ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

DECLARATION OF VESTED GROUNDWATER RIGHTS
(under Chapter 237, Montana Session Laws, 1961)

1. Neil Francis,
of Terry Verde Heights #4 Place,
(Town)

County of Silver Bow, State of Montana, have appropriated groundwater according to the Montana Laws in effect prior to Jan. 1, 1962, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

5. If used for irrigation, give the acreage & description of the lands to which water has been applied & name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any Co. record

DECLARATION OF VESTED GROUNDWATER RIGHTS

(Under Chapter 237, Mont. Session Laws, 1963)

STATE ENGINEER

1. Name of Appropriator: Marie E. O'Neale, of Missoula, Butte County, in the State of Montana, having first been duly sworn, do depose and say that he of lawful age am the appropriator and claimant of the order and water right mentioned in the foregoing declaration of vested groundwater rights and the person whose name is subscribed thereto, as the appropriator and claimant, that he know the contents of said foregoing notice and that the matters and things therein stated are true.

2. The beneficial use on which the claim is based is domestic use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been is about 1900 - all the time.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) is 3 gph & 8 gph per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater is 1930.

8. The depth of water table is 15 feet deep 8x8 feet apart.

9. The estimated amount of groundwater withdrawn each year is 180 gallons per day.

10. The log of formations encountered in the drilling of each well is available.

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Laws, 1961)

John M. Suttle, of Continental Drive, Butte
County of Silver Bow, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based
Household use, irrigating ground 32 acres

2. Date or approximate date of earliest beneficial use, and how continuous the use has been
Drilled Sept 1958, used continuously since May 1959

3. The amount of groundwater claimed (in miner's inches or gallons per minute)
20 g.p.m.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
Water used to water cotton field

5. Description of the well or other means of withdrawal
Submersible electric pump

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
Submersible electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
Well commenced and completed in September 1958

8. The depth of water table 110 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
8" cement hole 140' deep

10. The estimated amount of groundwater withdrawn each year 33,400

11. The log of formations encountered in the drilling of each well if available
6' of overburden, remainder rock

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
