STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
MONTANA WATER RESOURCES BOARD

NOTICE OF COMPLETION OF GROUNDWATER
APPROPRIATION BY MEANS OF WELL

Developed after January 1, 1948
(Under Chapter 237 Montana Session Laws, 1961, as amended)

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located. Last copy to be retained by driller.

Please answer all questions. If not applicable, so state, otherwise the form may be returned.

Owner:  muslim
Address: Warden, MONT.
File: 937640

Date well started: 6/14/69
Completed: 6/14/69

Type of well: Sprayed

Equipment used: (Chains, drills, etc.)

Water Use: Domestic [Stock □ Municipal [Irrigation □
Industrial □ Drainage □ Other □ Garden/Lawn □

*Describe

USE: If used for irrigation, industrial, drainage or other, explain, state number of acres and location or other data (i.e. Lot, Block and Addition).

ESTIMATED ANNUAL WITHDRAWAL: 400,000 gal

ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. DAVID A. BEI, of CUSTER, MONT
(Name of Appropriator) (Address) (Town)
County of YELLOWSTONE State of MONTANA
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: CATTLE

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1956

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: NO

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: ELECTRIC MOTOR

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1956

8. The depth of water table: 250 FEET

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:
   DRILLED WOODEN Casing 275 FT
   DEPTH 320 FEET 2 INCH PIPE WOOD ROD
   CYLINDER 1 1/2

10. The estimated amount of groundwater withdrawn each year: 1,576, 800

11. The log of formations encountered in the drilling of each well if available: NO

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: NO

Signature of Owner: DAVID ABE
Date: DEC 19, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.
**Notice of Completion of Groundwater Appropriation Without Well**

(Under Chapter 237 Montana Session Laws, 1961)

**Date of Appropriation of Groundwater**: Oct. 1963

**Owner**: [Name]

**Address**: [Address]

**Contractor**: [Name]

**Address of Contractor**: [Address]

**Date Started**

**Date Completed**

Describe means of obtaining groundwater without a well as by sub-irrigation and other natural processes. Include depth to water when applicable.

Underground Storage

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

[Signature]

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. Roselle Tempere, of Montana, Worden
   County of Yellowstone, State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Stock Water

   3. Date or approximate date of earliest beneficial use and how continuous the use has been: 1959 to March 1 heat period

   4. The amount of groundwater claimed (in inches or gallons per minute): 5 gallons per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: X

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: pumps, wells

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1/29/59

   8. The depth of water table: Approximately 20 feet

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 6-inch diameter

   10. The estimated amount of groundwater withdrawn each year: 30,000

   11. The log of formations encountered in the drilling of each well if available: Exact depth of formations not known, but likely stable bedrock

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: None

   Signature of Owner: Roselle Tempere
   Date: December 24, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: Z. J. Dixon
Address: Wordan, Montana

Driller: Chris Hadland
Address: Butte, Montana

Date of Notice of Appropriation of Groundwater:

Date well started: Sept. 4, 1965
Date completed: Sept. 17, 1965

Type of well: Drilled
Equipment Used: Spudder
(dug, driven, bored or drilled)

Water Use: Domestic ☐ Municipal ☐ Other ☐ Irrigation ☐
Industrial ☐ Drainage ☐ Stock ☒

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

### Diagram

- **Shale & sandy shale at 15 ft.**
- **Grey sandy sandstone at 270 ft.**

### Table

| Depth (ft) | Soil | Shale | Water

### Details

- **Water Level for non-flowing well:** 195 ft.
- **Shut-in Pressure for flowing well:**
- **Pumping Water Level:** 285 ft.
- **Discharge in gal. per min. of flowing well:** 5 gal.

### Remarks:

- Gravel packing, cementing, packers, type of system, location of place of use of groundwater if not at well, and any other pertinent information, including number of acres irrigated, if used for irrigation.

### Diagram Notes:

- **Concrete platform and concrete -3 ft. down at top of casing.**

---

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: October 31, 1966

Owner: T. W. Diker
Address: Buffalo, Wyoming

Contractor (if any): None
Address of Contractor: None

Date Started: [Day, Month, Year]
Date Completed: [Day, Month, Year]

Describe means of obtaining groundwater without a well, as by sub-irrigation and other natural processes. Include depth to water when applicable.

- No. casing, pipe or supply tank, used for household purposes and other domestic purposes.
- Watering livestock

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent, estimate approximate lengths of periods of use.

