.**

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use **USED 365 DAYS.**

PER YEAR AND PRIMARILY FOR WATERING 100 HEAD OF CATTLE. ALSO COULD BE UTILIZED FOR SMALL IRRIGATED TRACKS.

Signature of Owner: Woodrow W. Bernau  Date: 30 Dec 1968

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriate.

County of Sheridan, State of Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: House Hold

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1957 Continues

4. The amount of groundwater claimed (in miner’s inches or gallons per minute): 8 to 10 gal.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1959

8. The depth of water table: 150 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: 100 c.f.s.

11. The log of formations encountered in the drilling of each well if available:

   - 140 to 146 Sandy Shale 146 to 148 rock 148 to 162 semi-argillaceous

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Robert Friedrich
Date: 10-31-1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state. Otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriate.

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: July 1963

Owner: H. Rasmussen  Address: Antelope, Mont.

Contractor (if any): not applicable

Address of Contractor:

Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Spring was developed with a dam holding the water for livestock and also for spraying.

Quantity of water developed and used, with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use. Used for two months during the summer, spring or fall. Water is hauled from here for cisterns all of the year. Use water in amount of 40,000 gallons per month in peak season.

Signature of Owner: H. Rasmussen

Date: 18 June 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Richard W. Deka, of RR #1 Westby
County of Sheridan State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   Season continuous before 1920,since 1920.

4. The amount of groundwater claimed (in miner’s inches or gallons per minute): 20 gal. per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   Not used for irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Domestic well. electric pump used.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   Prior to 1920.

8. The depth of water table: Approx. 30 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year: 132.00

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1964. as follows:

1. The beneficial use on which the claim is based:
   Stock and all general purposes

2. Date or approximate date of earliest beneficial use: January 1, 1955
   And continuous use has been July 1955

3. The means of withdrawing such water from the ground, and the location of each well or other means of withdrawal:
   Well on farm near the house

4. The amount of groundwater claimed (in miner's inches or gallons per minute): About 25 gallons

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   Not Applicable

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   July 15, 1955; Completed July 23, 1955

7. The depth of water table:
   About 60 feet

8. The depth of water table:
   From casing and 18 in. pipe and 3 in. cedar

9. The estimated amount of groundwater withdrawn each year:
   I don't really know

10. The log of formations encountered in the drilling of each well if available:
    Not Available

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Helen Pageprint
Address: Westby, Mont.

Driller: Ivor Pageprint
Address: Westby, Mont.

Date of Notice of Appropriation of Groundwater: 11-2-63
Date well started: 11-5-63 Date Completed: 11-7-63

Type of well: Drilled
Equipment Used: Rotary (Churn, drill, rotary or drilled)

Water Use: Other

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well: 9 feet.
Shut-in Pressure for Flowing Well: 
Pumping Water Level: 25 feet at 6 gal. per minute.
Discharge in gal. per min. of flowing well: 
How Tested: Pumping Length of Test: 2 hours

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

5 acres

Driller's License Number: Lloyd H. Carlson
Driller's Signature:

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Livestock, household, watering garden & such.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: August 1952. Continued use.

4. The amount of groundwater claimed (in miner’s inches or gallons per minute): Approximately 5 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not used for irrigation.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pressure pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: August 1952.

8. The depth of water table: 45 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 4 in. casing, 45 feet deep.

10. The estimated amount of groundwater withdrawn each year: 500,000 gallons.

11. The log of formations encountered in the drilling of each well if available: 0-10 feet sand & gravel; 10-40 feet sandy clay; 40-45 feet sand & gravel & water.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: I know of no other information.

STATE ENGINEER

Richard W. Oskea of P.O. 1 Westby
(Name of Appropriator) (Address) (Town)
County of Sheridan State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. 

2. The beneficial use on which the claim is based: 

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 

8. The depth of water table: 

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 

10. The estimated amount of groundwater withdrawn each year: 

11. The log of formations encountered in the drilling of each well if available: 

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

Signature of Owner: Date: 

Three copies to be filled by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

DECLARATION OF VESTED GROUNDWATER RIGHTS
(Founded Under Chapter 37, Montana Session Laws, 1961)

1. ELMIN C. & MILDELL D. LAGEMONQUIST of Westby.

County of Sheridan State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.
   livestock, household, irrigating yard

3. Date or approximate date of earliest beneficial use and how continuous the use has been since then.
   1944, continuous use

4. The amount of groundwater claimed (in miner's inches or gallons per minute).
   10 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   irrigation for yard and garden

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   completed in 1944

8. The depth of water table.
   18'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   35' deep, 4' inch casing

10. The estimated amount of groundwater withdrawn each year.
    400,000 gallons

11. The log of formations encountered in the drilling of each well if available.
    none available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.
    none available

Signature of Owner: Elmin C. Lagemonquist
Date: December 31, 1964

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

NOTICE OF COMPLETION OF GROUNDWATER APPROPRIATION BY MEANS OF WELL
Developed after January 1, 1962
(Under Chapter 237 Montana Session Laws, 1961, as amended)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, last copy to be retained by driller. Please answer all questions. If not applicable, so state, otherwise the form may be returned.

Owner: Bobble Bleed
Address: 345 Smith St.

Date well started: July 2, 1971
Date well completed: July 8, 1971

Type of well: Drilled
Equipment used: Chis dril, rotary or other

Water Use: Domestic □ Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □ Garden/Lawn □

Describe: 
USE: If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e. Lot, Block and Addition).

ESTIMATED ANNUAL WITHDRAWAL: 

PERFORATIONS

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Alice Ocker
Address: Westley, Mont.

Driller: Albert Anderson
Address: Medicine Lake

Date of Notice of Appropriation of Groundwater: July 1, 1963

Date well started: June 24
Date completed: July 1, 1963

Type of well: Drilled
Equipment Used: Chisel, drill, rotary or drilled

Water Use: Irrigation

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well: 56 feet.
Shut-in Pressure for Flowing Well: 0
Pumping Water Level: 16 feet at 5 gal. per minute.
Discharge in gal. per min. of flowing well: 0
How Tested: Pump
Length of Test: 5 hr.

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
