STATE OF MONTANA
COUNTY OF SILVER BOW

STATE ENGINEER

John Greene, State Engineer, Silver Bow County, Montana, have appropriated groundwater according to
the Montana Groundwater Rights Law, in effect prior to January 1, 1962, as follows:

1. The beneficial use or which the claim is based: Human Consumption

2. Date or approximate date of current beneficial use; and how continuous the use has been: 1951 Continuous Use

3. The amount of groundwater claimed (in miner's inches or gallons per minute): 442 Gals. per Min.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and names of the owner thereof: None

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Well: Aug. 1, 1951 - Drilled: Aug. 1, 1951

6. The depth of water table: 100 feet

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Well No. 1: Aug. 1, 1951 - Drilled: Aug. 1, 1951

8. The log of formations encountered in the drilling of each well if available: None

9. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: John Greene

John Greene, having first been duly sworn, deposes and says, that he is the appropriator and claimant of the order and water right mentioned in the foregoing declaration of vested groundwater rights and the person whose name is subscribed thereto, as the appropriator and claimant, that he knows all the contents of said foregoing notice and that the matters and things therein stated are true.

John Greene

Certified and sworn to before me, this 3rd day of February, 1964.

John Greene
STATE OF MONTANA
COUNTY OF SILVER Bow,

I hereby certify that the within instrument was filed at the office of the
clerk of this county, at the

Willie A. Peterson of
Gregson Store, M. via Butte

County of Silver Bow, State of Montana, have appropriated groundwater according to the Montana Water Code in effect prior to January 1, 1962, as follows:

1. The beneficial use for which the claim is being made is for Domestic Livestock.

2. The beneficial use for which the claim is being made is for Domestic Livestock.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

4. The amount of groundwater claimed (in millions of gallons per month).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied:

6. The source of withdrawing such water from the ground and the location of each well on or off the premises.

7. The date of commencement and completion of the construction of the well, or other works for withdrawing groundwater:

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well:

10. The estimated amount of groundwater withdrawn each year:

11. The list of formations encountered in the drilling of each well if available:

12. Any other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Mr. William T. Duckham
Clark and November
Silver Bow County
Court House
Butte, Montana 59701

Dear Mr. Duckham:

I have your letter and enclosures under date of February 3 with regard to the survey the B. A. & P. Railway filed with Silver Bow County in regard to grandfather rights. I request the survey in not receiving the required filing fee of $5.00 per application and accordingly I now enclose one check for $30.00 to cover the three fees.

As I interpret the Ninth Circuit's decision of January 10, 1954, by filing our letter with your office prior to February 1st, our vested-grandfather rights, as of the date of your receipt of our application, will be protected as of that date.

Very truly yours,

[Signature]

[Enclosure]
Clark and Recorder
Silver Bow County
Butte, Montana 59701

Dear Sirs:

Supplementing my letter dated December 30, 1963 in connection with this Company’s application to your office in order to be on record with the new Montana State Code requirements under Chapter 337 of the 1963 Montana State Legislative Assembly.

Accordingly, I enclose the original and one (1) copy of State Form No. 4, Declaration of Vertical Groundwater Rights, covering the three locations on this property which will be covered under this new State Law.

I trust the enclosed forms are correctly completed and in sufficient detail to protect our rights to this groundwater.

Very truly yours,

[Signature]

Lee V. Kelly

[Handwritten note]

Emblems - 4

cc - Mr. A. F. McFarvel
December 30, 1963

Clerk and Recorder
Silver Bow County
Butte, Montana

Dear Sir:

I am informed by our Legal Department that the necessary forms for filing claims on wells and springs located on individual properties will not be available in time to comply with the filing requirements of the Ground Water Code adopted at the last legislative assembly.

Therefore, I am filing this letter today in order to be on record and then when the forms are available from the clerk and recorder here in Deer Lodge County we shall prepare the various forms and file them with your office.

The B. A. & F. Railway has the following wells and springs on our property:

1. Oregon Section House - A well was dug at the time this structure was constructed in 1893. The original well was abandoned and a new one drilled in the year 1940. It is located on the west side of the Oregon Section House, W. 1/2 of the N.E. 1/4 of Section 2, T. 3N., R. 10W.

2. Dawson Section House and Substation - A well was dug at the time this structure was constructed in 1893. An electric pump and water tank was added to the facility in 1942. This system was abandoned when a deep well was drilled in connection with the construction of the new substation in 1956. This well is located near Mile Post 9.17 from Butte, in the E. 1/4 of the S.W. 1/4, Section 15, T. 3N., R. 10W.

