Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Joe Flood
Address: Fairfield, Mont.
Driller: Patrick J. Byrne
Address: Great Falls, Mont.
Date of Notice of Appropriation of Groundwater: 
Date well started: 3-19-64
Date completed: 3-21-64
Type of well: Drilled
Equipment Used: Churn drill

Water Use: Domestic □ Municipal □ Other □ Irrigation □
Industrial □ Drainage □ Stock □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well 14' below G.L. feet.
Shut-in Pressure for Flowing Well.
Pumping Water Level 28 feet at 80 gal. per minute.
Discharge in gal. per min. of flowing well.
How Tested: [Driller]
Length of Test: 2 hrs.
Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation).

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
STATE OF MONTANA
County of Teton

JOSEPH J. FOLDA, having first been duly sworn, deposes and says: That on March 23, 1964, he caused to be filed a Notice of Completion of Groundwater Appropriation by means of a well under document number 292016 in the office of the County Clerk and Recorder for Teton County, Montana, and in said notice there was a mistake in the location of the water well as follows:

The well was designated in the notice as being located as follows:

Township 22 North, Range 3 West M.M.
Section 34: NW¼

whereas the well was in fact drilled and is located in:

Township 22 North, Range 3 West M.M.
Section 34: NW¼ SE¼

JOSEPH J. FOLDA

SUBSCRIBED AND SWORN to before me this 2nd day of April 1974.

[NOTARIAL SEAL]
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 231, Montana Session Laws, 1961)

Greenfields Irrigation District
(Name of Appropriator)

County of Teton
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. Domestic

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Daily use since April 1961

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 50 gal. p.m.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

Irrigation of leases, ground office and residence of Greenfields Irrigation District. Less than 1 acre.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

Turbine pump located over well.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. April 1963

8. The depth of water table. Varies from 1' to 12'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 36" concrete cased, drawline dug to a depth of 16'.

10. The estimated amount of groundwater withdrawn each year. 80 acre-feet

11. The log of formations encountered in the drilling of each well if available. 5 feet on top was clay. Lomax and the balance gravel.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. No other information.

Greenfields Irrigation District
Signature of Owner: Ole Pedersen
Secretary: Date December 6, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights

Town of Fairview
Fairview

County of Teton
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: MUNICIPAL SUPPLY.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: JUNE 1, 1951 STARTED

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 350 GALLONS MINUTE.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: MUNICIPAL SUPPLY.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: HYDRAULIC TRENCH.

8. The depth of water table: 12 FROM GROUND SURFACE.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 12 X 24 X 28 DEEP. CONCRETE HOLLOW FORM.

10. The estimated amount of groundwater withdrawn each year: 3,000,000 GALLONS.

11. The log of formations encountered in the drilling of each well if available: NOT AVAILABLE.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: NO OTHER INFORMATION.

Signature of Quarter: [Signature]
Date: APR 29 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.
DECLARATION OF VESTED GROUNDWATER RIGHTS

(Under Chapter 237, Montana Session Laws, 1961)

1. M. Yard Sanger, of Box 202 Fairfield, County Butte, State Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   - Home and yard
   - Stock watering

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   - 1925
   - Continuous use

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   - Twenty (20) gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   - Yard and garden, one fourth acre

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - Deep well, jet pump
   - North west corner of eighty

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - See number 5 above

8. The depth of water table:
   - Twenty-five (25) feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - 50 feet deep, 6-inch casing, jet pump, pressure tank

10. The estimated amount of groundwater withdrawn each year:
    - 118,000 gallons

11. The log of formations encountered in the drilling of each well if available:
    - Not known

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner: M. Yard Sanger
Date: December 28, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriate.

Groundwater Rights
(Sections 26 and 28, Title 71, Revised Code of Montana 1937)

I. Groundwater Appropriation Form

Name of Appropriator: Hilda M. Olson

County of: Lewis

State of: Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based—household, livestock, and garden irrigation.

