As the Administrator of the Groundwater Code for the State of Montana, please take note of the following special instructions, in order to properly protect your groundwater right.

**Special Instructions:**

Please provide, as indicated in red on the attached form, the year that the well construction was started and completed.

Thank you.

Year started 1972 finished 1972
Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: __________________________ Address: __________________________
Driller: __________________________ Address: __________________________
Date of Notice of Appropriation of Groundwater: ______________
Date well started: ______________ Date Completed: ______________
Type of well: __________________________ Equipment Used: __________________________
(dug, driven, bored or drilled)
Water Use: Domestic □ Municipal □ Other □ Irrigation □
Industrial □ Drainage □ Stock □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 21, Montana Session Laws, 1965)

1. Ellis R. Horton, of Choteau, Montana
   (Name of Appropriator) (Town)
   County of Yellowstone, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1963, as follows:

2. The beneficial use on which the claim is based: Stock Water & Domestic Use

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1907 Constant use

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 80 gal.

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: None

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pump & Pressure Tank

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: April 1907

8. The depth of water table: 21 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Six inch casing 28 ft. deep

10. The estimated amount of groundwater withdrawn each year: 100,000

11. The log of formations encountered in the drilling of each well if available: None

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Signature of Owner: Ellis R. Horton
Date: Nov 31, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 21, Montana Session Laws, 1965)

1. Jerry Ravel of Gallatin, Montana
   (Name of Appropriator) (Address) (Town)
   County of Yellowtail State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: stock water and dambing water.

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Jan 1, 1928 and
      have been continuous since then.

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 1000 gallons per minute.

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: none.

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: ground.

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1928.

   8. The depth of water table: 20 feet.

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: well was drilled and cased to a depth of 24 feet with 6 inch casing.

   10. The estimated amount of groundwater withdrawn each year: 400,000 gallons.

   11. The log of formations encountered in the drilling of each well if available: unknown.

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: unknown.

   Signature of Owner: Jerry Ravel
   Date: Dec 31, 1965

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater 1960

Owner: Robert B. Fraser Jr Address 108 Clark Ave

Contractor (if any)

Address of Contractor

Date Started Intermittent Date Completed

Describe means of obtaining groundwater without a well, "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Developed spring & ditch water

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

All year - variable flow

Signature of Owner Robert Fraser

Date 12/31/40

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriate.

Remarks: (Gravel packing, cementing, packers, type of shut-off, depth of shut-off)
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Date: Dec 30, 1963

1. Montana Agricultural Experiment Station

2. Huntley Branch Station, of Huntley

3. County of Yellowstone, State of Montana

4. Montana Agricultural Experiment Station

5. Northern Pacific Railroad

6. The beneficial use on which the claim is based: Stock

7. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1952, continuous

8. The amount of groundwater claimed (in miner's inches or gallons per minute): 50 gpm

9. If used for irrigation, give the acreage and description of the land to which water has been applied and name of the owner thereof: None

10. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1951

11. The depth of water table: 10-15 feet

12. The estimated amount of groundwater withdrawn each year: 5,000 gal

13. The log of formations encountered in the drilling of each well if available: Not known

14. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

Montana Agricultural Experiment Station
Signature of Owner: J. A. Atkinson, Director
Date: Dec 30, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

Montana Agricultural Experiment Station

1. Name of Appropriator: Montana Agricultural Experiment Station
   Address: Huntley Branch Station
   Town: Montana

2. The beneficial use on which the claim is based: Domestic, limited irrigation.

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: Since 1910, continuous.

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 100 gpm

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Station grounds 2 to 3 acres.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Main Station well, by pump.

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1910, building well house constructed around 1930.

8. The depth of water table: 15-25 feet.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Well, 12", 60-50 feet deep.

10. The estimated amount of groundwater withdrawn each year: 400,000 gal

11. The log of formations encountered in the drilling of each well if available: Not known.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None.

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Elmer J. Oehlers, of Hamilton, Mont., and County of Yellowstone, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Domestic

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: 1912

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 15 gal per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: 

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Electric submersible pump, located in basement of garage

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1912

8. The depth of water table: Surface water 35 ft, this well 110 ft.

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 

10. The estimated amount of groundwater withdrawn each year: 30 gal per day, 10,800 gal per year

11. The log of formations encountered in the drilling of each well, if available: Ground, 75 ft. of blue shale to 10 ft., then gravel 10 ft.

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: 

Signature of Owner: Elmer J. Oehlers
Date: Jan. 31, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; Duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology, and Quadruplicate for the Appropriators.
