Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Paul J. Alshemer, of Collins,
(Name of Appropriator) (Address) (Town)

County of Teton State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 Sec. 12 T. 25 N R. 3 W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based
General farm home use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been December 2, 1954. Use has been continuous since this date.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) forty (40) gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
Used to irrigate garden and shelterbelt around buildings.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
This is an artesian well with a shallow well pump connected for pressure.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Commenced drilling November 27, 1954, completed well December 2, 1954.

8. The depth of water table Top of vein 187 feet, artesian well.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater None

10. The estimated amount of groundwater withdrawn each year 300,000 gallons

11. The log of formations encountered in the drilling of each well if available 0-10 ft. top soil, 10-45 ft. blue clay, 45-187 ft. yellow clay, 187-192 ft. fine gravel.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record Cased off to 192 ft. galvanized steel 5 5/8 I.D. casing. Drilled with churn drill

Doc. No. 291005
Filed for record
this 31 day of December
A. D. 1963, at 11:00
o'clock A.M.

Signature of Owner Paul J. Alshemer
Date 12-31-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE ENGINEER

I, Pedersen, Lloyd W., of RFD Collins
(Name of Appropriator) (Address) (Town)
County of Teton State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SW 1/4 Sec. 15 T. 25 R. 3W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- The beneficial use on which the claim is based household, irrigation for trees, garden, lawn etc.
- Date or approximate date of earliest beneficial use; and how continuous the use has been June 1926 - continuous since this date
- The amount of groundwater claimed (in miner's inches or gallons per minute) 12 gal. per minute
- If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof app. 4 acres of trees, garden and lawn.
- The means of withdrawing such water from the ground and the location of each well or other means of withdrawal deep well pump
- The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater during the month of June, 1926
- The depth of water table Top of vein - 160 feet. Static water level - 60 feet.
- So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater - -
- The estimated amount of groundwater withdrawn each year 200,000 gal.
- The log of formations encountered in the drilling of each well if available Clay-loam - 0 to 157 feet. 157 to 160 - blue clay. 160 on gravel.
- Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record cased from top of ground to water vein with 4 inch steel well casing. Drilled with churn drill.

Signature of Owner Lloyd W. Pedersen

1. Cowry Ranch Co of Coaling
(Name of Appropriator) (Address) (Town)
County of Leto State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NW 1/4 Sec. 25 T 25 N R 3 W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 2. The beneficial use on which the claim is based... Home use and livestock watering
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been... 6/1/53 - continuously
- 4. The amount of groundwater claimed (in miner's inches or gallons per minute)... 500 gal in the two wells
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof... not applicable
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal... Electric Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater... 5/27/53 - 6-1/53

8. The depth of water table... 42' and 60', respectively

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater...
Both are drilled wells with 6 inch casing. One is 47' - the other is 66'

10. The estimated amount of groundwater withdrawn each year... 500,000 gallons

11. The log of formations encountered in the drilling of each well if available...
Brown clay, sand, yellow clay, gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record... None

The well is on NW 1/4 of Sec. 25, T 25 N, R 3 W in Leto County.

Signature of Owner... Cowry Ranch Co

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater 1953

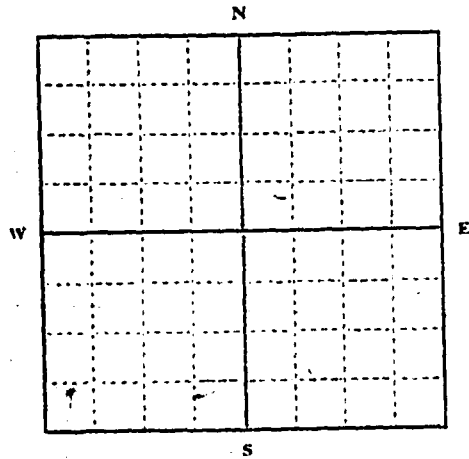

Owner Emilie Heinley Address Sollins Mt.

Contractor (if any)

Address of Contractor

Date Started 1953 Date Completed 1953

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Natural flow

SW 1/4 Sec 13 T25 R2W

Indicate point of appropriation and place of use, if possible.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

1800 gals per 24 hours
measured by gallon measure
continuous use since developed

Signature of Owner Emilie Heinley

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

JAN 20 1964

Declaration of Vested Groundwater Rights
Under Chapter 237, Montana Session Laws, 1961

1. Wayne L. Proff, of Box 58 Dutton
(Name of Appropriator) (Address) (Town)

County of Teton State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NE 1/4 Sec. 17 T25 NR 1 W

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- The beneficial use on which the claim is based Livestock & Irrigation
- Date or approximate date of earliest beneficial use; and how continuous the use has been Late 1800's, original use by Great Western & Canada Railroad, use not continuous. Supplied water for locomotive use.
- The amount of groundwater claimed (in miner's inches or gallons per minute) 700-800 gpm. (Needs cleaning out at present.)
- If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof Approx. 20 A could be irrigated with proper pump.
- The means of withdrawing such water from the ground and the location of each well or other means of withdrawal have used 1/2 gasoline operated pump
- The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Not known
- The depth of water table 12-18 feet
- So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater approx. 5" casing, actual depth unknown as casing now needs cleaning out
- The estimated amount of groundwater withdrawn each year Not known for sure Est. 900,000,000 gals ±
- The log of formations encountered in the drilling of each well if available not available
- Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record None

Gertrude Proff
Dec 17 - 1963

Signature of Owner

Date Dec. 17, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
