   Dec. 23
   17
   w
   35
   NW 1/4 SE 1/4
   S 15 R 16 E

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). ____________________________________________________________________________
   25 gal. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. ____________________________________________________________________________
   No irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. ____________________________________________________________________________
   Pump
   11/2 HP gasoline motor

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. ____________________________________________________________________________
   1932

8. The depth of water table. ____________________________________________________________________________
   120

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. ____________________________________________________________________________
   150 feet depth of stratum. 17 feet
   sand and gravel set 3 feet from well.

10. The estimated amount of groundwater withdrawn each year. ____________________________________________________________________________
    19,000 gal. estimated.

11. The log of formations encountered in the drilling of each well, if available. ____________________________________________________________________________
    And rest of well is solid rock.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. ____________________________________________________________________________

Signature of Owner. ____________________________________________________________________________

Date. ____________________________________________________________________________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

TELMA TELJAN ND, of Roso Point
County of Sweet Grass

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

1. The beneficial use on which the claim is based: HOUSEHOLD

2. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1894 CONTINUOUS SINCE THEN

3. The amount of groundwater claimed (in inches or gallons per minute): 40 GALLONS PER MINUTE FROM TWO WELLS

4. If used for irrigation, give the amount and description of the lands to which water has been applied, and name of the owner thereof: Approximately two acres used for

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Deep well

6. The estimated amount of groundwater withdrawn each year: 4,800 gallons

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1956

8. The depth of water table as measured to a point 10 feet, 20 feet, or 30 feet with least practical depth

9. So far as it may be possible, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Deep well

10. The estimated amount of groundwater withdrawn each year: 4,800 gallons

11. The log of formations encountered in the drilling of each well if available: All gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Well which was watered by owner for animals being raised to present

Signature of Owner: Telma Teljand
Date: Dec 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Date Completed: 

Describe manner of obtaining ground water without a well, "for irrigation and other natural processes," including depth to water when applicable. 

3 SPRINGS

1) Used for irrigation & stock

2) Used for household: 40 gal per min

3) Livestock: 3 gal per min

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use: 

Signature of Owner: TELMAF TERNAND

Date: Dec 31, 1963

STATE OF MONTANA

COUNTY OF winters

I, TELMAF TERNAND, having first been duly sworn, do hereby certify that I have, and am, the owner and claimant of the lands and water rights mentioned in the foregoing notice of completion of groundwater appropriation without well and the person whose name is subscribed thereto, or the appropriator and claimant, that I have read the contents of said foregoing notice and that the matters and things therein stated are true.

Subscribed and sworn to before me, this 31 day of Dec, 1963.

Notary Public for the State of Montana

Residing at Big Timber, Mont.

My Commission expires Jan. 1, 1943

1. Name of Appropria
tor: Robert C. Line
   Address: 5423 Missoula
   Town: Missoula

2. The beneficial use on which the claim is based: Agriculture, household, irrigation, and general farm use, including water for stock raising.

3. Date or approximate date of earliest beneficial use: Continuous since January 1955.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): All available with a total of 100 gallons per minute plus unknown amounts.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table:

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Louise C. Line

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1/27/63
Owner: Ben J. Pasland
Address: Ruid Point
Contractor (if any): 
Address of Contractor: 
Date Started: Date Completed: 

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Springs No. 1 is developed with clear sandstone laid for a collection and the pipe to transport water to metal tank. Spring No. 2 is natural water flow on the surface from natural underground water.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use. Springs are used in the spring, summer, fall and winter, used at times for this period. Both Springs will flow 15 gpm.

Signature of Owner: Ben J. Pasland
Date: 1/27/63

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
