Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

I, Simon Anderson of Nashua
(Name of Appropriator) (Address)
County of Valley State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

N.E. 1/4 Sec. 23, T. 28, R. 42

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- The beneficial use on which the claim is based irrigation of lands hereinafter described
- Date or approximate date of earliest beneficial use; and how continuous the use has been 6-1-61. Continuous since then for irrigation
- The amount of groundwater claimed (in miner's inches or gallons per minute) 600 gal. per minute
- If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof 120 Acres. NE 1/4 of Section 23, Township 28 North, Range 42 E.M.M. Simon Anderson.
- The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Motor driven turbine pump. NE 1/4 of Sec. 23, T. 28 N. Rge. 42 E.M.M.
- The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Started 1959, completed 1961.
- The depth of water table 11 feet - top of water table is 37 feet deep.
- So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Rotary auger machine. 18 inch hole. 49 feet deep.
- The estimated amount of groundwater withdrawn each year 600,000 gal. per day for 30 days
- The log of formations encountered in the drilling of each well if available 12 ft. yellow clay; 4 ft. sand and gravel; 11 ft. sand and yellow clay; 10 ft. sand silt and gravel; 11 ft. sand gravel and water.
- Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record At 500 to 600 gal. per minute water table drop 30 inches. Constant at this rate.

Signature of Owner Simon Anderson

Date May 25, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Charles H. Brocksmith of Glasgow, Montana
(Name of Appropriator) (Address) (Town)
County of Valley State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

- 2. The beneficial use on which the claim is based Stock water running spring
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1912
- 4. The amount of groundwater claimed (in miner's inches or gallons per minute) 20 In. Per minute
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Natural flowing spring located per map.

1/4 Sec. 26 T. 28 R. 42

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater 1912 and use thereafter. Has been walled and pipe inserted with drainage into tank. work done in 1937 or 1938
- 8. The depth of water table F. lows to surface
- 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Spring dug out - walled up with drainage pipe.
- 10. The estimated amount of groundwater withdrawn each year 20 Gal Per min. year round use.
- 11. The log of formations encountered in the drilling of each well if available
- 12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner Charles H Brocksmith
Date 1/13/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

STATE ENGINEER

1. *Edward Gerner* of *Washburn*
(Name of Appropriator) (Address) (Town)

County of *Valley* State of *Montana*
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

S.W. 1/4 Sec. 7 T28 R43

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based *General farm use*

3. Date or approximate date of earliest beneficial use; and how continuous the use has been *July 1916*
Continuously

4. The amount of groundwater claimed (in miner's inches or gallons per minute) *16 gals*

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof *garden for myself*

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
pumps 3 wells on N.W. 1/4 - S.W. 1/4 of Sec. 7 T28 R43

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
One well July 1916, One well June 1930
One well May 1936

8. The depth of water table *One well 7 ft one well 5 ft*

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
two wells are 7.5 ft deep one is bored with 1.5 in casing one is drilled with 4 1/2 in pipe casing one is bored with 1.2 in tile casing and is 0.5 ft deep

10. The estimated amount of groundwater withdrawn each year *463,000 gals*

11. The log of formations encountered in the drilling of each well if available *Loam clay*
quartz and gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner *Edward Gerner*

this 29 day of June

A. D. 19 71, at 11:20

o'clock PM.

Owner Wolfe Land & Livestock Address Cawego, Montana

Driller Boone Whitmer & Sons Address Wolf Point, Montana

Date of Notice of appropriation of groundwater June 14, 1971

Date well started June 9, 1971 Date completed June 14, 1971

Type of well Drilled Equipment used Cable Tool Rig
(Dug, driven, bored or drilled) (Churn drill, rotary or other)

Water use: Domestic Municipal Stock Irrigation
Industrial Drainage Other

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Size of Drilled Hole	Size and Weight of Casing	From (Feet)	To (Feet)	PERFORATIONS		
				Kind Size	From (Feet)	To (Feet)
5-inch	0-5-inch	0	35	slotted	55	62
	1 1/2" 10#	35	62			

Static Water Level for non-flowing well 40 feet.

Shut-in Pressure for Flowing Well

Pumping Water Level 55 feet at 9 gal. per minute.

Discharge in gal. per min. of flowing well

How Tested Bailer

Length of Test 2 hours

Remarks: (Gravel packing, cementing, packers, type of shutoff).....

1/4 Sec. T. R.
Indicate location of well and place of use, if possible. Each small square represents 40 acres.

(Continue on reverse side)

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e.: Lot, Block and Addition).

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

1. A.K. Redekopp, of Box 727, Wolf Point, (Name of Appropriator) (Address) (Town)
County of Roosevelt State of MONTANA
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

SE 1/4 NE 1/4 Sec 34 T. 28 R. 45

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- The beneficial use on which the claim is based Well used for stock and house.
- Date or approximate date of earliest beneficial use; and how continuous the use has been June 15, 1948, and have used it ever since
- The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gallons per minute
- If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof none
- The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Electric Pump
- The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater June 15, 1948
- The depth of water table 50 feet
- So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Well is 60 feet deep, 6" casing, This is a drilled well.
- The estimated amount of groundwater withdrawn each year 300,000 gallons
- The log of formations encountered in the drilling of each well if available none available
- Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record no record.
