have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: household

3. Date or approximate date of earliest beneficial use and how continuous the use has been: approximately 1947

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 1 gal per min.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: August 1949

8. The depth of water table: 550 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 6 casing, 4 pipe, 650 ft

10. The estimated amount of groundwater withdrawn each year: 155,520

11. The log of formations encountered in the drilling of each well if available: sand and gravel

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none

Signature of Owner: Anthony Johnson

Date: July 26, 1963
