STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Cornwell Ranch, Inc., of Tampico
(Name of Appropriator) (Address) (Town)

County of Valley State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NW, NW Sec. 28 T. 30 R. 38

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based livestock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1960
used Dec, Jan, Feb, March - each year

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal electric driven pump - (cylinder type)

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater Dec - 1960

8. The depth of water table 15 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
32 Foot depth - drilled well - 4" casing

10. The estimated amount of groundwater withdrawn each year 144,000 gallons

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Cornwell Ranch, Inc.
Walter Cornwell, Inc.

Date Dec 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator

FEB 14 1964

Notice of Completion of Groundwater
Appropriation by Means of a Well

(Under Chapter 237, Montana Session Laws, 1961)

- Top of Ground (Elev. above sea level 2050)
- 0-6 Gravel
- 6-38 Soft Yellow Clay
- 38-117 Soft Blue Clay
- 117-118 Gravel
- 118-120 Blue Clay
- 120-121 Gravel
- 121-124 Blue Clay
- 124-125 Red Gravel Sand & Water

Owner Erwin Miller Address Tampico

Driller Carl Palm Address See

Date of Notice of Appropriation of Groundwater.....

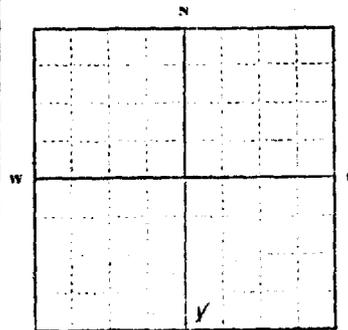

Date well started 1/24 Date Completed 1/31/64

Type of well Drilled Equipment Used Churn
(dug, driven, bored or drilled) (Churn, drill, rotary or other)

Water Use: Domestic Municipal Other Irrigation
Industrial Drainage Stock

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Size of Drilled Hole	Size and Weight of Casing	From (Feet)	To (Feet)	PERFORATIONS		
				Kind Size	From (Feet)	To (Feet)
5"	1 1/2 Galv	Top	125			

SW 1/4 Sec. 24 T. 30 R. 38

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

Static Water Level for non-flowing Well 20 feet.

Shut-in Pressure for Flowing Well.....

Pumping Water Level 40 feet at 20 gal. per minute.

Discharge in gal. per min. of flowing well.....

How Tested baling Length of Test 1 1/2 hr.

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation).....

No. 25
Driller's License Number

Carl A. Palm
Driller's Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Cliff Rice of Box 211 Glasgow
(Name of Appropriator) (Address) (Town)
County of Valley State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NW 1/4 NW 29 T 30 R 38

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

- 2. The beneficial use on which the claim is based live stock and household
- 3. Date or approximate date of earliest beneficial use; and how continuous the use has been 1954
year around use
- 4. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gal per minute
or more
- 5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof None
- 6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Withdrawal by electric power

- 7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. Well drilled in fall 1954
- 8. The depth of water table 55 feet
- 9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater depth of well 71 feet drilled with 6 inch casing
- 10. The estimated amount of groundwater withdrawn each year Not known
- 11. The log of formations encountered in the drilling of each well if available None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner Cliff Rice
Date 12-26-1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
Please answer all questions. If not applicable, so state, otherwise the form will be returned.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been... 1958
Fall watering

4. The amount of groundwater claimed (in miner's inches or gallons per minute)... 5 gals per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

NESE 1/4 Sec. 19 T. 30 R. 39

Indicate point of appropriation as place of use, if possible. If all square represents 10

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal...
Piston Pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater... 1958

8. The depth of water table... 28'

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater...

32 feet deep - 4' diameter Dug
3" cylinder piston pump

10. The estimated amount of groundwater withdrawn each year... 500,000

11. The log of formations encountered in the drilling of each well if available...
None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner Ben Boweson

Date Aug 27 1964

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

JAN 16 1964

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

I, Dorothy Johnson, Administratrix of the Estate of Paul Valacek
Glasgow of Glasgow (Town)
(Name of Appropriator) (Address)

County of Valley State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

NW 1/4 SW 1/4 SW 1/4 of 24 30 42.

1/4 Sec T. R.

Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

2. The beneficial use on which the claim is based. Spring for watering livestock.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been. January 1, 1956, continuous use for watering livestock.

4. The amount of groundwater claimed (in miner's inches or gallons per minute). 50 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof. Watering livestock by Paul Valacek, deceased, predecessor in interest of present appropriator Dorothy Johnson.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. The spring is artesian in nature - water flows to surface and onto ground by natural gravity flow.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater. This is a natural spring and improvements have been made by cleaning the same annually since January 1, 1956.

8. The depth of water table. Surface water from spring.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. Natural spring - gravity flow.

10. The estimated amount of groundwater withdrawn each year. Not applicable.

11. The log of formations encountered in the drilling of each well if available. Not applicable.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. Not applicable.
