STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Field Ranch Co.        Pendroy

County of: Teton         State of: Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator (Address) (Town)

2. The beneficial use on which the claim is based:
   - Stock use: 82 Stock use: 83 Dwelling, Domestic

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   - 81 about 1925; 82 continuous; 83 1943-continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   - 81 about 10 gal. per minute; 82 about 6 gal. per minute; 83 about 8 gal. per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   - Windmill pump or by hand; Electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   - Exempt for periodic repairs same as above in 3 or
   - 81 about 1925; 82 in 1927; 83 in 1945

8. The depth of water table:
   - 81 18 ft; 82 25 ft; 83 about 45 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - 81 21 ft; 82 105 ft; 83 68 ft.

10. The estimated amount of groundwater withdrawn each year:
    - 81 550,000 gal; 82 360,000 gal; 83 36,000 gal

11. The log of formations encountered in the drilling of each well if available:
    - None available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    - None other

Field Ranch Co. - By: John R. Field
Signature of Owner: 
Date: Dec. 26, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state. Otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1 & 2 - Unknown
3 & 4 - 1963

Owner: Field Ranch Co.
Address: Fairplay, Montana

Contractor (if any): None

Address of Contractor:
1 & 2 - Unknown
3 & 4:—

Date Started: 6/15/63
Date Completed: 6/20/63
6/12/63

Describe means of obtaining groundwater without a well: as by sub-irrigation and other natural processes. Include depth to water when applicable. Water obtained by natural process: Pipe installed to control flow.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use:

#1-1 gallon per minute, 6 to 7 months per year use
#2-1 gallon per minute, 5 months per year use
#3-1½ gallons per minute, 5 months per year use
#4-1 gallon per minute, 7 months per year use

Signature of Owner: John R. Smith
Date: December 31, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

John K. Field
of Pendroy

County of Teton
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based.
   - 1 stock water
   - 2 domestic use and stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.
   - 1 drilled about 1923 and has been continuous
   - 2 drilled 1956 and continuous

4. The amount of groundwater claimed (in miner's inches or gallons per minute).
   - 1 about 3 gal per minute
   - 2 about 30 gal per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
   - 1 none for irrigation; 2 irrigation for garden only

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.
   - 1 Windmill or manually; 2 electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.
   - 1 drilled in about 1923; 2 drilled in 1956

8. The depth of water table.
   - 1 about 75 ft
   - 2 125 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.
   - 1-100 ft, 6" casing, galvanized; 2-80 ft, 6" casing

10. The estimated amount of groundwater withdrawn each year.
    - 1 about 18,000 gal; 2 -120,000 gal

11. The log of formations encountered in the drilling of each well if available.
    - none available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.
    - no other

Signature of Owner:

Date: Dec. 26, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Sept. 15, 1962

Wagner K. Halverson &
Owner: Joyce K. Halverson. Address: Pendroy, Montana

Contractor (if any) Bob Sweetland

Address of Contractor: Choteau, Montana

Date Started: Sept. 15, 1962 Date Completed: Sept. 15, 1962

Describe means of obtaining groundwater without a well, as by sub-irrigation and other natural processes. Include depth to water when applicable. Improper spring by digging pit to depth of 8 ft., where water came in; as by sub-irrigation and other natural processes to fill pit to depth of 8 ft., 4 ft. below surface level. Dams into earthen pit and thence over spillway and down a coulee.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Estimated at 25 gal. per minute.

Use has been continuous since appropriation.

Wagner K. Halverson
Signature of Owner: Joyce K. Halverson
Date: October 29, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Sept. 15, 1963
Wagner E. Halverson &
Owner: Joyce E. Halverson Address: Pawley, Montana
Contractor (if any) — Bob Sharp
Address of Contractor: Choteau, Montana
Date Started: Sept. 15, 1963 Date Completed: Sept. 15, 1963
Describe means of obtaining groundwater without a well, "as by
sub-irrigation and other natural processes," include depth to
water when applicable. Improved spring by digging pit to
depth of 10 ft, where water came in as by
sub-irrigation and other natural processes, to fill pit to
depth of 8 ft. below surface level. Spring was boiled
in and water piped to stock water tank by gravity.

---

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent,
estimate approximate lengths of periods of use. 5 gal. per min.
Use has been continuous since appropriation.

---

Signature of Owner: Wagner E. Halverson
Date: October 39, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana
Bureau of Mines and Geology and Quadruplicate for the Appropriator.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Wagner H. Halverson
   (Name of Appropriator)
   (Address)
   (Town)
   County of
   State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Stock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Prior to January 1, 1962

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 8 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Artesian well, flowing to surface through 6" pipe by natural pressure. Location approx. 200 ft. west of Hwy. 69 on the west side of dam and reservoir.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Original completion prior to Jan. 1, 1962. Well was modernized and improved August 1, 1960

8. The depth of water table: 18 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Artesian well flows from 30 ft. well up 6 in. pipe and through 2 in. outlet into an open stock tank and thence into reservoir. There is no well pump since the well is artesian.

10. The estimated amount of groundwater withdrawn each year: 420,000 gallons

11. The log of formations encountered in the drilling of each well if available:

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

Signature of Owner: Wagner H. Halverson
Date: October 29, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: August 1, 1969

Owner: Wagner K. Salveson
Address: Pondera, Montana

Contractor (if any): John Rieman
Address of Contractor: Choteau, Montana

Date Started: Aug. 1, 1969
Date Completed: Aug. 1, 1969

Describe means of obtaining groundwater, without a well, as by sub-irrigation and other natural processes. Point of discharge of water when applicable. Improved spring by digging pit 15 ft. deep of 35 ft. cube, where water comes in as by sub-irrigation and other natural processes to fill pit within 6 ft. of surface level. Water flows from spring through pipe by gravity into stock tank.

Quantity of water developed and used, with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate length of periods of use.

Use for watering stock has been continuous since appropriation.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 6-1910
Owner: J. V. Donegan
Address: Pendroy, Montana
Contractor (if any): NONE
Address of Contractor: 
Date Started: 6-1929
Date Completed: 6-1961

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable. A spring is considered in this manner.
Top about fifteen feet square. Depth to water 25 feet.
Bearing used for watering livestock. Water flows by
gravity into troughs.

Quantity of water developed and used with application of method
used to measure or estimate such amount. If use is intermittent,
estimate approximate lengths of periods of use. A steady flow
through 1 inch pipe to barn and all water used for
domestic purposes withdrawn by electric pump through
1 inch pipe. Total water withdrawn in year 750,000 gal.
B-steady year round flow into trough watering troughs.
Approximately 750,000 gallons used per year.

Signature of Owner: 
Date: December 31, 1961

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana
Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1965)

1. Robert B. McConnell, of Flathead, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic and livestock.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: A well 1964, B well 1963, both wells have been used continuously since that time.

4. The amount of groundwater claimed (in miner’s inches or gallons per minute): A well and B well both 5 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   For lawn and garden only

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Jet pumps on both wells

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: A well 1964, B well 1963.

8. The depth of water table: 60 feet on both wells.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: A well: 150 feet, drilled well, 6 inch casing, B well: 90 feet, drilled well, 4 inch casing.

10. The estimated amount of groundwater withdrawn each year: 200,000 gallons from A well, 500,000 gallons from B well.

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Robert B. McConnell

Date: December 13, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriate.
Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: July 30, 1963
Wagner L. Halverson &
Owners: Types E. Halverson Address: Flandreau, Montana
Contractor (if any): John Nixen
Address of Contractor: Choteau, Montana
Date Started: July 30, 1963 Date Completed: July 30, 1963

Description of obtaining groundwater without a well: Sub-irrigation and other natural processes. Include depth to water when applicable.

Dig out well shaft to a depth of 9'

where water shall be by sub-irrigation and other natural processes to fill up pit to depth of 3'.

Water was encountered at depth of 8'.

Quantity of water developed and used with explanation of method used to measure or estimate such amount.

Simplified estimate approximate amount of water estimated at 6 gallons per minute by filling 9 gallon bucket. Use has been continuous since appropriation.

Water runs into cistern pit and is used to water cattle.

Signature of Owner: Wagner L. Halverson
Date: October 30, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriaor.

