Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Joe Smith
Address: West Billings
Driller: Roy D. Pierce
Address: Billings, Mont.

Date of Notice of Appropriation of Groundwater: 8/29/66
Date Completed: 8/29/66

Type of well: Drilled
Equipment Used: Churn
(dug, driven, bored or drilled)
Water Use: Domestic [] Municipal [] Other [] Irrigation []
Industrial [] Drainage [] Stock []

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well 18 ft. above Surface. Foot
Shut-in Pressure for Flowing Well:
Pumping Water Level 30 feet at 2.6 g.p.m.
Discharge in gal. per min. of flowing well:
How Tested: BAILEY Length of Test 11 ft.
Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation.)

Driller's License Number
Roy D. Pierce

(Under Chapter 237, Montana Session Laws, 1961)

1. Name of Appropriate: __________________________
   Address: _______________________________________
   (Name of Appropriator)
   (Address)

2. The beneficial use on which the claim is based
   ____________________________

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
   ____________________________

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
   ____________________________

5. If used for irrigation, give the acreage and description of the lands to which water has been
   applied and name of the owner thereof
   _______________________________________

6. The means of withdrawing such water from the ground and the location of each well or other
   means of withdrawal
   ____________________________

7. The date of commencement and completion of the construction of the well, wells,
   or other works for withdrawal of groundwater
   ____________________________

8. The depth of water table
   ____________________________

9. So far as it may be available, the type, size and depth of each well or the general
   specifications of any other works for the withdrawal of groundwater
   ____________________________

10. The estimated amount of groundwater withdrawn each year
    ____________________________

11. The log of formations encountered in the drilling of each well if available
    ____________________________

12. Such other information of a similar nature as may be useful in carrying out the
    policy of this act, including reference to book and page of any county records

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: June 1966
Owner: John B. Edwards, Address: RFD 1, Bozeman
Contractor (if any): B. P.
Address of Contractor: NA
Date Started: May 1966, Date Completed: June 1966

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable: Natural Flow, will fill 10" pipe, year round.

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use: Year round.

Indicate point of appropriation and place of use, if possible.

Signature of Owner: John B. Edwards, Date: April 8, 1971

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1892
Owner: Dave & Lydia Melhams
Address: Rt. 1 Box 167, Billings, Mont. 59101
Contractor (if any): None
Address of Contractor:
Date Started: Date Completed:

Describe means of obtaining groundwater without a well "as by
sub-irrigation and other natural processes". Include depth to
water when applicable.

Spring which runs year round, Known as Holomlolo Spring
Takes in part of 3 Sections, listed above.

Quantity of water developed and used with explanation of method
used to measure or estimate such amount. If use is intermittent
estimate approximate lengths of periods of use Year-around.

Stock Water - A Irrigation

FILE 936855
DATE June 14, 1973
TIME 2:18 p.m.

Signature of Owner: Dave Melhams
Date 6-14-73

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the
works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana
Bureau of Mines and Geology and Quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: David Neithauer  Address: Rte 1
Driller: Bryant  Address: 2613 Copper Blu

Date of Notice of Appropriation of Groundwater: July
Date well started: July
Date completed: July

Type of well: Driven
Equipment Used: (Core, driven, bored or drills)

Water Use: Domestic  Municipal  Other  Irrigation
Industrial  Drainage  Stock

Indicate on the diagram the characteristic and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Pumping Water Level: 12 feet at 42 gal. per minute.
Discharge in gal. per min. of flowing well: pumped
How Tested: Length of Test:
Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation) Lown.

Indicate location of well and place of use, if possible. Each small square represents 10 acres.

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
DECLARATION of VESTED GROUNDWATER RIGHTS
(Under Chapter 237, Montana Session Laws, 1961)

1. Henry Blank, of Big Horn, Billing
   (Name of Appropriator)
   (Address)

County of [blank] — State of Montana
have appropriated groundwater according to the Montana laws in effect prior to
January 1, 1962, as follows:

2. The beneficial use on which the claim is based

3. Date or approximate date of earliest beneficial use; and how continuous the use has been

4. The amount of groundwater claimed (in miner's inches or gallons per minute)

5. If used for irrigation, give the acreage and description of the lands to which water has been
   applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater

8. The depth of water table

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater

10. The estimated amount of groundwater withdrawn each year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner
Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.
Please answer all questions. If not applicable, so state, otherwise the form will be returned.
Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the State Bureau of Mines and Geology, and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 21, Montana Session Laws, 1965)

1. 
   (Name of Appropriator) of (Address) in (Town), (County of) State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: household, damage by water.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: October 1953, steady.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 328,500 gallons per year or 15 gallons per minute.

5. If used for irrigation, give the area and description of the lands to which water has been applied and name of the owner thereof.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: .

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: October 1953.

8. The depth of water table: winter 6 feet, summer 2 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 20 feet deep.

10. The estimated amount of groundwater withdrawn each year: 328,500 gallons.

11. The log of formations encountered in the drilling of each well if available: .

Dear Sir:

I am writing to report our progress as of this date, and the

Log of Well

December 31, 1958

Billings, Montana

Office of County Clerk and Recorder

County of Yellowstone

CHAS. ARNOLD

Chief and Recorder

APPROVED M/R.

STATE ENGINEER

1058
December 31, 1958

State Engineer
Helena, Montana

Dear Sir:

I am writing regarding a Water Well Log that we mailed you on the 30th day of December. It is the one of Mr. Fox and the description is incorrect. It reads S1/2, S1/2 Lot 3, Sec. 31, Township 1 North, Range 22 East. It should read as follows:
S1/2, S1/2 Lot 3, Sec. 31, 1 South Range 22 East.
We have made the correction on our copy.

CHRIS RUBICH
County Clerk and Recorder

[Handwritten signature]
Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: [Name]
Address: [Address]

Driller: [Name]
Address: [Address]

Date well started: [Date]
Date completed: [Date]

Type of well: [Type]
Equipment used: [Equipment]

Water Use: [Use]

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Remarks: [Remarks]

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.