3. Date of earliest beneficial use and how continuous the use has been:
   - Well dug in 1912
   - Well dug in 1930

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 15 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of the well or means of withdrawal:
   - New well has electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - The well in the yard was dug in 1912, the one used for the house was dug in 1930

8. The depth of water table: about 12'

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - One well used for house 5' diameter and 15' deep; another in yard is 3' deep 5' diameter and is cemented up with rock

10. The estimated amount of groundwater withdrawn each year: estimate 45,000 gallons

11. The log of formations encountered in the drilling of each well if available:
    - do not have any information

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    - no information available

Signature of Owner: Hilda M. Olson
Date: 2/27/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

County of ___, State of Montana have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

1. Householder, household use, etc.

2. The beneficial use on which the claim is based: household use, and for watering livestock as well as irrigation of lawn and garden.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   - One well dug in 1926
   - One well dug in 1930

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   - 15 gallons per minute

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof:
   - About 1/4 acre of lawn and grass

6. The means of withdrawing such water from the ground and the location of each well or means of withdrawal:
   - Both now have electric pumps

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - The well in the yard was dug in 1926; the one used for the house was dug in 1930

8. The depth of water table:
   - About 12 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - One well used for house 8' diameter and 15' deep, tiled one in yard is 35' deep 5' diameter and is cemented up with rock

10. The estimated amount of groundwater withdrawn each year:
     - Estimate 10,000 gallons

11. The log of formations encountered in the drilling of each well if available:
     - Do not have any information

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
     - No information available

1. George Larson, of __________, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: __________

   3. Date or approximate date of earliest beneficial use, and how continuous the use has been:

       a. About 1930 - used daily for several years - now used only occasionally.

        b. __________

   4. The amount of groundwater claimed (in miner's inches or gallons per minute):

       __________

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof (Name of Owner) __________

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

       Located near house 200 yards.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

       __________

   8. The depth of water table: __________

   9. So far as it may be available, the type, size and depth of each well or other works for the withdrawal of groundwater:

       Drilled 10 inch casing - 25 feet

   10. The estimated amount of groundwater withdrawn each year: __________

   11. The log of formations encountered in the drilling of each well if available: __________

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: __________

Signature of Owner: George Larson

Date: Dec. 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Louella F. Larson, of Fairfield
   (Name of Appropriator) (Address) (Town)

   County of Montana State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: house and livestock use

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1. 1938 - steady use - daily 2. prior to 1938 - daily use

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 1000

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Sprinkling 1/2 acre or garden - Louella F. Larson

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: pressure pump located by house - 2-hand pumps - located by garage

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1. 1938 2. prior to 1938

   8. The depth of water table: 1.25 feet 2.15 feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 1. Drilled, 35 feet, 10 inches casing 2. hand auger, 18 feet

   10. The estimated amount of groundwater withdrawn each year: 1,200,000

   11. The log of formations encountered in the drilling of each well if available: earth, sand & gravel

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

   Signature of Owner: Louella F. Larson
   Date: December 27, 1963

   Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

   Please answer all questions. If not applicable, so state, otherwise the form will be returned.

   Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Existing Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Raymond L. Freeman
   (Name of Appropriator)

2. The beneficial use on which the claim is based: livestock watering and irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: May 25, 1952, continuous use since

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 25 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 2 acres located in the SE 1/4 NE 1/4 Sec. 22, T. 23 N., R. 24 E.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: one electric power shallow well jet pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: May 25, 1952

8. The depth of water table: 33 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: one well with 6" tile casing 16 ft. deep. One well with 5" tile casing 15 ft. deep.