Use approximately 3,000,000 gallons per year

Signed of Owner: [Signature]
Date: [Day, Month, Year]

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. David Abel of Custer, Mont.
   (Name of Appropriator) (Address) (Town)

   County of Yellowstone, State of Montana, have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: LIVESTOCK

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1961 DAILY

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 10

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: NO ACRES

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: WINDMILL AND GASOLINE MOTOR

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1961

   8. The depth of water table: 50 FEET

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater:

   8 INCH CASING 120 FEET DEPTH
   8 INCH STEEL PIPE 120 FEET DEPTH
   8 INCH CYLINDER

   10. The estimated amount of groundwater withdrawn each year: 5,276,000 GALL.

   11. The log of formations encountered in the drilling of each well if available: NO

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: NO

   Signature of Owner: David Abel
   Date: Dec 19, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and quadruplicate for the Appropriator.

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

1. William E. Steele, of 2020 Augusta Lane, Billings (Name of Appropriator) (Address)
   County of Yellowstone, State of Montana have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: Stockwater

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: 1947—continuous

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): 12 gallons per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: Not used

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Lift pump with windmill

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: 1947

   8. The depth of water table: Unknown

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 165 feet deep, 6-inch hole

   10. The estimated amount of groundwater withdrawn each year: 1,036,800 gal

   11. The log of formations encountered in the drilling of each well if available: Unknown

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: Unknown

   Signature of Owner: William E. Steele
   Date: Dec 26, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropriator.
Declaration of Vested Groundwater Rights
(Under Chapter 21, Montana Session Laws, 1965)

1. (Name of Appropriator) (Address) (Town)
County of Yellowstone State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based
Stockwater and for wildlife

3. Date or approximate date of earliest beneficial use; and how continuous the use has been
8/20 with continuous use to present date

4. The amount of groundwater claimed (in miner's inches or gallons per minute)
3 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
Not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
3 FP Pump and pumpjack

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
Date of commencement 8/20, date of completion 8/20

8. The depth of water table
Unknown

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
Depth: 150 feet
Casing Size: 6
Type: Stock and wildlife water well

10. The estimated amount of groundwater withdrawn each year
100,000 gallons per year

11. The log of formations encountered in the drilling of each well if available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
None

Notice of Completion of Groundwater Appropriation by Means of Well
(Under Chapter 237, Montana Session Laws, 1961)

Owner: W.E. Steele
Address: Glitter, Montana

Driller: Chris Hadland
Address: Glitter, Montana

Date of Notice of Appropriation of Groundwater: April 1, 1964
Date well started: April 1, 1964
Date completed: April 12, 1964

Type of well: Drilled
Equipment Used: Sanddrill
(Churn, drill, rotary or other)

Water Use: Domestic □ Municipal □ Other □ Irrigation □
Industrial □ Drainage □ Stock □

Indicate on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc. Show depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

Static Water Level for non-flowing Well... 215 feet.
Shut-in Pressure for Flowing Well...

Pumping Water Level... 360 feet at... 5 gal. per minute.

Discharge in gal. per min. of flowing well...

How Tested: Time Balling Length of Test... 30 min.

Remarks: (Gravel packing, cementing, packers, type of shutoff, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation)

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.

Driller's License Number

Driller's Signature

This form to be prepared by driller, and three copies to be filed by the owner with the County Clerk and Recorder in the county in which the well is located.

Please answer all questions. If not applicable, state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the Montana Bureau of Mines and Geology and quadruplicate for the Appropriator.
Notice of Completion of Groundwater Appropriation by Means of Well
(U. S. Code, 1961, Chapter 237, Montana Session Laws, 1961)

Banded sandstone & clay

Gravel

Shale

---

Owner: W. S. Stele
Address: Joliet, Montana
Driller: Chris Holland
Address: Guster, Montana

Date of Notice of Appropriation of Groundwater:

Date well started: Oct. 12, 1965
Date Completed: Oct. 22, 1965

Type of well: Drilled
Equipment Used: Spuddler

Water Use:
Domestic
Municipal
Other
Irrigation

---

"S" indicates on the diagram the character and thickness of the different strata met with in drilling, such as soil, clay, shale, gravel, rock or sand, etc.

Depth at which water is encountered, thickness and character of water-bearing strata and height to which water rises in the well.

---

Static Water Level for non-flowing Well: 15 feet
Shut-in Pressure for flowing Well
Pumping Water Level: 170 feet at 4 gal. per minute.
Discharge in gal. per min. of flowing well

---

Remarks: (Gravel packing, cementing, packers, type of shaft, location of place of use of groundwater if not at well, and any other similar pertinent information, including number of acres irrigated, if used for irrigation):
