Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: Dec 26, 1963
Owner: Dan Finley, Address: Rt. Billing MT
Contractor (if any):
Address of Contractor:
Date Started: 
Date Completed: 
Describe means of obtaining groundwater without a well “as by sub-irrigation and other natural processes”. Include depth to water when applicable.

Spring, running out of dell

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Runs about 1500 gallons/day

Signature of Owner: Dan Finley, Date: Dec 26, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
STATE OF MONTANA,
County of Yellowstone

This bond is
in the
DEC 30 1968

By A. C. Deputy
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Hubert E. Woodard, of P. O. Box 660, Billings
   (Name of Appropriator) (Address) (Town)
   County of Yellowstone State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based
      Household and Stock Water

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been
      1950
      Continuous

   4. The amount of groundwater claimed (in minor's inches or gallons per minute)
      12 Gallons Per Minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
      Not used for irrigation

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
      Ordinary Pump

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
      Not Available

   8. The depth of water table
      Not Available

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
      215 feet deep, 15 feet of water sand, 6 inch XX casing

   10. The estimated amount of groundwater withdrawn each year
      438,000 gallons

   11. The log of formations encountered in the drilling of each well if available
      Not Available

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
      None

   Signature of Owner: Hubert E. Woodard
   Date: June 13, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state; otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater (used for stock water since 1916 and an indeterminate period before):
Owner: Margaret J. Johnson
Address: 530 Avenue D
& Harriet J. Josephson
Billing, Montana

Contractor (if any): Kenneth Finley
Address of Contractor: Johnson Lane, Billings, Montana

Date Started: 1962  Date Completed: Summer 1963

Describe means of obtaining groundwater without a well as by sub-irrigation and other natural processes. Include depth to water when applicable, dug out spring and carries water by pipe to water tanks; spring fixed so cattle cannot walk over outlet. (Collecting tank installed & flow into underground works that prevents freezing)

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use. Improvised

from small flow to 1200-1300 gallons per day. Year-round cattle & stock watering. Cattle presently taken out during wheat and grain season.

Signature of Owner
Date: December 28, 1963

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Josephson

1. Margaret J. Track & Harriet J., of 530 Avenue D, Billings, Montana
   (Name of Appropriator) (Address) (Town)

   County of Yellowstone, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based is stock water.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been from 1916 and an indeterminate period.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute) 1200-1300 per day—recently improved—(notice of completion also filed)

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater used since before 1916 but improved partially in 1963 and completed summer 1963.

   8. The depth of water table unknown.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater—spring dug out; drawn by perforated pipe into collecting box, or drawn down into underground water line.

   10. The estimated amount of groundwater withdrawn each year is 400,000 gallons.

   11. The log of formations encountered in the drilling of each well if available.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

   Signature of Owner

   Date December 28, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation Without Well

Static Water Level for non-flowing well: 2 feet.
Shut-in Pressure for flowing well: 3 feet.
Pumping Water Level: 3 feet at 3 gal. per minute.
Discharge in gal. per min. of flowing well: 3 gal.

How Tested: 
Length of Test: 3 hours.
Remarks: (Gravel packing, cementing, packers, type of shutoff, etc.)

Indicate location of well and place of use, if possible. Each small square represents 40 acres.

USE—If used for irrigation, industrial, drainage or other. Explain, state number of acres and location or other data (e.g., Lot, Block and Addition).

Indicate depth of bottom: 30 feet.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located, tissue copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1963)

1. [Name of Appropriator] (Address) of [Town], County of [County], State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: 

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 

8. The depth of water table: 

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 

10. The estimated amount of groundwater withdrawn each year: 

11. The log of formations encountered in the drilling of each well if available: 

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

Signature of Owner: [Signature]
Date: [Date]

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. H.T. Richardson of R1, (Name of Appropriator) (Address) (Town)
County of Yellowstone, State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Irrigation well and field watering.
3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1936, continuous use.
4. The amount of groundwater claimed (in miner's inches or gallons per minute): Twenty gallons per minute.
5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof.
6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Lift, electric motor.
7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Aug. 1936.
8. The depth of water table: 6 feet.
9. So far as may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 10-inch casing, 6 feet deep.
10. The estimated amount of groundwater withdrawn each year: 20,000 gallons.
11. The log of formations encountered in the drilling of each well if available: See chart.
12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record.

Signature of Owner: H.T. Richardson
Date: Dec. 13, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quaduplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Date of Notice of Appropriation of Groundwater
- Date well started
- Date Completed

Type of Well: Drilled
Equipment Used: Drilling tool

Water Use: Domestic

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well... feet.
Shut-in Pressure for Flowing Well...
Pumping Water Level...
Discharge in gal. per min. of flowing well...

How Tested: Drilling
Length of Test...
Remarks: Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation.)

Show exact depth of bottom.

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriate.
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. B. E. Notting, P. O. Box 935, Loupsel, Montana.
   County of Yellowstone

2. The beneficial use on which the claim is based: Livestock purposes only.

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: Continuous since 1952.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): One gallon per minute.

5. If used for irrigation, give the reasons and description of the land to which water has been applied and name of the owner thereof: No irrigation use.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric pump located in SE 1/4 of section 25.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Well hand dug in 1952 and electric pump installed.

8. The depth of water table: Approximately five feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Well hand dug about seven or eight feet deep and cased with 36" tile.

10. The estimated amount of groundwater withdrawn each year: Approximately 260,000 gallon.

11. The log of formations encountered in the drilling of each well if available: Gravel only.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: No records.

Signature of Owner: B. E. Notting
Date: June 25, 1962

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

B. E. Nutting (Name of Appropriator)
of Box 935 Laurel (Address) (Town)
County of Yellowstone State of Montana have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. Household and yard watering purposes
2. Date or approximate date of earliest beneficial use; and how continuous the use has been Continuous since before 1900
3. The amount of groundwater claimed (in miner's inches or gallons per minute) Approximately ten gallons per hour
4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof Yard surrounding house, amounting to approximately 10,000 square feet.
5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal Electric pump, located at house
6. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Well installed prior to nineteen hundred and forty-five (1945) at which time electric pump was installed.
7. The estimated amount of groundwater withdrawn each year: Would estimate about eighty-six thousand four hundred (86,400) gallon per year
8. The log of formations encountered in the drilling of each well if available Nothing available
9. Other information of a similar nature as may be useful in carrying out the policy of this act, including records of any kind to my knowledge.

Signature of Owner: B. E. Nutting
Date: Jan 25, 1968

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.
