2. The beneficial use on which the claim is based:

   _stock-water and house use_

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:

   _Drilled and first used in summer 1961
   Used May thru August each year since_

4. The amount of groundwater claimed (in miner's inches or gallons per minute):

   _15 gallons per minute_

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   _Not used for irrigation_

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   _Pumped by electricity_

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:

   _Drilled in May, 1961_

8. The depth of water table:

   _30 feet_

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   _Drilled well, 8 inch steel casing, 64 feet deep_

10. The estimated amount of groundwater withdrawn each year:

    _180,000 gallons_

11. The log of formations encountered in the drilling of each well if available:
