Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Ellan and After State of Choteau, Montana
   (Name of Appropriator) (Address) (Town)

   County of: Missoula County State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.
   Lawns and garden

3. Date or approximate date of earliest beneficial use; and how continuous the use has been since 1947.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).
   1,000 g.p.m.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   50 acres, 100
   Lawns and garden

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   New electric pumps

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   1950

8. The depth of water table.
   20 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   12 ft. in 1 quarter
   18 ft. in each quarter

10. The estimated amount of groundwater withdrawn each year.
    2,500,000 g.p.m.

11. The log of formations encountered in the drilling of each well if available.
    Drilled hard pan

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Ellan Scott
Date: 1/7/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

ADMINISTRATOR OF GROUNDWATER CODE

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Cecil J. Snyder Jr., of Box 1002, Chateau

(Name of Appropriator) (Address) (Town)

County of Teton State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: No. 1 well for domestic use, No. 2 well for irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: No. 1 well sense 1958, No. 2 well sense 1955; No. 1 well for everyday use, No. 2 Well summer irrigate only

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 20 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 2 1/2 acres

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 1 1/2 inch electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

8. The depth of water table: 21 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: No. 1 and No. 2 wells, both are 10 feet deep, five-inch pipes with 14-ounce plastic pipe inside

10. The estimated amount of groundwater withdrawn each year:

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Cecil J. Snyder Jr.

Date: 1/4/1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

(Under Chapter 237, Montana Session Laws, 1961)

Kathryn L. Sundet and
Arvid M. Sundet
(Name of Appropriator) (Address) (Town)
County of Teton State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   Household and Yard Irrigation

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Jan 1, 1950
   Continuous since

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 60 gallons

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   Electric Pump with driven Sandpoint under house

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Jan 1, 1950

8. The depth of water table: 16 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 1½ inch pipe

10. The estimated amount of groundwater withdrawn each year: 500,000 gallons

11. The log of formations encountered in the drilling of each well if available: None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. J.A. Swanson, of 612 - 9th Ave. W. Choteau, Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based:
   - on irrigation lawns, shrubbery and flowers and trees

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: June 1st, 1961, continues from April thru most of October

4. The amount of groundwater claimed (in minor's inches or gallons per minute) 60 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   - Lots 1-6, 11, 12 and 13 of Block 15, Shuburn's Addition to townsite of Choteau; also Boulevard between West Division Street and lot 10 shown above

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - By means of a centrifugal pump powered by a 1/2 HP electric motor drawing water thru a 2-inch pipe at a depth of 105 ft. Located NE corner of house on premises

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: June 1st, 1961, completed June 15th, 1961

8. The depth of water table: 150-200 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 2 inch sandpoint driven to a depth of 105 ft.

10. The estimated amount of groundwater withdrawn each year: 720,000 gal.

11. The log of formations encountered in the drilling of each well if available: none encountered. Sandpoint driven

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

1. Elizabeth S. Banks
   (Name of Appropriator)

County of Teton
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based. Well #1- house.
   Well #2- Irrigation, shelter belts, etc.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Wall #1- April 1, 1951.
   Well #2- April 1, 1951, summer months

4. The amount of groundwater claimed (in miner's inches or gallons per minute). Well #1- 12 gal. per min.
   Well #2- 50 gal. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   Acres- Shelter belts, garden
   Owner- Elizabeth S. Banks

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Electric pump.
   Sandpoint wells.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. July 19, 1951- Well #1.
   April 1, 1951- Well #2.

8. The depth of water table. 14 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Both sandpoint wells- Depth of Well #1- 14 feet.
   Depth of Well #2- 14 feet

10. The estimated amount of groundwater withdrawn each year 4,576,800 gallons

11. The log of formations encountered in the drilling of each well if available.
   unknown - sandpoint wells

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Ray C. and Helen J. Lollantyne of Choteau, Montana

County of Teton State of Montana
(Address) (Town)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based water for use in one family residence.

