STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
MONTANA WATER RESOURCES BOARD

NOTICE OF COMPLETION OF GROUNDWATER
APPROPRIATION BY MEANS OF WELL

Developed after January 1, 1962

(Under Chapter 237 Montana Session Laws, 1961, as amended.)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, last copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

Owner: Ralph Canon  For Administrator's Use
Address: Saco, Mont. File 20635

Well started: May 3, 1992. Well completed: June 17, 1992

Type of well: Drilled

Equipment used: Chuan (Or other drill, reenter drill)

Water Use: Domestic [ ] Municipal [ ] Stock [X] Irrigation [ ]

Industrial [ ] Drainage [ ] Other [ ] Garden/Lawn [ ]

*Describe

USE: If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (i.e. Lot, Block and Addition).

- Static water level: 160 ft.
- Pumping water level: 185 ft.
- at 15 gallons per minute, measured 30 minutes after pumping began.

*Measured from ground level. Well developed by Drilling for 3.0 hours.
- Pumps: 2 HP
- Remarks: (Gravel packing, cementing, packers, type of shutoff)

INDICATE LOCATION OF WELL AND PLACE OF USE, IF POSSIBLE. EACH SMALL SQUARE REPRESENTS 40 ACRES.

Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. Robert McCollum, of Bismarck
   (Name of Appropriator)
   (Address)

County of Valley
State Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Livestock Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1936. Use has been constant

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None

6. The means of withdrawing each water from the ground and the location of each well or other means of withdrawal: Electric pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Original well drilled in 1936. New well completed in 1947

8. The depth of water table: 45 ft

9. So far as may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Well is churn drilled, 110' deep and cased with 6'' galv. casing.

10. The estimated amount of groundwater withdrawn each year: 365,000 gal

11. The log of formations encountered in the drilling of each well if available: Water is produced from Judith River Sands

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: ____________________________
Date: 7/27/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

### Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. **Robert M. Wells** (Appropriator) of **Minesdale** (Address) (Town)
   - County of **Valley** State of **Montana**
   - have appropriated groundwater according to the Montana laws in effect prior to January 1, 1969, as follows:

   ![Groundwater Appropriation Map]

   Indicate point of appropriation and place of use, if possible. Each small square represents 16 acres.

2. The beneficial use on which the claim is based: **Household and Livestock water**

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1911 - Use has been constant

4. The amount of groundwater claimed (in miner's inches or gallons per minute): **10 gals. per minute**

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof: **n/a**

6. The means of withdrawing each water from the ground and the location of each well or other means of withdrawal: **Electric submersible pump**

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: **Original well completed in 1911. Well deepened in 1948**

8. The depth of water table: **265 ft.**

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   - **Well is churn drilled. 300 ft. deep and cased with 6" galv. casing.**

10. The estimated amount of groundwater withdrawn each year: **365,000 gal.**

11. The log of formations encountered in the drilling of each well, if available:
   - **Water is produced from Judith River Sands**

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:

# Declaration of Vested Groundwater Rights

**Under Chapter 237, Montana Session Laws, 1961**

1. **Name of Appellant:**
   - Albert Craig
   - Address: Hamil
   - County: Valley
   - State: Montana

2. **Counties and Town:**
   - County of Valley
   - State of Montana
   - Have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

3. **Beneficial Use:**
   - The beneficial use on which the claim is based.

4. **Dates and Use:**
   - Date or approximate date of earliest beneficial use; and how continuous the use has been.
   - 1920 and 1945

5. **Amount of Groundwater Claimed:**
   - The amount of groundwater claimed (in miner's inches or gallons per minute).

6. **Means of Withdrawal:**
   - The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. **Date of Construction:**
   - The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

8. **Depth of Water Table:**
   - Approx. 20 ft.

9. **Works and Description:**
   - So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

10. **Estimated Amount of Groundwater:**
    - The estimated amount of groundwater withdrawn each year.

11. **Log of Formations:**
    - The log of formations encountered in the drilling of each well if available.

