Declaration of Vested Groundwater Rights
(Under Chapter 27, Montana Statutes)

1. ROBERT F. PRICE
   (Name of Appropriate Groundwater Appropriator)  SACO
   (Town)

County of VALLEY  State of MONTANA

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: irrigating truck garden and shelter belt.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Used since 1913 and in constant use since that year.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 50 gallons per minute for the three wells combined.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: irrigate two acres of shelter belt and two acres of truck garden, or a total of seven acres in § 5 NW¼ 5-29-34.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Windmill on Well #2; Jet pump on Well #3; Cylinder pump on Well #1.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Well #1 - 1913 and 1933; Well #2 - 1937; Well #3 - 1935.

8. The depth of water table: Wells average 74 feet in depth.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Well #1 and #2 - 8" steel casing. Water withdrawn by windmill on #1 and by cylinder pump on #2. Well #3 - dug well with 12" casing to water. Water withdrawn from #3 by jet pump electrically operated with light plant.

10. The estimated amount of groundwater withdrawn each year: 7,500,000 gallons per year.

11. The log of formations encountered in the drilling of each well if available: Sandy top soil, yellow sandstone, shale, water bearing sand and gravel.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act: The three wells reported herein are all used by owner and applicant herein in connection with his truck garden and shelter belt on lands located in § 5 NW¼ 5-29-34.

Signature of Owner: [Signature]

Date: December 19, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Duplicate to the Montana Bureau of Mines and Geology and Geophysics for the Appraiser.
Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. ROBERT F. FEIGEL, of SACO, VALLEY, STATE OF MONTANA
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

<table>
<thead>
<tr>
<th>W</th>
<th>N</th>
<th>5</th>
<th>3</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

   2. The beneficial use on which the claim is based: Irrigating truck garden. Also for domestic use.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Water first used April 8, 1916, and in continuous use ever since said date.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 15 gallons per minute per well, (covers six wells total); 90 gallons per minute.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   Robert F. Feigel, owner, 14 acres irrigated in NE 1/4 of Section 8, Township 29 N., Range 34 E.M.M.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   Well #1, 110 foot jet pump. Wells #2-6, 2 hp cylinder pump.

   Six wells located in
   NE 1/4 Sec.8, T. 29 N., R. 34 E.M.M.

   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Well #1 drilled April 8, 1916; Wells #2-6 inclusive, drilled in 1946, 1954, 1957.

   8. The depth of water table: 35 feet, well #1. Wells #2 to 6, approx. 75 feet deep.

   9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Wall #1 - dug to water line, 6" steel casing. Wells #2 to 6 inclusive - drilled wells with 6" casing to water line. Well #1 has jet pump electrically operated. Wells #2 to 6 have 2 hp cylinder pumps, driven by gasoline engines.

   10. The estimated amount of groundwater withdrawn each year: 8,100,000 gallons per year.

   11. The log of formations encountered in the drilling of each well if available: Sandy top soil, yellow sandstone to water.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: The six wells reported herein are all used by owner and applicant herein in connection with his truck garden operation on lands located in NE 1/4 of Section 8, Township 29 North, Range 34 E.M.M.

   Signature of Owner: Robert Feigel

   Date: December 19, 1963

These copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder, Duplicate to the State Engineer, Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriaator.

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: __________________________ Address: __________________________
Driller: __________________________ Address: __________________________
Date of Notice of Appropriation of Groundwater: __________________________
Date well started: __________________________ Date Completed: __________________________
Type of well: __________ Equipment Used: __________________________
(dug, driven, bored or drilled) (Chamber, drill, rotary or other)
Water Use: Domestic □ Municipal □ Other □ Irrigation □
Industrial □ Drainage □ Stock □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well: __________________________
Shut-in Pressure for Flowing Well: __________________________
Pumping Water Level: __________________________ feet at __________________________ gal. per minute.
Discharge in gal. per min. of flowing well: __________________________
How Tested: __________________________ Length of Test: __________________________
Remarks: __________________________

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. JOHN and MARION PORTER, of Hinsdale, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   Stock well

   Date or approximate date of earliest beneficial use: 1955
   Continuos

   Amount of groundwater claimed: 10 gallons per minute

   If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

   Means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pump — located per map

   Date of commencement and completion of construction of the well, wells, or other works for withdrawal of groundwater: 1955

   Depth of water table: 30 feet

   Log of formations encountered in the drilling of each well if available: Log is filed at Valley

   Estimated amount of groundwater withdrawn each year: 2,500,000

   Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.