3. Date or approximate date of earliest beneficial use and how continuous the use has been September 24, 1960 and used continuously since that date.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 5 gallons per minute per each well.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. One well is located in basement and one outside on lawn of above location. Centrifugal pumps are used to pump water.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner

DECLARATION OF VESSED GROUNDWATER RIGHTS

UNDER CHAPTER 237, MONTANA SESSION LAWS, 1961

1. Clee S. L. EISING

(Name of Appropriator)

(City)

(State of Montana)

County of

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. The depth of water table.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. The estimated amount of groundwater withdrawn each year.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

# Notice of Completion of Groundwater Appropriation by Means of Well

**DEVELOPED AFTER JANUARY 1, 1962**

(Under Chapter 237, Montana Session Laws, 1961)

**Owner:** Montana Feeder, Box 443, Choteau

**Driller:** Ray Anderson, Address, Choteau, Montana

**Date of Notice of appropriation of groundwater:** 12/25/72

**Date well started:** 12/10/72

**Type of well:** Drilled

**Equipment used:** Backhoe

**Water use:** Domestic

**Indicate the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc.**

**Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.**

### PERFORATIONS

**Static Water Level for non-flowing well**

8 feet

**Shut-in Pressure for flowing well**

N/A

**Pumping Water Level**

10 feet at 80 gal. per minute.

**Discharge in gal. per min. of flowing well**

N/A

**How Tested**

3 1/2 intervals

**Length of Test**

20 hrs.

**Remarks:** (Gravel packing, cementing, packers, type of shutoff)

- Filled hole, porous rock, 4 up to static water level with 1/2 rock, covered to ground with 1/2 dirt

**USE:** If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

- To be used in conjunction with 3 other wells for 10,000 head

---

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

   (Name of Appropriator) (Address) (Town)
   County of Choteau State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Livestock, yard, gardens and trees.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been. April 1961 — used continuously.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): Pumps 1000 gal. per 24 minutes.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Complete.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Oct. 25, 1960 (commencement)
   Dec. 2, 1960 (completion)
   (one well) 4 ft. deep.

   8. The depth of water table 10 ft.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

   10. The estimated amount of groundwater withdrawn each year: 360,000 gal.

   11. The log of formations encountered in the drilling of each well if available:

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

   Not applicable.

   Signature of Owner: Charles Baker
   Date: 

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

Leslie Baker, 201 Chateau

County of Teton, State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. **Signature of Owner**

2. The beneficial use on which the claim is based:
   - House and town water and livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1900

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 1000 gals per hr when watering lawn

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:
   - 1/2 Acre
   - Leslie Baker

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - 1 house power electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - 1900
     - Improved in 1958

8. The depth of water table:
   - 12 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - 12 ft deep with 48' clogging

10. The estimated amount of groundwater withdrawn each year:
    - 100,000 gal

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

3. Date or approximate date of earliest beneficial use, and how continuous the use has been
   continual
   No. 1 Dec. 1955
   No. 2 Oct. 1955

4. The amount of groundwater claimed (in miner’s inches or gallons per minute)
   No. 1 20 gal. per min.
   No. 2 10 gal. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   Lava only, and garden

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   No. 1 & 2
   H34 SW Sec. 8 T.24 N. W.
   Electric pumps

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   No. 1 Dec. 1955
   No. 2 Oct. 1955

8. The depth of water table
   No. 1 & 2 12 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   No. 1 4 inch steel pipe, 150 feet deep
   No. 2 6 inch steel pipe, 50 feet deep

10. The estimated amount of groundwater withdrawn each year
    No. 1 750,000 gal.
    No. 2 600,000 gal.

11. The log of formations encountered in the drilling of each well if available
    No. 1 15 ft. gravel, then all Colorado shale
    No. 2 15 ft. gravel, then all Colorado shale.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner:

Date:

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original: the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: F. E. Brown Address: Chateau
Driller: Whitaker Well Drilling Address: Augusta

Date of Notice of Appropriation of Groundwater:

Date well started: Nov. 17, 1965 Date Completed: Nov. 20, 1965

Type of well: Drilled Equipment Used: Cable Tool Drill
(dug, driven, bored or drilled)

Water Use: Domestic[] Municipal[ ] Other[ ] Irrigation[ ]
Industrial[ ] Drainage[ ] Stock[ ]

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well: 16' feet.
Shut-in Pressure for Flowing Well: 20' feet at 6 gal. per minute.
Pumping Water Level: 20' feet at 20 gal. per minute.
Discharge in gal. per min. of flowing well: 20'

How Tested: h. a. l. n. Length of Test: 2. 6'

Remarks: Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation:

Driller's License Number:
Driller's Signature:

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
