DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Law, 1961)

1. County of Silver Bow, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   Name of Appropriator: Hilda Morgan
   Address: Town
   County of Silver Bow, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 2.5 years

4. The amount of groundwater claimed (in miner's inches or gallons per minute): Do not know

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Pump

8. The depth of water table: Do not know

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Pump

10. The estimated amount of groundwater withdrawn each year: ____________________

11. The log of formations encountered in the drilling of each well if available: Pump

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Pump

1. **Lydia Tkacz**, of **Box 43, Melrose**
   County of **Silver Bow**, State of Montana, have appropriated groundwater according to the Montana law in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   House hold use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   1890 Continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   10 gallon per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Electric motor pump, Block 6, Lot 15

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   Drilled in 1942 and completed on 12/31/46

8. The depth of water table 30 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   Drilled 60 ft, casing 30 ft

10. The estimated amount of groundwater withdrawn each year 260,000 Gallons

11. The log of formations encountered in the drilling of each well if available
   Richard Sand

STATE OF MONTANA

OF VESTED GROUNDWATER RIGHTS
Chapter 237, Montana Session Laws, 1961

1. Mount Moriah Cemetery Association
   of
   County of Silver Bow, State of Montana, have appropriated groundwater according to
   the Montana Law in effect prior to January 1, 1962, as follows:

2. The beneficial use for which the claim is
   Watering cemetery - we also use
   City water.

3. Date or approximate date of earliest beneficial
   Use; and how continuous the use has been
   Since Jan 1, 1925 - and from about
   May 1st to September 30th, each year

4. The amount of groundwater claimed (in
   miner's inches or gallons per minute)
   From 250 to 300 gallons per minute

5. If used for irrigation, give the average and
   description of the land to which
   water has been applied and name of the
   owner thereof
   No

6. The means of withdrawing such water from
   the ground and the location of each well
   or other means of withdrawal
   One centrifugal pump and three wells

7. The date of commencement and completion of the construction of the well, wells, or
   other works for withdrawal of groundwater
   January 1st, 1925

8. The depth of water table
   35 feet deep

9. So far as it may be available, the type, size and depth of each well or the general
   specifications of any other works for the withdrawal of groundwater
   Each well is about 35 feet deep

10. The estimated amount of groundwater withdrawn each year
    13,200,000 Gallons

11. The log of formations encountered in the drilling of each well if available
    Do not know

12. Such other information of a similar nature as may be useful in carrying out the policy
    of this act, including reference to book and page of any county record