10. The estimated amount of groundwater withdrawn each year: 6,280,000 gallons

11. The log of formations encountered in the drilling of each well if available: 16" sandy loam, 36" clay, 11'7" gravel, both wells are about the same log.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Raymond L. Freeman
Date: 12-31-1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Robert O. Lee
   (Name of Appropriator)
   of Rural Route 1, Fairview
   (Address) (Town)
   County of Teton
   State of Montana

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: livestock watering, irrigation and farm use

3. Date or approximate date of earliest beneficial use: 1915, and continuous since

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 1500 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: hand pumps, windmill, and electric pumps

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: no. 1, 1915, no. 2, 1923, no. 3, 1928

8. The depth of water table: 11 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: all the wells are dug wells with 9 ft. steel casing

10. The estimated amount of groundwater withdrawn each year: 300,000 gallons

11. The log of formations encountered in the drilling of each well if available: not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: I can think of no further information.

Signature of Owner: Robert O. Lee
Date: Dec. 26, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state. Otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

[Declaration form filled out by Paul Van Letter, of Fairfield, Teton County, Montana, on January 10, 1964]

1. [Appropriator's Name] of [Address], [Town], County of [County], State of [State], have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1944.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 40 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied, and name of the owner thereof: 10 acres of farm land.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1945.

8. The depth of water table: 10 to 28 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Deep well - 28 feet deep - 8' casing.

10. The estimated amount of groundwater withdrawn each year: 2 million gallons.

11. The log of formations encountered in the drilling of each well if available: [Log of formations not included.]

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

</table>

Date of Appropriation of Groundwater: 1949

Owner: Lois Van Seters
Address: Fairfield, Montana

Contractor (if any): None
Address of Contractor: None

Date Started: 1949
Date Completed: 1949

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

7 cu. ft. per second based on irrigation measurements

Used 12 months of each year.

Signature of Owner: Lois Van Seters
Date: December 30, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filled with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Chester O. and Carol F. Baker of Choteau, Montana (Name of Appropriator) (Address) (Town)

County of Teton
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is for household, livestock, and irrigation water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Earliest known date of use—1935—Since that date it has been used continuously

4. The amount of groundwater claimed (in millions of cubic gallons per minute) 360 gallons per hour or 6 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Approximately one acre—yard and trees

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Electrical water system—piston pump located in SW 1/4, Sec. 7, T. 22, R. 2 W

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. 1935

8. The depth of water table. 6 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. As far as is known the well was dug and has a wooden casing four feet square and fifteen feet deep; electrical water system with piston pump

10. The estimated amount of groundwater withdrawn each year. 500,000 gallons

11. The log of formations encountered in the drilling of each well if available. unknown

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. unknown

Signature of Owner: Carol F. Baker
Date: December 23, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Dale E. Allen Paddock, a R R 1, Fairfield
County of Teton
State of Montana

have appropriated groundwater, according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator (Address) (Town)

2. The beneficial use on which the claim is based.
   Domestic or Livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been about the 5.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 50 0.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. None.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Short well pumps.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. May 17, 1934. June 1934.

8. The depth of water table. No 1 12 ft., No 2 6 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Well No 1 31 ft. 4 1/2 diameter. No 2 15 ft. 12 diameter.

10. The estimated amount of groundwater withdrawn each year. 25,000 gal.

11. The log of formations encountered in the drilling of each well if available. Don't know.

19. Seek other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None.

Signature of Owner: Dale Paddock
Date: Dec 31, 1964

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder, Duplicate to the State Engineer, Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Margaret Lee of St. Peter, Helena, Montana, having appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: household and irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1930 and continuous since 1935.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 600 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: pump, electric.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1930.

8. The depth of water table: 25 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: dug well with 9 in. tile and 30 ft. deep.

10. The estimated amount of groundwater withdrawn each year: 300,000.

11. The log of formations encountered in the drilling of each well if available: none available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: have no other information available.

Signature of Owner: __________________________
Date: Dec. 27, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder, duplicate to the State Engineer, triplicate to the Montana Bureau of Mines and Geology, and quadruplicate for the Appropriator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER
