STATE OF MONTANA

ADMINISTRATOR OF GROUNDWATER CODE

OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 21, Montana Session Laws, 1965)

1. **William K. Wilson**, of **Custer**, County of **Yellowstone**, State of **Montana**

   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based: **spring water for livestock use**

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been: **unknown**

   4. The amount of groundwater claimed (in miner's inches or gallons per minute): **3 gallons per minute**

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: **natural flow from ground**

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: **unknown**

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: **unknown**

   8. The depth of water table: **surface of the ground by natural flow**

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: **spring**

   10. The estimated amount of groundwater withdrawn each year: **one million per year (gallons)**

   11. The log of formations encountered in the drilling of each well if available: **not available**

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: **unknown**

   Signature of Owner: **L. E. L. C. L. L. L.**

   Date: **December 27, 1965**

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the School of Mines and Quadruplicate for the Appropriator.

Notice of Completion of Groundwater Appropriation
Without Well
(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 

G. W. & Alva J. Love
Owner

Cy Roberts
Contractor (if any)

Address of Contractor
Roundup, Mont.

Date Started: Sept. 8, 1970
Date Completed: Nov. 20, 1972

Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable.

Light spring development with dragline
For water tank for stock water

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

Year around use for livestock

Indicate point of appropriation and place of use, if possible.

COUNTY RECORDER

Frances L. Dawson
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

[Name of Appropriator] [Address] [Town]
[County of] [State of]

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

1. The beneficial use on which the claim is based

2. Date or approximate date of earliest beneficial use; and how continuous the use has been
   1950

3. The amount of groundwater claimed (in miner's inches or gallons per minute) 3 gallons per minute

4. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof

5. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
   Windmill

6. The depth of water table
   Well is 265 feet deep

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
   1950

8. The depth of water table

9. The estimated amount of groundwater withdrawn each year

10. The log of formations encountered in the drilling of each well if available

11. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record

Signature of Owner

Date

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1961)

STATE ENGINEER

1. Speed V. Maas, of 1201 8th Ave. Groundup,
   (Name of Appropriator) (Address) (Town)
   County of Musselshell, State of Montana,
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

   2. The beneficial use on which the claim is based
      Stock Water

   3. Date or approximate date of earliest beneficial use; and how continuous the use has been
      Developed spring into well
      Of terms watered free in the early days

   4. The amount of groundwater claimed (in miner's inches or gallons per minute)
      8 gallons per minute

   5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof
      More

   6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal
      Windmill

   7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater
      Made a well out spring in 1940

   8. The depth of water table
      Well is 10 feet deep

   9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater
      14 pipes and windmill

   10. The estimated amount of groundwater withdrawn each year
      Whatever is needed for stock when pastured at time need

   11. The log of formations encountered in the drilling of each well if available
      Chalk sand stone

   12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record
      I do not have

Signature of Owner: Speed V. Maas
Date: Aug. 14, 1963

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; Triplicate to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

COUNTY RECORDER

Francis J. Dawson
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 21, Montana Session Laws, 1965)

1. William N. Wilson
   (Name of Appropriator)
   (Address)
   County of Yellowstone
   State of Montana
   have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: livestock water

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: unknown, but continuously used 12 months of the year

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 5 gallons per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: not used for irrigation

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: electric water pump

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: unknown

8. The depth of water table: 60 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 21-inch cylinder, 210 feet deep, driven by electric motor and pump jack

10. The estimated amount of groundwater withdrawn each year: one million gallons

11. The log of formations encountered in the drilling of each well if available: not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none

Signature of Owner: William N. Wilson
Date: December 21, 1965

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located. Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropriator.

1. J. B. Peterson Company of Helena, Montana
   (Name of Appropriator)
   (Address)
   (Town)
   (County of Extraction)
   (State of Montana)

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: Livestock ____________ Water well ____________
   ____________

3. Date or approximate date of earliest beneficial use, and how continuous the use has been: Seed approximately six months of every year since 1945 (exact date unknown as land was purchased at time land was purchased)

4. The amount of groundwater claimed (in miner's inches or gallons per minute): 3 gals per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: ____________

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: Pump and electric motor ____________

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: probably 1945 ____________

8. The depth of water table: 60 feet ____________

9. So far as it may be available, the type, size, and depth of each well or the general specifications of any other works for the withdrawal of groundwater: Well drilled 126 ft. with 6 ft. casing, 96 ft. of 1\(\frac{1}{4}\) pipe with 3/8 rod, 18 in. brass cylinder

10. The estimated amount of groundwater withdrawn each year: 275,000 gals

11. The log of formations encountered in the drilling of each well: none available ____________

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: none ____________

Signature of Owner: ____________

Date: December 14, 1965 ____________

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state. Otherwise the form will be returned.