12. **Other Information:**
    - Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriate.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Robert McCollum (Name of Appropitor)
of, Kinsdale (Address)
County of Valley (Town)
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Livestock—Water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1900—Use has been Constant

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Windmill and pumpjack

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: About 1900

8. The depth of water table: 8 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Hand-dug, 12 ft. deep, 6 ft. diameter and concrete curbing

10. The estimated amount of groundwater withdrawn each year: 365,000 gal.

11. The log of formations encountered in the drilling of each well if available: Water is produced from a gravel bed.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

(County or)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1968, as follows:

2. The beneficial use to which the claim is based is for  
   livestock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.  
   1929

4. The amount of groundwater claimed (in miner's inches or gallons per minute)  
   since it is a spring. the flow is continuous

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof  
   not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal  
   gravity flow spring

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.  
   early summer 1929

8. The depth of water table  
   since it is a spring, water table is surface

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater  
   natural flow
   wooden box curbing and trenches

10. The estimated amount of groundwater withdrawn each year  
    it never dries up

11. The log of formations encountered in the drilling of each well if available. This is a spring  
    not applicable

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.  
    it was developed by my deceased husband WILLIAM M. RUFCORN.

Signature of Owner:  
MARION K. RUFCORN

Date: Dec. 31, 1968

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology; and Quadruplicate for the Appropriator.

County of VALLEY

State of MONTANA

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based is for livestock and irrigating.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: October 1916, Continuous use since 1916.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: One half acre garden spot.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Well, pump SE of S, SE 1/4, Sec. 5, T.33 R.40 W.,

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Hand dig well Oct. 1916.

8. The depth of water table: 60 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Round curb with 3 ft. diameter.

10. The estimated amount of groundwater withdrawn each year: 20,000 gallons.

11. The log of formations encountered in the drilling of each well if available: Not available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this Act, including reference to book and page of any county record: Well dug by laborers hired by my deceased husband William M. Ruffcorn.

   Signature of Owner... Arthur KRAFT
   Date Dec 21, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropnator.
# Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. **Delbert E. Fauth**  
   (Name of Appropnator)  
   of North Star Route, Glasgow  
   (Address)  
   State of Montana  
   County of Valley  

   I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: **entering livestock, irrigate gardens, hayland, shelter belt.**

3. Date or approximate date of earliest beneficial use, and how continuous the use has been:  
   Irrigation: Every day. For livestock every day. For livestock, every 4 to 5 months each year.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 12 gal. per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:  
   By pump jack and jet pump, for Sec. 32, T. 33 N., R. 40.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:  
   By pump jack and jet pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:  
   One well 1912, the other well 1954.

8. The depth of water table: 10 Ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:  
   One well 12 in., steel casing, 62 ft. deep.
   Other well 6 in., steel casing, 55 ft. deep.

10. The estimated amount of groundwater withdrawn each year: 575,000 Gals.

11. The log of formations encountered in the drilling of each well if available: 
   **Not available.**

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 
   **None.**

   **Signature of Owner:** Delbert E. Fauth  
   Date December 2, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropnator.
Notice of Completion of Groundwater Appropriation by Means of Well

Developed after January 1, 1962

(Under Chapter 237 Montana Session Laws, 1961, as amended)

Owner: Albert Haush
Address: Glasgow, Montana

Driller: Albert Anderson
Address: Medicine Lake, Mont.

Date of Notice of appropriation of groundwater: Nov. 17, 67

Date well started: Nov. 17, 67

Date completed: Nov. 17, 67

Type of well: Drilled

Equipment used: Roto-drill, rotary or other

Water use: Domestic □ Municipal □ Stock □ Irrigation □ Industrial □ Drainage □ Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing wells 177 feet.

Shut-in Pressure for flowing well 0.

Pumping Water Level 67 feet at 20 gal. per minute.

Discharge in gal. per min. of flowing well 12.

How tested Barometric

Length of Test 1 day.

Remarks: (Gravel packing, cementing, packers, type of shutoff)

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
