Mr. Fred Beauchot Harlowton Montana 59036

Dear Mr. Beauchot:

This is in reference to the enclosed GW-1 form, Notice of Appropriation of Groundwater, that was filed in the Wheatland County Courthouse at Harlowton, Montana on July 5, 1972 (document number 76459).

The Notice of Appropriation of Groundwater form is simply a "notice" form, which is filed in advance of the commencing of the well construction. Upon well completion the GW-2 form, Notice of Completion of Groundwater Appropriation By Means of Well should be filed.

Enclosed is one set of the GW-2 form in order that you may file your ground-water right properly. Complete the form as accurately and completely as you can and take it to the County Clerk & Recorder for filing. Also enclosed is a pamphlet entitled, Appropriation & Regulation of Ground Water. Please pay special attention to the areas underlined in red, in the first three and one-half pages.

If we can be of further assistance, please feel free to contact us at any time.

Sincerely,

Ronald J. Guse Groundwater Fights Coordinator WATER RESOURCES DIVISION