3. Rocker Water Supply - Water is supplied from springs located in the S.W. 1/4 of Section 21, T. 3N., R. 10W., on ground formerly owned by the B. A. & F. Railway Company but sold to N. D. C. Daubers on May 20, 1916, Deed No. 317 (Book 15 - Page 136). Our water right is protected by an instrument dated November 1, 1898.

I thought it advisable to have this information on record with your office since the required forms are not currently available.

Respectfully submitted,

LVK/ea
March 10, 1964

Mr. William T. Buckham
Clerk and Recorder
Silver Bow County
Butte, Montana

Dear Mr. Buckham:

Enclosed are the three letters which you sent us pertaining to the ground-water filings for the Butte, Anaconda and Pacific Railroad, Documents Nos. 252086, 252085 and 252084.

We have made copies of the three letters for our files, and we suggest that you file the originals with the filed forms in your office. Also, file a notarized letter with the above stating you had received Mr. Kelly's letter of December 30 before the filing deadline and forward a copy of the same to this office for our files.

This, we feel must be done as the filing date as shown on the forms, February 6, is after the deadline and the forms would not be valid.

Sincerely,

EVERTT V. DARLINGTON
STATE ENGINEER

1. Raymond C. & Hazel L. Sponaugle
   Name
   Address
   County of Silver Bow, State of Montana, have appropriated groundwater according to the
   Montana Session Law 237, in effect prior to January 1, 1963, as follows:

2. The beneficial use or which the claim is based
   Livestock watering

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   About 1890 years

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   2 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: Raymond C. Sponaugle
Date: Dec. 23, 1963

This Declaration of a vested groundwater right was made first been duly sworn
Repealed: On May 8, 1963

The County of Silver Bow, Montana, having first been duly sworn,
Repealed: On May 8, 1963

The following Declaration of vested groundwater rights was first been duly sworn.

Declarant: Raymond C. & Hazel L. Sponaugle
County of Silver Bow, Montana

The following is a true and correct copy of the Declaration of vested groundwater rights filed in the
County Clerk's Office of Silver Bow County, Montana

Date: Dec. 23, 1963

Subscribed and sworn to before me, this

County Clerk of the State of Montana, residing in

Date: Dec. 23, 1963
DECLARATION OF VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Laws, 1961)

Edward J. Looney and others,
1. Henry T. Peterson, assigned to, of 1118 Missouri, Butte,
   (Name of Appropriator) (Address) (Town)
   County of Silver Bow, State of Montana, have appropriated groundwater according to
   the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Pianar Mining claim

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   Sept. 19, 1961 to date hereof

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   400 Miner's Inches

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of
   the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   and ditch on Deerfieldright Creek

7. The date of commencement and completion of the construction of the wall, wells, or
   other works for withdrawal of groundwater
   Appropriated September 10, 1961

8. The depth of water table
   Unknown

9. So far as it may be available, the type, size and depth of each well or the general
   specifications of any other works for the withdrawal of groundwater
   Headgate and
ditch on Deerfieldright Creek as per water right location recorded in Book
A of Order right on page 512, recorded Silver Bow County, Montana

10. The estimated amount of groundwater withdrawn each year
    000 Miner's Inches

11. The log of formations encountered in the drilling of each well if available
    
    
12. Such other information of a similar nature as may be useful in carrying out the policy
    of this act, including reference to book and page of any county record

    See above

Oscar H. Caldwell, of Hamilton, Butte County

County of Silver Bow, State of Montana, have appropriated groundwater according to the Montana Law in effect prior to January 1, 1962, as follows:

2. The beneficial use or which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

1917 - 1963

4. The amount of groundwater claimed (in miner's inches or gators per minute)

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the person thereof.

6. The means of withdrawing such water from the ground and the location of each well or other works of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Length of Test: 24 hours
Remarks: (Gravel packing, cementing, packers, type of shut off)

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
1. Helen M. Miles, of Butte, County of Silver Bow, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   - Water for household use and garden

3. Date or approximate date of earliest beneficial use and how continuous the use has been:
   - May, 1967, year-round use

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   - 10 gallons per minute

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof:
   - 1.3 acres total area owned; 0.3 acres in Marion & watered, Helen M. Miles, Butte.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - One well equipped with electric pumps

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - May 1967

8. The depth of water table:
   - Eighteen feet

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - Hand dug, 4 feet in diameter, 55 feet deep. One well only

10. The estimated amount of groundwater withdrawn each year:
   - 800,000

11. The log of formations encountered in the drilling of each well if available:
   - Not available
