Dear Sire:

There was a mistake made on Spring Fillings 10a 82-62, 82494, 82499 & 82500. Paul Bedrick made the Fillings but it was not noticed until Clay Stenberg brought his Abstract in. It showed up on his Abstract.

It should have read 5.4 instead of 2.8. Was wondering if you could change it on your copies.
