STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Thomas Lynn
   (Name of Appropnator)
   County of Wibaux
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based Stock use

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been July 1920. Used continuously

   4. The amount of groundwater claimed (in miner's inches or gallons per minute) 8 gallon's per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof Not used for irrigation

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Windmill

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater July 1920

   8. The depth of water table 170 feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater Drilled, 5 inch, 180 feet

   10. The estimated amount of groundwater withdrawn each year 150,000 gallons

   11. The log of formations encountered in the drilling of each well if available Not available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record None

   Signature of Owner Thomas Lynn
   Date Dec 28, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of
Notice of Completion of Groundwater Appropriation by Means of Well

I, Thomas Lynn,

of

Wibaux

County of Wibaux

State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

1. (Name of Appropriator) (Address) (Town)

2. The beneficial use on which the claim is based: SLOUGH USE

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: April 1953. Used continuously.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 75 gal. per minute

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof: Used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Windmill

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: April 1953

8. The depth of water table: 128 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Drilled, 4 inch, 125 feet

10. The estimated amount of groundwater withdrawn each year: 150,000 gallons

11. The log of formations encountered in the drilling of each well if available: Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: Thomas Lynn
Date: Dec 28, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

I, Donald R. Anderson, of Lewistown,
County of Fergus, State of Montana,
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use upon which the claim is based.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been.

Aug. 1969

4. The amount of groundwater claimed (in miner's inches or gallons per minute).

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

Aug. 1967

8. The depth of water table.

180 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

12 in. casing 240 feet deep.

10. The estimated amount of groundwater withdrawn each year.

89,000 gallons.

11. The log of formations encountered in the drilling of each well if available.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: Donald R. Anderson
Date: Dec. 31, 1967

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Approprietor.

Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner: Dave Vaillever  
Address: Vibank, Mont.

Driller: Ed B. Sikorski  
Address: Alameda, Mont.

Date of Notice of Appropriation of Groundwater: About Oct. 1, 1963

Date well started: Oct. 17, 1963  
Date completed: Oct. 24, 1963

Type of well: Bored  
Equipment Used: Rotary

(Dug, driven, bored or drilled)

Water Use: Domestic  
Municipal  
Stock  
Irrigation  
Industrial  
Drainage  
Other

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing Well: 29 feet

Shut-in Pressure for Flowing Well

Pumping Water Level: 34 feet at 8 gal. per minute

Discharge in gal. per min. of flowing well

How Tested: bailer  
Length of Test: 1 hr

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1962)

1. Councillor F. Bellows, of Wilsall, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Livestock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1948 Continuous use

4. The amount of groundwater claimed (in miner’s inches or gallons per minute): 8 gal per min

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: No irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Jet pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1948

8. The depth of water table: 50’

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 6 inch drill well 100’ deep

10. The estimated amount of groundwater withdrawn each year: 45,000 gal

11. The log of formations encountered in the drilling of each well if available: None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: Councillor F. Bellows
Date: Dec 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Maurice P. O'Connor & Henrietta O'Connor, 126 W. Broadway, Butte, Montana (6/7ths) of
County of Silver Bow, Montana (1/7th)

and Rose Parker,

County of Wibaux, Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use to which the claim is based is
   drinking water, watering livestock

2. The date or approximate date of earliest beneficial use, and how continuous the use has been
   approximately 1912, a use has been continuous since that time.

3. The amount of groundwater claimed (in miner's inches or gallons per minute) 10 gallons per minute.

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
   not used for irrigation

5. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   well-powered by a windmill & pump, well-located in SE 1/4 SE 1/2, Sec. 30,

7. The depth of water table
   10 feet below surface water is found.

8. The type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   well is 30 feet deep, circular in shape, 24 inches in diameter, and tile casing.