(Under Chapter 237, Montana Session Laws, 1961)

Wagner L. Halverson
Joyce E. Halverson
of Pendroy, Montana
(Address) (Town)

County of
State of

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based... Domestic and stock watering purposes, and for use in spraying weeds.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Prior to 1915, use intermittent from 1915 to Sept. 1, 1932 and intermittent since then.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 25 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 3/4 HP pump mounted on tractor; pumping from named well situated in the open. Well is 50' deep.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Prior to 1915.

8. The depth of water table. 15'.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. 1st 15' is cement slurry, 31' across with 3' of 6' well casing below to a total depth of 50'.

10. The estimated amount of groundwater withdrawn each year. 30,000 gallons per summer year.

11. The log of formations encountered in the drilling of each well if available. Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Wagner L. Halverson
Date: October 29, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

(Under Chapter 237, Montana Session Laws, 1961)

I: Louise Barlow
(Name of Approporator)

County of: Toole
State of: Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: _________________.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. A-1935 continuous. B-1955 continuous.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): A-10 gallons per minute. B-10 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Lawns, gardens, and trees only.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: jet pump.

8. The depth of water table: A-10 feet. B-10 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: A-20 feet. dug well. B-12 feet. dug well. jet well. jet well.

10. The estimated amount of groundwater withdrawn each year: A-100,000 gallons. B-10,000 gallons.

11. The log of formations encountered in the drilling of each well if available: not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: _________________.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation: 1953

Contractor (if any):

Address of Contractor:

Date Started: 1953
Date Completed: 1953

Describe means of obtaining groundwater without a well: 'as by sub-irrigation and other natural processes'. Include depth to water when applicable: A-Gravity flow, depth to water 10 feet, channeled out. B-Surface spring developed to use to fill reservoir at same location. Gravity flow.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. A-used in spring and fall only, water 50 head of stock. B-used year round; supply unlimited.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Gerald G. Stokes, Sr., of P.O. Box 76, Pendroy

County of Teton State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator
2. Address
3. Town
4. County
5. State

2. The beneficial use on which the claim is based. Well No. 1 and well No. 2 both used for household water.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. Both homes were established early in 1900, and wells have been used since that time.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). Well No. 1 - 12 gal. per min., Well No. 2 - 10 gal. per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. Electric water pumps.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater not known. I have owned this property since 1957 and wells were constructed many years before this.

8. The depth of water table. Not known.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. No. 1 - Drilled well, about 40 ft. deep; 5 5/8 inch casing.
   No. 2 - Dug well, about 18 ft. deep; 1 ft. across; rock casing.

10. The estimated amount of groundwater withdrawn each year. No. 1 - 700 - 800 gal. per day - 200,000 gal. per year. No. 2 - same.

11. The log of formations encountered in the drilling of each well if available. Not known.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. None.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Lee William Lasty & Mary Lasty
   of Pbemroy
   County of Teton
   State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: A—domestic use, B—irrigation of lawn and shrubbery & stock use.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: A—April 1, 1945—continuous, B—October 1, 1948—continuous.

4. The amount of groundwater claimed (in miner’s inches or gallons per minute): A—approximately 1 gallon per minute—used intermittently, B—66 gallons per minute.

5. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof: B—used only for lawn adjacent to dwelling and shrubbery.

6. The means of withdrawing such water from the ground and the location of such well or other means of withdrawal: A—pumped from well to dwelling by means of 1” pipe, B—pump, electric motor attached to pump using 1” pipe.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: A—April 1, 1945, B—October 1, 1948.

8. The depth of water table: A—3½ feet, B—6 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: A—drilled well about 4’ in diameter, cased with rock, 20’ deep, B—drilled well about 30’ deep with 6” casing installed.

10. The estimated amount of groundwater withdrawn each year: A—110,000 gallons, B—360,000 gallons.

11. The log of formations encountered in the drilling of each well if available: not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: not available.

Notice of Completion of Groundwater Appropriation
Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1953, July 1st

Owner: Lee William & Mary
Address: Fundyapo, Montana

Contractor (if any): None - did the work myself.
Address of Contractor: 

Date Started: July 1, 1953; Date Completed: July 10, 1953

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. I dug a hole about 6' deep and the water rose to within 2' of the surface. Water was piped to reservoir at lower elevation.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. No method of measurement used. I use this water source for watering 15 to 20 head of cattle the year round, which would mean a daily consumption of about 200 gallons.

Signature of Owner: 

Date: December 6, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
