STATE OF MONTANA  
ADMINISTRATOR OF GROUNDWATER CODE  
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. DILLYN DAVIES, of STARS  
(Name of Appropriator) (Address) (Town)

County of Cascade State of Montana  
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

Lot 5  
1/4 Sec. 11 T. 20N R. 3W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 2. The beneficial use on which the claim is based  
stockwater and irrigation
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been well was dug 1914 and used each year until about ten years ago.
- 4. The amount of groundwater claimed (in miner's inches or gallons per minute) 80 miner's inches per second
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof  
used to irrigate about 40 acres in Sec. 11, Twp. 20N, R. 3W
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal  
By pump

- 7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1914
- 8. The depth of water table about ten (10) feet
- 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater depth of 15 feet and water is drawn by pump
- 10. The estimated amount of groundwater withdrawn each year unknown
- 11. The log of formations encountered in the drilling of each well if available none
- 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner Dyllyn Davies  
Date December 2, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Mr. David W. Harris  
Route 2  
Fairfield, Montana 59436

Dear Mr. Harris:

This is in reference to the two enclosed GW-1 forms, Notice of Appropriation of Groundwater, that were filed in the Teton County Courthouse at Choteau, Montana on June 6, 1972 (document numbers 311884 and 311885).

The Notice of Appropriation of Groundwater form is simply a "notice" form, which is filed in advance of the commencing of the well construction. Upon well completion the GW-2 form, Notice of Completion of Groundwater Appropriation By Means of Well should be filed.

Enclosed are two sets (5 sheets to a set) of the GW-2 form in order that you may file your groundwater rights properly. Complete the forms as accurately and completely as you can and take them to the County Clerk & Recorder for filing.

Also enclosed is a pamphlet entitled, Appropriation and Regulation of Ground Water. Please pay special attention to the areas underlined in red, in the first three and one-half pages.

If we can be of further assistance, please feel free to contact us at any time.

Sincerely,

Ronald J. Guse  
Groundwater Rights Coordinator

ADMINISTRATOR OF GROUNDWATER CODE  
OFFICE OF STATE ENGINEER

RECORDED  
JAN 10 1964

Notice of Appropriation of Groundwater  
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. I, Flying U Ranch Co., of Route 2, Choteau  
(Name of Appropriator) (Address) (Town)  
County of Feton, State of Montana, intend to appropriate groundwater in accordance with Chapter 237, Montana Session Laws of 1961.

2. The beneficial use to which water is to be applied is subirrigation of native hay and grass land. This water is responsible for the formation of native mountain meadows  
PARTS of sections 23, 25, 26, 27, 34, 35, 36, in T. 26 N, R. 5 W.  
(describe lands to be benefited, if for irrigation)

3. The rate of use in gallons per minute or miner's inches of groundwater claimed \_\_\_\_\_

Rate of seepage to surface of ground unknown, however it is variable with location and season.

4. The annual period (inclusive dates) of intended use uncontrolled

5. The probable or intended date of first beneficial use natural phenomena

6. The probable or intended date of commencement and completion of the well\* or wells\* \_\_\_\_\_

does not apply

7. The location, type, size and depth of well or wells contemplated \_\_\_\_\_

does not apply

8. The probable or estimated depth of the water table or artesian aquifer 40 to 60 feet of sand and gravel as glacial till determined by several seismograph borings.

9. Name, address and license number of the driller engaged \_\_\_\_\_

does not apply

10. Give such other similar information as may be useful in carrying out the policy of this act \_\_\_\_\_