9. The estimated amount of groundwater withdrawn each year
   120,000 gallons

10. The log of formations encountered in the drilling of each well if available
   unknown; information not available

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
   none

Peter J. Morgan, of Wibaux

County of Wibaux State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Name of Appropriator (Address) (Town)

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been (A) Homestead, (B) 1948

4. The amount of groundwater claimed (in miner’s inches or gallons per minute) (A) 1 1/2 gal (B) 1 1/2 gal per min

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal. (A) Deep well, (B) shallow well

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater (A) early 1900s (B) 1948

8. The depth of water table (A) 28 ft (B) 790 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater. (A) 28 ft Unlined Drilling

10. The estimated amount of groundwater withdrawn each year 35,000 to 75,000 gal

11. The log of formations encountered in the drilling of each well if available (A) McKee

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record. no previous records

Signature of Owner Peter J. Morgan Date 6-6-63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well

(Under Chapter 237, Montana Session Laws, 1961)

Owner: Morgan, Peter J. Address: Libaux, Montana

Driller: Ed R. Sikorski Address: Alsen, Montana

Date of Notice of Appropriation of Groundwater: Fall, 1966

Date well started: May 19, 1964 Date completed: May 28, 1964

Type of well: bored Equipment Used: rotary

(Dug, driven, bored or drilled)

Type of well: bored Equipment Used: rotary

(Cham, drill, rotary or other)

Water Use: Domestic [ ] Municipal [ ] Other [ ] Irrigation [ ]

Industrial [ ] Drainage [ ] Stock [ ]

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well: 15 feet.

Shut-in Pressure for flowing well: 

Pumping Water Level: 24 feet at: 8 gal. per minute.

Discharge in gal. per min. of flowing well: 

How Tested: bailer Length of Test: 

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Gravel packed with 1280 lbs. pea sized washed gravel.

Show exact depth of bottom.

Driller's License Number

Driller's Signature

115

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.
## Declaration of Vested Groundwater Rights

(Under Chapter 237, Montana Session Laws, 1961)

1. **County of** Appraiser
   - **Address**
   - **State of Montana**
   - **Town**
   - **County**

   Indicate point of appropriation and place of use, if possible. Each small square represents 10 acres.

   - **Lobt. Eldeo Sr.**
   - **Date** 9-24-59
   - **T. 15 S. R. 59 E.**

2. The beneficial use on which the claim is based
   - **Stock**

3. Date or approximate date of earliest beneficial use, and how continuous the use has been
   - **1959** Continuous use

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   - **10 Gal.**

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof
   - **None**

6. To some of withdrawing such water from the ground and the location of each well or other means of withdrawal
   - **Pump Jack**

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   - **Commenced and completed in 1959**

8. The depth of the water table
   - **56 feet.**

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   - **Drilled 16 inch casing; casing: 57 feet deep.**

10. The estimated amount of groundwater withdrawn each year
    - **Unknown**

11. The log of formations encountered in the drilling of each well if available
    - **Unknown**

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
    - **None**

**Signature of Owner**

Lobt. Eldeo Sr.

**Date** 9-24-59

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder. Duplicate to the State Engineer. Duplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appraiser.
Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1900

Owner: Royt, Boise Sr. Address: Boise, Montana

Contractor (if any): Unknown

Address of Contractor: Unknown

Date Started: Unknown Date Completed: Unknown

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Dug out spring fed reservoir.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use, year around.

Signature of Owner: Royt, Boise Sr.

Date: Dec. 25, 1962

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to County Clerk and Recorder; duplicate to State Engineer; Triplicate to School of Mines and Quadruplicate for the Appropriate.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. JAMES W & HENRY C GANNON
   (Name of Appropriator)
   County of WIBAUX
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   STOCK WATER & SOME DOMESTIC USE

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   WELL #1 1927 WELL #2 1962 BOTH WELL CONTINUOUSLY

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 3 TO 4 GALLONS PER MINS

5. If used for irrigation, give the average and description of the lands to which water has been applied and name of the owner thereof NOT USED FOR IRRIGATION

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   WELL #1 WINDMILL & PUMP
   WELL #2 PUMP & MOTOR

7. The date of commencement and completion of the existence of the well, wells, or other works for withdrawal of groundwater
   WELL #1 1927
   WELL #2 1962

8. The depth of water table
   WELL #1 200 FEET WELL #2 120 FEET

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
   WELL #1 DRILLED 6 INCH CASING 180 FEET DEEP
   WELL #2 DRILLED 10 INCH CASING 130 FEET DEEP

10. The estimated amount of groundwater withdrawn each year 5000 TO 20000

11. The log of formations encountered in the drilling of each well if available CLAY AND COAL

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
   NONE KNOWN

   Signature of Owner