Notice of Completion of Groundwater Appropriation Without Well

(Under Chapter 237 Montana Session Laws, 1961)

Date of Appropriation of Groundwater: 1917
Owner: Hazel Houg
Address: Melstone, Mont.
Contractor (if any) Address of Contractor
Date Started Date Completed
Describe means of obtaining groundwater without a well "as by sub-irrigation and other natural processes". Include depth to water when applicable. Natural Flow From 1' to 5' Deep

Quantity of water developed and used with explanation of method used to measure or estimate such amount. If use is intermittent estimate approximate lengths of periods of use.

3 gal. per min. Continuous Use Livestock

Signature of Owner: Hazel Houg
Date: Jan 2, 1964

This form to be prepared by contractor (if any), otherwise by the owner.

Three copies of this notice are to be filed with the County Clerk and Recorder of the county in which the works are located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; TriPLICATE to the Montana Bureau of Mines and Geology and Quadruplicate for the Appropriator.

have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: **Stock water**

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: **May 8, 1946, and used continuously since**

4. The amount of groundwater claimed (in miner's inches or gallons per minute): **Supply unlimited**

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof:

   **1/4 Sec. 6, T.7N. R.32 W.**

   Indicate point of appropriation and place of use, if possible.

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal:

   **Jet pump and pressure system with water fountain**

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: **Date started unknown. Date finished was May 8, 1946. Had windmill on well until 1956 then installed pressure system.**

8. The depth of water table: **Hit water at 62 feet, and water level 30 ft. from surface.**

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: **Drilled with a 6 3/4 inch bit. Drilled 113 ft. Cased with 6 inch cal. casing.**

10. The estimated amount of groundwater withdrawn each year: **About 1,580,000 gals.**

11. The log of formations encountered in the drilling of each well if available: **0'-2' top soil, 2'-11' yellow sand, 11'-26' brownish sand, 26'-54' gray shale, 54'-62' coal, 62'-72' white sand rock, 72'-96' sandy shale, 96'-101' gray shale, 101'-104' coal, 104'-113' dark shale.**

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: **None**

Three copies to be filed by the owner with the County Clerk and Recorder of the county in which the well is located.

Please answer all questions. If not applicable, so state, otherwise the form will be returned.

Original to the County Clerk and Recorder; duplicate to the State Engineer; triplicate to the School of Mines and Quadruplicate for the Appropriator.
STATE OF MONTANA, County of Yellowstone.

This instrument was filed in my office the 26th day of June, 1939, at 3 o'clock p.m.

Edmon S. Rodding,
County Clerk & Recorder

By: Deputy
STATE OF MONTANA
ADMINISTRATOR OF GROUNDWATER CODE
OFFICE OF STATE ENGINEER

Declaration of Vested Groundwater Rights
(Under Chapter 237, Montana Session Laws, 1962)

1. Horace O. White, of Box 35, Custer

County of Yellowstone, State of Montana
have appropriated groundwater according to the Montana laws in effect prior to January 1, 1962, as follows:

2. The beneficial use on which the claim is based: livestock water

3. Date or approximate date of earliest beneficial use; and how continuous the use has been: October 1, 1949 and has been used continuously since.

4. The amount of groundwater claimed (in miner's inches or gallons per minute) 150 gal. per minute

5. If used for irrigation, give the acreage and description of the lands to which water has been applied and name of the owner thereof: not applicable

6. The means of withdrawing such water from the ground and the location of each well or other means of withdrawal: 3" cylinder, well, windmill, pump, engine

7. The date of commencement and completion of the construction of the well, wells, or other works for withdrawal of groundwater: Oct. 1949 and completed in Oct. 1949

8. The depth of water table: 70 feet

9. So far as it may be available, the type, size and depth of each well or the general specifications of any other works for the withdrawal of groundwater: 30 feet deep; iron pipe; 3" cylinder; windmill; gasoline pump engine

10. The estimated amount of groundwater withdrawn each year: 7,872,000 gallons

11. The log of formations encountered in the drilling of each well if available: not available

12. Such other information of a similar nature as may be useful in carrying out the policy of this act, including reference to book and page of any county record: not applicable

Signature of Owner: Horace O. White
Date: Dec. 30, 1963
