Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Earl C. Bailey
of 1314 Avenue E
Billings, Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based: Irrigation

2. Date or approximate date of earliest beneficial use: May to September

3. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 to 4 gallons

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of owner thereof: Lot 160 by 50

5. The means of withdrawing such water from the ground and the log of each well or pump used in the amount of water (one well): withdrawal through gravel point - 1 1/2 horse power pump - 1 1/2 in. pipe - reduced to 1/2 in. at outlet

6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: April 1961

7. The depth of water table: 36 inches

8. So far as may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Gumbo and gravel...gravel encountered at 17 ft. level

9. The estimated amount of groundwater withdrawn each year: 3000 to 5000 gallons

10. Such other information of a similar nature as may be useful in carrying out the policy of this act including reference to book and page of any county record: None...except that this well was drilled to supplement the water supply which was inadequate at the time.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater.

   8. The depth of water table.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater.

   10. The estimated amount of groundwater withdrawn each year.

   11. The geologic formations encountered in the drilling of each well if available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.
