Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater
Owner: John J. Dukart
Address: Winona, Montana
Contractor (if any): None
Address of Contractor
Date Started... Date Completed...

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable. Runs freely, depth unknown.

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use.

About 1,000 gallons a day
Used all the time.

Signature of Owner: John J. Dukart
Date: 12-27-63

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana
Bureau of Mines and Geology and quadruplicate for the Appropriator.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Dayton R. Jandro
(Name of Appropriator) of Wibaux
(Address) (Town)

County of Wibaux State of Montana

I have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: livestock and future irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1951.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 250 gallons per minute.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: At present used for livestock only.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Flowing well.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1961.

8. The depth of water table: 135 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Flowing.

10. The estimated amount of groundwater withdrawn each year: 200,000 gal used.

11. The log of formations encountered in the drilling of each well if available: None.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: This is a flowing well, the excess is spilling over into Beaver Creek, I intend to construct a dam not as to do away with the waste and will irrigate from dam.

Signature of Owner: Dayton Jandro
Date: 12/25/63

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Herbert Chudzinski
(Name of Appropriator)
Beach No. 1 Oak
(Address)

County of Wibaux,
State of Montana

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
   For livestock

3. Date or approximate date of earliest beneficial use; and how continuous the use has been:
   April 1952

4. The amount of groundwater claimed (in miner's inches or gallons per minute):
   7 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:
   Windmill

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater:
   April 1958

8. The depth of water table:
   29 ft

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   18 in. 42 ft depth

10. The estimated amount of groundwater withdrawn each year:
    180,000 gallons

11. The log of formations encountered in the drilling of each well if available:
    Not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record:
    None

Signature of Owner:

Date: 2-28-1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well

DEVELOPED AFTER JANUARY 1, 1962

UNDER CHAPTER 237, MONTANA SESSION LAWS, 1961

Owner: S. L. Scaman
Address: Willoughby
Driller: N. O. Nelson
Address: Willoughby

Date of Notice of appropriation of groundwater: 22 March 1962
Date well started: 16 March 1962
Type of well: Bored
Equipment used: (Brown drill, rotary or other)
Water use: Domestic □, Municipal □, Stock □, Irrigation □, Industrial □, Drainage □, Other □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which the water rises in the well.

Static Water Level for non-flowing well
Shut-in Pressure for Flowing Well
Pumping Water Level
Discharge in gal. per min. of flowing well

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

SHOW EXACT DEPTH OF BOTTOM.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
